Professional Council Meeting
3/14/2014

In Attendance: Tom Avery, Chad Beanblossom, Teresa Price, Burt Cole, Patti Hicks, Dennis Hicks, and Carrie Reisner

Tom Avery opened the meeting with an announcement that Chancellor Cruz-Uribe would not be in attendance as expected. He provided a brief summary of the DOT exercise that Chancellor Cruz-Uribe has conducted with several other departments on campus.

Chief Burt Cole was in attendance to provide the council with information about “active shooter” policies and procedures. He discussed the “Run, Hide, Fight” method that was recently adopted by Indiana University, and showed a video explaining these procedures. He answered questions and provided a summary of “Run, Hide, Fight”.

Chief Cole noted that many doors on campus (office & classroom) do not lock from the inside. He provided suggestions for appropriately locking down in this situation. He also explained that purchasing deadbolt locks would cost approximately $600 per door. The option of installing “sliding locks” was also considered which would be at an approximate cost of $200 per door. Possible grant money could be used to make these purchases. It was also noted that grant money would be used to purchase 38 cameras to be placed around campus for added security.

Chief Cole announced that an “Active Shooter Tabletop” exercise will be conducted on April 4, 2014. He also noted that an “Active Shooter Exercise” would be conducted this summer on an undisclosed date. The university community will be notified a few days prior to this event.

Carrie Reisner reminded the group about summer New Student Orientations. Information was emailed out to those who are involved. Carrie also announced that Angie Schultz would return on Monday.

Patti Hicks provided the group with a brief update on Diane Chandler.
