

Proposed revision to the Bylaws Section VI.B.3 Budgetary Affairs Committee

[The proposed revisions are indicated with strikethroughs and boldface type. Ellipses (. . .) indicate omitted passages.]

BYLAWS to the INDIANA UNIVERSITY EAST FACULTY SENATE CONSTITUTION

. . .

Budgetary Affairs Committee:

This shall be concerned with financial and budgetary matters. Each member shall represent a different School but shall not be Dean of that School. The Library shall be considered a School for the purposes of membership on this committee.

Membership will last for two years with continuity and rotation guaranteed by filling only the vacancies that exist at the start of each academic year. Prior to the end of the spring semester, each School with an anticipated vacancy shall select a School nominee for the next two academic years. The name of that nominee shall be forwarded to the Nominating Committee for inclusion in ~~the fall~~ elections. In addition, the elected **or appointed** faculty representatives to the budget-related committees of the University Faculty Council may serve as ex-officio members of the Budgetary Affairs Committee. These members are not included in the calculations of any representational ratio or size limits relating to committee membership unless duly appointed to the Budgetary Affairs Committee by the Faculty Senate.

. . .

[Explanation: 1) Elections for most Faculty Senate standing committees are held in April of the previous academic year. The proposed revision allows the Budgetary Affairs Committee election to be included in the April elections. 2) In practice, faculty representatives to budget-related committees of the University Faculty Council have been appointed, often from the membership of the Budgetary Affairs Committee. The proposed revision allows for elections or appointments as specified by the University Faculty Council.]
