

### **Pass/Fail Option**

The option which permits a student to designate courses to be taken for either Pass or Fail is available for all undergraduate students for a maximum of two elective courses. The course selected for Pass/Fail must be an elective; it may not be used to satisfy departmental or divisional requirements. A student must file a Pass/Fail option request at the time the student registers and the student cannot change that status after the course begins. The student does so by consulting his/her division chair, who is then responsible for determining the elective nature of the course and signing the required form. The student then brings the form to the Record Office, where it is processed. (For further details, see the IUE Bulletin.)
