Social Security Number Policy
In accordance with the Privacy Act of 1974 and Indiana P122 of 1977, students or applicants are advised that the requested disclosure of their Social Security Number is voluntary. The student has the right to refuse disclosure of this number or request its removal from records. A special ten-digit student ID number will then be assigned for use with the university. The Social Security Number will be used to identify the students’ permanent records such as transcript, registration, grade reports, transcript requests, as an identifier for financial aid programs, and to determine eligibility, certify school attendance, and report student status. The student’s Social Security Number is not disclosed to individuals or agencies outside IU except in accordance with the IU Policy on Release of Student Information. Please note that if you receive any form of federal aid or several forms of state aid, you will be required to provide your Social Security Number so that your aid may be processed.

Criminal Activity Disclosure Policy
IU East is committed to maintaining a safe environment for all members of the university community. As part of this commitment, the university requires applicants who have been convicted of any felony or a misdemeanor, such as simple battery or other convictions for behavior that resulted in injury to a person(s) or personal property, to disclose this information as a mandatory step in the application process. A previous conviction or previous conduct does not automatically bar admission to the university but does require review.

Complete information must be sent by certified mail with the application for admission to the IU East Office of Admissions at 2325 Chester Boulevard, Richmond, IN 47374. Applicants are responsible for maintaining the receipt certifying that the letter has been received by IU East. Information to be submitted includes: a brief explanation, location (city, state, country) of conviction of previous conduct, dates, and court disposition. This statement must also include a grant of permission to IU East for complete access to criminal records, if any. For further information on this requirement, call 765.973.8208.

Students with Disabilities
For students with disabilities who may need assistance, special arrangements can be made to accommodate most needs. Contact Student Support Services at 765.973.8310 for more information. TTY 765.973.8472.

Four-year admission-based and merit scholarships are awarded for academic performance and in recognition of academic achievement. By rewarding excellence through scholarships, we hope to encourage students to continue their education at IU East.

Applicants for admission to IU East become eligible for admission-based scholarships when they submit an admission application and all items to complete their application by February 15th of their senior year in high school that meets academic criteria for the particular scholarship. Merit scholarships are awarded on a competitive basis and require a separate application. Since beginning freshman students are considered for admission-based scholarships immediately upon admission to IU East, they are urged to apply for admission as early as possible, preferably in the fall of their senior year in high school. Students meeting criteria for admission-based scholarships will be contacted once the admission process is complete and sent a notification of the scholarships for which they are eligible. If eligible, students can receive only one four-year admission-based or merit scholarship, the highest one for which they are eligible or selected.

Effective Fall 2016, undergraduate students enrolled at Indiana University East will pay one rate for their basic tuition when taking between 12 and 18 credit hours. Students who enroll in fewer than 12 credit hours will continue to pay the per credit hour rate for tuition. Students enrolled in 19 or more credit hours will pay the banded tuition rate up to 18 credit hours plus the per credit tuition rate for each credit over 18. The banded tuition rate will be different for in-state and out-of-state residents. For updated information on tuition and fees, please visit iue.edu/bursar.
