Academic Policies

Accreditation

Indiana University East is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, 30 North LaSalle Street, Suite 2400, Chicago, Illinois 60602-2504; 1-800-621-7440.

Academic Standards

Good Standing

The minimum standard for academic good standing at IU is a cumulative grade point average (GPA) of 2.0, or a C average.

Chancellor’s List

The Chancellor’s List is tabulated each fall and spring semester and includes the following:

Any student in good standing at the conclusion of the semester, who took at least twelve (12) credit hours and who attained a 4.0 grade point average in that semester.

Dean’s List

The Deans’ List is tabulated each fall and spring semester and includes the following:

Any student in good standing at the conclusion of the semester, who took at least twelve (12) credit hours and who attained a grade point average of 3.50 in that semester and does not qualify for the Chancellor’s List.

Graduating with Academic Distinction

To graduate with academic distinction, baccalaureate candidates must rank within the highest 10% of the graduating class, must have completed a minimum of 60 hours at Indiana University, and must meet the cumulative GPA criteria outlined below.

The following criteria will be used for awarding academic honors to graduating students with:

- Distinction: GPA of 3.70 - 3.79
- High Distinction: GPA of 3.80 - 3.89
- Highest Distinction: GPA of 3.90 - 4.0

Candidates who are awarded academic honors scholarship are distinguished by cream and crimson fourragères, which are looped cords worn from the left shoulder during the commencement exercise. Fourragères with cream and crimson cords indicate “highest distinction;” those with all cream cords indicate “high distinction;” and those with all crimson cords indicate “distinction.”

Academic honors are awarded by vote of the various faculties, and the fourragères are provided by the university. The appropriate recognition is recorded on the individual’s diploma as a permanent testimonial of achievement.

Academic Probation

A student whose cumulative grade point average at the beginning of a semester is below 2.00 will be placed on academic probation. The student will remain on academic probation until their cumulative grade point average is 2.00 or above.

Academic Suspension

A student whose cumulative grade point average is below 2.00 and who has completed at least 12 credit hours of graded course work while continuously on probation may be suspended. The student may appeal this suspension to the Admissions and Academic Affairs Committee.

Appeal of Suspension

Students may appeal their academic suspension to the Admissions and Academic Affairs Committee. Any appeal of suspension must be made in writing and prior to the beginning of the semester in which the student wishes to enroll, according to a schedule established by the Dean of Students. The appeal should explain any extenuating circumstances that may have hindered academic performance and must offer a clear explanation for further study and schedule plans.

The Admissions and Academic Affairs Committee determines the conditions under which the student may re-enroll, depending on the severity of the student’s academic deficiency. Students who obtain permission to re-enroll will continue to be on probation. Sanctions may range from affirmation of the suspension to permission to re-enroll. The decision of the Admissions and Academic Affairs Committee is final.

Reinstatement

An academically suspended student may petition for reinstatement after at least one spring or fall semester has passed. Petitions for reinstatement must be made in writing and prior to the beginning of the semester in which the student wishes to enroll, according to a schedule established by the Dean of Students. The petition should explain any extenuating circumstances that may have hindered academic performance and must offer a clear explanation of further study and schedule plans.

The Admissions and Academic Affairs Committee determines the conditions under which the student may re-enroll, depending on the severity of the student’s academic deficiency. Students who obtain permission to re-enroll will continue to be on probation. Sanctions may range from affirmation of the suspension to permission to re-enroll. The decision of the Admissions and Academic Affairs Committee is final.

Candidates who are awarded academic honors scholarship are distinguished by cream and crimson fourragères, which are looped cords worn from the left shoulder during the commencement exercise. Fourragères with cream and crimson cords indicate “highest distinction;” those with all cream cords indicate “high distinction;” and those with all crimson cords indicate “distinction.”

Academic honors are awarded by vote of the various faculties, and the fourragères are provided by the university. The appropriate recognition is recorded on the individual’s diploma as a permanent testimonial of achievement.

Academic Probation

A student whose cumulative grade point average at the beginning of a semester is below 2.00 will be placed on academic probation. The student will remain on academic probation until their cumulative grade point average is 2.00 or above.

Academic Suspension

A student whose cumulative grade point average is below 2.00 and who has completed at least 12 credit hours of graded course work while continuously on probation may be suspended. The student may appeal this suspension to the Admissions and Academic Affairs Committee.

Appeal of Suspension

Students may appeal their academic suspension to the Admissions and Academic Affairs Committee. Any appeal of suspension must be made in writing and prior to the beginning of the semester in which the student wishes to enroll, according to a schedule established by the Dean of Students. The appeal should explain any extenuating circumstances that may have hindered academic performance and must offer a clear explanation for further study and schedule plans.

The Admissions and Academic Affairs Committee determines the conditions under which the student may re-enroll, depending on the severity of the student’s academic deficiency. Students who obtain permission to re-enroll will continue to be on probation. Sanctions may range from affirmation of the suspension to permission to re-enroll. The decision of the Admissions and Academic Affairs Committee is final.

Reinstatement

An academically suspended student may petition for reinstatement after at least one spring or fall semester has passed. Petitions for reinstatement must be made in writing and prior to the beginning of the semester in which the student wishes to enroll, according to a schedule established by the Dean of Students. The petition should explain any extenuating circumstances that may have hindered academic performance and must offer a clear explanation of further study and schedule plans.

The Admissions and Academic Affairs Committee determines the conditions under which the student may re-enroll, depending on the severity of the student’s academic deficiency. Students who obtain permission to re-enroll will continue to be on probation. Sanctions may range from affirmation of the suspension to permission to re-enroll. The decision of the Admissions and Academic Affairs Committee is final.
Criteria for Academic Forgiveness

Students who are enrolled in an IU East degree program may petition for Academic Forgiveness if all of the following conditions are met. Student:

1. ...is currently enrolled as a degree-seeking undergraduate student in an IU East degree program.
2. ...has not been granted an undergraduate degree from any campus of Indiana University. Students who are eligible to graduate must exercise academic forgiveness prior to applying for graduation.
3. ...has experienced a gap in enrollment of at least four (4) years.
4. ...has since completed at least 12 credit hours of graded course work and has passed all courses with a GPA of at least 2.0.

Students enrolled in system-wide degree programs are not eligible (i.e., General Studies or Social Work).

Semesters forgiven at IU East may not be forgiven at any other IU campus, or in non-IU East degree programs. Regardless of whether academic forgiveness has been granted, individual IU East degree programs may choose to count all courses and grades for purposes of admission to programs and/or for granting honors.

Use of Academic Forgiveness

Academic forgiveness may be invoked only once.

Once granted, it cannot be revoked. Academic forgiveness will remove all forgiven coursework from consideration in IU East degree programs. Therefore, students should carefully consider whether to apply for academic forgiveness of entire semesters or instead choose instead to repeat selectively individual courses and replace those grades using the Grade Replacement policy. Students must consult with and obtain their advisor’s recommendation prior to exercising academic forgiveness.

Effect of Academic Forgiveness

Grade Point Average

Once academic forgiveness has been granted, the student starts with a recalculated cumulative GPA with no hours and no points from the forgiven period contributing to that GPA. The rules of academic probation and suspension will apply based on the recalculated program GPA.

Forgiveness of “X”-ed courses

Academic forgiveness removes all academic (but not disciplinary) consequences from coursework stemming from the forgiven semesters. The number of credit hours for which the “X” option has been applied will not include those courses for which this option had been exercised, but that have later been forgiven.

Transcript

A student’s transcript should accurately reflect all of the student’s academic work. Transcripts of students who exercised academic forgiveness will reflect all grades. A statement on the student’s unofficial transcript and degree progress report will explain which grades have been excluded from the program GPA calculation.

Petitioning for Academic Forgiveness

Make an appointment with your advisor to review the Indiana University East academic forgiveness policy criteria and to discuss your options.

Assuming that you are eligible for academic forgiveness, complete the Petition for Academic Forgiveness with your advisor’s assistance. Your academic advisor will forward your petition to the Office of Student Records (WZ 116) for final processing. The Office of Student Records will notify you when/if academic forgiveness is applied to your academic record.

Academic Year Class Duration

- Standard 3 Credit Hour Class ~ 16 Week Semester
- 14 wks of instruction + 1 wk of finals + 1 wk of breaks and/or holidays
- Total of 2,000 to 2,100 instructional minutes per 3 credit hours

The standard length of a three-credit hour course is 50 minutes three times a week or 75 minutes twice a week. The standard length of a three-credit hour course, meeting only once a week, shall be 2 hours and 35 minutes, with a 12 minute break.

Academics and Class Standing

At Indiana University East, full-time / part-time enrollment status is determined based on the number of credit hours enrolled per semester:

Undergraduate Students

- Full-time status = 12 or more credit hours
- 3/4 time status = 9-11 credit hours
- 1/2 time status = 6-8 credit hours
- < 1/2 time = 1-5 credit hours

Graduate Students

- Full-time status = 8 or more credit hours
- 3/4 time status = 6-7 credit hours
- 1/2 time status = 4-5 credit hours
- < 1/2 time = 1-3 credit hours

Class Standing

Class standing is based on the number of credit hours you complete:

<table>
<thead>
<tr>
<th>Class</th>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>0 - 25 hrs</td>
</tr>
<tr>
<td>Sophomore</td>
<td>26 - 55 hrs</td>
</tr>
<tr>
<td>Junior</td>
<td>56 - 85 hrs</td>
</tr>
<tr>
<td>Senior</td>
<td>86 or more hrs</td>
</tr>
</tbody>
</table>
Course Load

Students may register for a single course or for a full course load. Students who register for 12 or more credit hours in a fall or spring semester, or 6 credits in a summer semester, are considered full-time students. Full-time students should carry at least 15 credit hours during each semester of the regular academic year (i.e., each fall and spring term), if they expect to complete degree requirements within the usual 4-year timeframe. Except with special permission, students are not permitted to enroll in more than 18 credit hours in the fall or spring and in no more than 9 credit hours during either of the two summer sessions. A 3.00 grade point average is generally required before such permission will be granted.

Changing Your Major

In the academic life of many students, there comes a time when they feel the need to “change their major” or academic plan. At IU East, it is a relatively simple process to change one’s major. Students are encouraged to meet with both their current academic advisor, as well as an academic advisor in the program in which they are interested, prior to changing their major. Here are the steps to follow:

1. Pick up a “Change of Major Form” from your academic advisor or the Office of Student Records, Whitewater Hall, Rm 116.
2. Seek educational advice from your current academic advisor.
3. Take the “Change of Major Form” to your “new” academic advisor.
4. Bring the completed and signed “Change of Major Form” to the Office of Student Records (WZ 116) for processing.

For your convenience, and to eliminate step #1 above, we have put the “Change of Major Form” online at http://www.iue.edu/registrar/.

Grading System Used

Faculty have the responsibility of evaluating a student’s performance in the courses they teach and assigning grades for these courses. They select grades from the list below and have the discretion of using or not using plus and minus grades. The Registrar uses these grades to compute both a semester and cumulative grade point average (GPA).

Standard Letter Grading

These are used in GPA calculation

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>4.0</td>
</tr>
<tr>
<td>A</td>
<td>4.0</td>

</thead>
<tbody>
<tr>
<td>W</td>
<td>Withdrawed after first week of classes.</td>
</tr>
<tr>
<td>WZ</td>
<td>Changed sections of same course.</td>
</tr>
</tbody>
</table>

Final Grade Policies

Viewing Final Grades

Indiana University East no longer mails grades at the end of each term/semester. Students who wish to view their grades online may do so through OneStart (www.onestart.iu.edu). Here are the steps:

1. Once logged into OneStart...
2. Click on the Go to Student Center link...
3. Click the “My Academics & Grades” link under Academics...
4. Click the “View Grades” link under Term Information, or...
5. Click the “View My Unofficial Transcript” link under Transcripts

FN and FNN Grading

In compliance with University Faculty Council Policy (FN Non-Attendance, March 1999), faculty members are required to differentiate students who fail a class because they stopped attending from those who failed the class on merit.

FN

The failing grade of FN is given to those students who initially attended the class but, at some point during the term, stopped attending and that was the basis for their failure. The grade of FN will be treated on the transcript in the same manner as the grade of F. FN and FNN grades may affect a student’s future eligibility for financial aid.

FNN

If the student never attended the class, a grade of FNN is given. The grade of FNN will be treated on the transcript in the same manner as the grade of F.

“I” Grade Policy (Incomplete)

The grade of “I” (Incomplete) may be given to a student whose work in a course is satisfactory except that some terminal aspect of the course requirements has not been completed. The grade of “I” will only be given if the instructor has sufficient reason to believe that failure to complete the requirements of the course was beyond the student’s control and that it would be unjust to hold the student to the time limits normally fixed for completion of the required work.

By assigning an Incomplete, an
instructor implicitly authorizes and requires the “I” grade to be automatically changed to an “F” at the end of the appropriate time period if that instructor does not otherwise act to remove or extend the “I”. Both the student and the instructor in whose course the student received the Incomplete will be notified of this change of grade. A student may not re-enroll in a course in which the grade of record is currently an Incomplete.

Generally, the time allowed for the removal of an Incomplete is one calendar year from the date of its recording. It may, however, be less, if specified by the instructor.

**Pass/Fail Option**

The option that permits students to designate courses to be taken for either a Pass (P) or Fail (F) grade is available to all undergraduate students for a maximum of two elective courses. The course selected for P/F must be an elective; it may not be used to satisfy requirements for institutional or degree programs. Students must file a P/F option request at the time of registration, and that status cannot be changed after the course has begun. Students should consult with the academic advisor and school dean prior to submitting the P/F option request. The school dean is responsible for determining the elective nature of the course and signing the request form. Once approved, the P/F option request form is forwarded to the Office of Student Records for processing.

Instructors will not be notified of those students registering for the P/F option. A final letter grade will be submitted by the instructor and any grade other than an F, FN, or FNN will be converted to S. A grade of S is not counted in computing grade point averages; however, a grade of F is included in that average.

Students taking courses on the IU East campus, but completing their degree program on another IU campus or on the Purdue University campus, should adhere to the P/F policy and transfer credit policy of that campus.

**Auditing a Course**

Courses may be taken on an official “audit” basis. No credit will be given for the course; the audited course will be indicated on the student’s transcript with a grade of NC. The student must discuss course work expectations with the instructor and it is up to the instructor to approve or not approve the student’s request to audit the course.

**Applying for an Audit**

New students must apply for admission to the University by submitting the application for admission and application fee. High school and college transcripts are required if the student intends to pursue a degree program.

Students may register to audit a course during any of the regular registration periods.

Students considering this option should discuss it carefully with their academic advisor to see if this is the best choice or another grading option, such as pass/fail, may be more appropriate.

Schools, in some cases, do not allow students to register for a class for credit after taking it on an audit basis. Consult with your advisor prior to making the decision to audit a course.

**Cost of Auditing**

Courses taken for audit do not apply toward any academic degree and do not count as part of a student’s full-time or part-time course load for purposes of financial aid or for loan deferments.

Tuition for an audited course is the same as that for a credit course.

**Changing from Audit to Credit**

Course work transcripted as “NC” may not subsequently be changed to credit. Any change from audit to credit, or vice-versa, must be completed during the first week of classes during the Fall or Spring terms, or prior to the second class meeting during a Summer session. The signature of the instructor is required for this change of enrollment.

Any school or department has the option to exclude auditors from a particular course or remove auditors during the first week of the semester in order to permit credit seeking students to enroll. In such cases, the auditor will receive a 100% refund of fees.

The instructor or school dean (or designated representative) must grant permission allowing a student to audit a class.

**Credit by Examination and Special Fee Structure**

This credit is awarded as the result of an examination and: (a) during the first or second consecutive semester of matriculation, there is no charge; (b) if you are a first semester transfer student there is a $10 per credit hour charge; (c) if you are neither (a) nor (b), then you will pay the standard per semester fee at the appropriate resident or nonresident rate.

**Grade Appeal Policy**

**Limitations of Time**

Grade appeal must be initiated in writing within 30 calendar days after the student’s grade was posted. After 30 calendar days a student may only appeal a grade if severe circumstances have prohibited the student from filing on time. Examples of such circumstances include military deployment or catastrophic illness.

**Initial Appeals Process**

Students who are dissatisfied with the grade received in a course should contact the instructor and attempt to resolve the matter amicably and informally. Should the instructor not be available to the student, the Dean of the school will act as a liaison between the instructor and the student.

If an amicable solution is reached, the instructor should file a “Change of Grade” form. The instructor should declare that to the best of his/her knowledge no other student has been treated inequitably as a result of the decision. The instructor’s decision is subject to approval by the Dean of the school and the Executive Vice Chancellor for Academic Affairs. The instructor may appeal a denial by either the Dean or the Executive Vice Chancellor, as outlined in the “Grade Change Policy”.

**Extended Appeals Process**

If an amicable solution as described in “Initial Appeals Process” cannot be reached, the student may formally appeal
A student may appeal each given grade only once. The appeal must first be directed to the instructor. If the instructor is not available or if the student is not satisfied with the instructor’s decision, the student may appeal the instructor’s decision to the Dean of the school in which the course was offered. Both the instructor and the student may appeal the decision of the Dean to the Executive Vice Chancellor for Academic Affairs. The Executive Vice Chancellor will forward the appeal to the Admissions and Academic Affairs Committee, whose decision will be final.

Procedure for Extended Grade Appeals

Students may obtain all relevant information regarding their grade, including definite information about what factors contributed to this grade, the respective weight of each of the factors, copies of the student’s work, and the instructor’s evaluations of this student’s work. The student is not entitled to copies of others’ work or the grade book for the entire course. Instructors are expected to preserve all course material until the 30-day deadline after the end of the semester has passed. Once the student has filed an appeal, the instructor of the course is obligated to preserve all evidence that may be of importance for the grade appeal.

Format of Appeal

Any grade appeal must be in writing. The letter of appeal must contain the following information:

The student’s name, student ID number and correct mailing address; the course in question, the semester in which the course was taught, the name(s) of the instructor(s); the assigned grade; the date of the appeal.

It is the student’s responsibility to list concise arguments in this letter of appeal about why the instructor would have been obligated to assign a better grade in this letter of appeal. If more than one argument is given, the student must structure the appeal so that this distinction is apparent. Once the appeal has been made, the student may not add or change arguments. The student is therefore encouraged to draft and review the appeal very carefully.

The argument(s) above must be supported by verifiable evidence. The student should list specific sources that can be used to verify each claim made in the arguments. This list may include references to literature, a copy of the course syllabus, or a list of witnesses who are willing to verify the account of an event. The student may also list evidence that the instructor of the course may have, for example, the student’s final exam, or electronic documents over which the instructor has custody (e.g., postings to course discussion forums). It is the student’s responsibility to explain the significance of each item listed. Students are discouraged from providing copies of lengthy documents. Instead, the appeal should summarize the lengthy documents. The student must be furnished the documents if this is requested later.

Standard for Granting a Grade Appeal

At least one of the arguments in the student’s appeal must be valid in the sense that it demonstrated (assuming the veracity of the circumstances cited) that the instructor would be obligated to assign a better grade.

The circumstances cited in the argument above should be independently verifiable.

Process for Grade Appeals

Should the instructor of the course agree that the student’s appeal should be granted, he/she may use a “Change of Grade” form to change the grade. The instructor should briefly explain why the student’s appeal meets the standard above. The instructor’s decision is subject to approval by the Dean of the school, and the Executive Vice Chancellor for Academic Affairs. The instructor may appeal a denial by either the Dean or the Executive Vice Chancellor to the Admissions and Academic Affairs Committee, whose decision will be final. Should the instructor disagree with the student’s argument, he/she should explain in writing why each of the student’s arguments fails the standard needed for a grade change.

Appeals to the Dean must be made within 15 calendar days after the student has been notified of the instructor’s decision. In appealing to the Dean, the student may rebut the instructor’s analysis. The student may list new documentation only in support of this rebuttal, but not in support of the original arguments. The Dean will analyze the appeal, the instructor’s response, and the student’s rebuttal, and make a written decision based on the standards cited above. Should the Dean approve the student’s appeal, the instructor must be informed of this decision. If the instructor does not appeal (or declare an intent to appeal) within 15 working days after being notified, the Dean will file a “Change of Grade” form along with a copy of the written decision to the Registrar’s Office.

Appealing to the Executive Vice Chancellor

Appeals to the Executive Vice Chancellor for Academic Affairs must be made within 15 calendar days after the appealing party has received the Dean’s decision. If an appeal to the Executive Vice Chancellor is made, the appealing party must submit a rebuttal to the Dean’s decision. The Admissions and Academic Affairs committee will consider appeals in closed session. In evaluating the veracity of the circumstances cited, the committee may (at its discretion) call the student, the instructor and/or Dean, or other parties.

Persons called by the committee may be accompanied by a person of their choice for emotional support or for advice. Such persons, however, are not permitted to answer questions or otherwise participate in the discussion. The committee may also ask for some of the supporting evidence. The committee will make the final decision in an executive session. The decision must be based on the above standards.

To change the decision of the Dean, at least half of the number of committee members (excluding members who recused themselves) must vote in favor. The committee will notify the student of its decision. If the committee upholds the student’s grade appeal, a “Change of Grade” form with a copy of the committee’s decision will be submitted to the Registrar’s office.

Grade Replacement Policy
The purpose of this policy is to allow students who have done poorly in a course to repeat the course and remove the weight of the earlier grade from the student’s cumulative grade point average. The IU East Faculty Senate sees this policy as an expansion of the University Faculty Council policy (UFC April 10, 1984 and its EFS amendments – “FX” Policy) by extending the replacement option to courses in which students receive any grade rather than just grades of F.

General
A student may retake any undergraduate course and petition for exclusion of the previously earned grade from the cumulative GPA after repeating the course. A student may apply this grade replacement option for a maximum of 15 credit hours. This option may be exercised no more than two times for each course. Each attempt will count toward the 15 credit hour limit. Please note that “F” grades that have been assigned as the result of academic misconduct (i.e. plagiarism) may be “repeated for credit” but may NOT be “replaced” with an “FX” by this or any other grade replacement policy.

Extension of FX Policy
This policy replaces the use of the FX policy (UFC Action April 10, 1984). Previously granted FX grades will be honored under this policy; the number of credit hours for which the FX option has been used will contribute to the count of credit hours for which this policy applies.

Effective Date
Students may replace any previously earned grades with grades earned during or after Spring 2004. The FX policy still applies if a student wishes to replace an F with the grade earned in a course retaken during a semester prior to Spring 2004.

Grades and courses for which this option is available
Grade replacement under this policy is only available for undergraduate courses with fixed credit. Grades in courses with variable topic may not be replaced unless the topics, rigor, expected competencies, and work-assignments in both courses are the same. The determination of equivalency is made by the faculty. Under this policy, any grade may be replaced by the grade in the retaken course. A grade of “W”, “I”, or “NC” cannot be used to replace another grade.

Academic Record
This policy only excludes certain grades from the calculation of the grade point average. All grades will remain part of the student’s academic record; a notation on the transcript will indicate if a grade is not included in the GPA calculation. The provisions apply to undergraduate courses taken by students pursuing an undergraduate degree only. If a degree has been awarded, in no case may a grade be replaced for a course taken prior to the award of that degree. Schools and programs with selective admissions criteria may use a GPA calculation that does not honor the grade replacement under this policy in determining admissibility, academic standards, honors and graduation criteria.

Procedure
Students may petition for grade replacement under this policy at any time after repeating the course. The petition is made on a course-by-course basis. Once a grade replacement has been entered in a student’s academic record, it may not be rescinded.

Grades Earned at other IU campuses
Students who take a course at another IU campus and subsequently repeat that course at IU East may petition for grade replacement under this policy. However, replacement of grades earned at another IU campus is subject to the policies and procedures at that campus. The registrar at IU East shall forward petitions for grade replacement to the appropriate registrar and shall act as a liaison between the schools and faculty who are responsible for evaluating the replacement.

Honoring grade replacement requests from other IU campuses
IU East joins all other IU campuses in honoring the principle that the grade policies on the degree granting campus are applicable for each student. Hence, if an IU East student transfers to another campus with different grade replacement policies, IU East will honor requests from that campus, on behalf of the student, to replace an IU East grade that may not be replaceable under this policy.

Grades earned outside the IU system
Grades earned outside the IU system cannot be used to replace grades earned at IU East.

Grade replacement with courses using different course numbers
A student may petition to replace a grade in one course with the grade earned in another course, provided that the two courses are equivalent. The determination of equivalency of the two courses is made by the appropriate Dean of the School and the faculty of the subject area. In order to establish equivalency, the faculty must determine that topics, rigor, expected competencies, and work-assignments in both courses are equivalent. A comparison of course descriptions alone is not adequate to establish equivalency. Students may not petition for grade replacement on the basis of having proved competency by successfully completing a subsequent course, through life experience, or through testing. [Explanation: This provision is meant to be used in cases where a course number has been changed, or where the two different course numbers are used for essentially the same course.]

Dropping & Adding Courses

2010-11 Catalog — Indiana University East
The procedure for dropping or adding classes varies depending on when a student decides to drop or add a class. There are three schedule adjustment time periods for typical full semester classes:

- Up to and including the first week of classes
- Second week up to the “Auto W” deadline
- After auto “W” period

Costs, procedures, and consequences vary among periods, so please read carefully below.

**Through the first week of classes**

OneStart > Student Self-Service registration and drop/add services are still available through 1st week of classes.

Students may make any/all class schedule changes via OneStart. During this timeframe, students may continue to register for classes, adjust their class schedule (i.e., drops, adds, section changes), or totally withdraw from all classes via OneStart. Students do not need any forms or signatures to drop or add courses during the first week of classes.

**After the first week of classes (auto “W” period)**

Registration ends at the end of the first week of classes. As such, students may not add courses to their class schedule or drop and change sections. They may, however, continue to drop courses from their schedule via OneStart.

**Electronic Drops (eDROP)**

Students can “drop” any or all of their classes electronically, via OneStart through the end of the automatic “W” period.

**Using eDrop**

2. On the Services tab, click Student Self-Service in the sidebar, and under Services & Information, click eDrop/eAdd Classes.
3. Click Drop Only.
4. On the eDrop info page, go to the bottom and click the click here to access the system link.
5. Select the course/s you would like to drop and click “Continue.”
6. Review your eDrop request. If you selected the wrong course, click “Back” to return to the previous screen.
7. Once you have carefully reviewed the conditions, Accept the conditions, and click the “Submit for Approval” button.
8. A confirmation page will display. We highly recommend that you print this confirmation page for your records!
9. If you would like to drop another class, click “Create another request.” Follow the above steps to drop another class.
10. When you are finished, click “Close.”

Submitting an eDrop request is not a confirmation that the course has been dropped from your schedule. Once submitted, your eDrop request will be routed to the appropriate advisor, department chair, and/or dean for approval.

Once approved, your request will be processed and an email confirming that the Drop is official will be sent to your University email account. Until you receive an email which says the Drop has been approved and processed, or until you confirm via My eDocs that the status of your request is FINAL, you are still enrolled in the course. All rules and requirements still apply, and you should continue to attend the class.

**After the automatic “W” period**

OneStart > Student Self-Service > eDrop services are turned off.

To drop a course:

1. Student picks up a DROP ONLY FORM from the Office of Student Records (WZ116) or School Dean’s office. These forms are also available at the Connersville & Danielson centers.
2. Student fills out the form, signs it, and obtains signatures from his/her academic advisor, Bursar, and Financial Aid.
   **Note:** Students, dropping classes during this period, must obtain their instructor’s signature.
3. The instructor assigns a grade of “W” or “F” and forwards the top white copy to the Dean for his/her signature (it is now a “grade sheet”). The instructor keeps the yellow copy for his/her records and gives the student the pink copy. [Student is finished at this point.]
4. After the Dean signs the white copy, his/her office will forward it to Student Records for processing as a “final grade.”

**Withdrawal from ALL courses**

If students wish to drop ALL of their classes, they need to process a Total Withdrawal form, as well as separate Drop Only form for each of their classes.

**Even Exchanges**

Courses with the same number of credit hours and course-related fees can be evenly exchanged during any given refund period.

**Financial Aid**

Students who are receiving some form of financial aid must contact the Financial Aid and Scholarships Office after adjusting their class schedules.

**Refunds and Charges**

Any credits or charges resulting from a schedule adjustment will be reflected on your next account statement. Refunds of credit balances will be issued in the form of a check and mailed to the address on file with the Office of the Registrar. Direct deposit of refund checks is also available. Please contact the Office of the Bursar (Student Accounts) for more information.

**Refund Schedule**

Credit hour and directly related course fees are credited to your account upon proper withdrawal from and according to the following schedule (the right column shows the deadline):

<table>
<thead>
<tr>
<th>Courses Lasting One Week or Less</th>
<th>Class Period</th>
<th>Fee Refund</th>
</tr>
</thead>
<tbody>
<tr>
<td>100% fee refund</td>
<td>1st Day of Class</td>
<td></td>
</tr>
<tr>
<td>50% fee refund</td>
<td>2nd Day of Class</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Courses Lasting 2-4 Weeks</th>
<th>Class Period</th>
<th>Fee Refund</th>
</tr>
</thead>
<tbody>
<tr>
<td>100% fee refund</td>
<td>2nd Day of Classes</td>
<td></td>
</tr>
<tr>
<td>50% fee refund</td>
<td>4th Day of Class</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Courses Lasting 5-7 Weeks</th>
<th>Class Period</th>
<th>Fee Refund</th>
</tr>
</thead>
<tbody>
<tr>
<td>100% fee refund</td>
<td>1st Week of Class</td>

<tr>
<td>50% fee refund</td>
<td>3rd Week of Classes</td>
<td></td>
</tr>
<tr>
<td>25% fee refund</td>
<td>4th Week of Classes</td>
<td></td>
</tr>
</tbody>
</table>
Refund Appeal Procedure

Students who have significant or unusual circumstances that require withdrawal from class after the refund period can appeal their refund calculation.

Should you wish to appeal, you must submit a letter to the Office of the Dean of Students describing the circumstances that prevented a timely withdrawal from class. Your appeal, along with any additional documentation, will be sent to the Tuition Refund Appeal Committee for consideration.

The Dean of Students will send a letter conveying the committee’s decision to the student. Please note that students must be withdrawn from a class before they can appeal for a refund.

Graduation Information

Students who will be receiving a degree from IU East must file an “Application for Graduation” with the Office of Student Records. Application deadline dates are as follows:

<table>
<thead>
<tr>
<th>Graduation Date</th>
<th>Application Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>December</td>
<td>November 15</td>
</tr>
<tr>
<td>May *</td>
<td>February 1</td>
</tr>
<tr>
<td>June</td>
<td>May 15</td>
</tr>
<tr>
<td>August</td>
<td>July 15</td>
</tr>
</tbody>
</table>

* Please note that students who wish to participate in the May commencement ceremony must apply for graduation by February 1.

Students can find printable graduation applications on the commencement website. Return the completed application, with your degree auditor’s signature, to the Office of Student Records (Whitewater Hall, Room 116) by the deadlines listed above.

Graduation Applications

Make sure your degree auditor (see list below) signs your application for graduation.

<table>
<thead>

Graduating with a Second Degree

The Executive Vice Chancellor for Academic Affairs may admit the holder of, or candidate for, a baccalaureate to candidacy for a second degree at the same level.

For baccalaureate students, a minimum of 30 additional hours in residency, beyond the previous degree requirements, is required for each additional baccalaureate degree.

Students must also meet the requirements of the department or school in which they are a candidate, since it has final approval for the applicability for cross-listed courses. Students should check with the individual departments or schools for more information.

Graduation Statistics

IU East Graduation Statistics 1988 to Spring 2009 are available on the Registrar’s website at:

http://www.iue.edu/registrar/

Academic Calendars

The Indiana University East academic year is divided into three semesters/terms: Fall (August to December), Spring (January to May), and Summer (May to August). A detailed listing of important dates and deadlines for Spring, Summer & Fall 2010, as well as review abbreviated academic calendars out through 2013 is available at:

http://www.iue.edu/registrar/calendar.php

Spring 2010

May 3

LAST DAY OF CLASSES. Deadline to withdraw w/instructor’s grade of “W” or “F”.

May 4-10

Final examination period.

May 10

Last day of final examinations.

May 12

Deadline for faculty to have their grades posted in SIS.

May 13

Spring grades available on OneStart. iu.edu

May 14

COMMENCEMENT

Summer 2010

May 17

Summer (12 week), and Summer I (6 week) classes begin

May 17 - 21

Late registration / schedule adjustment period for summer (12 week) session. $17 late fee in effect.

May 21

Last day to register, add courses, or change sections for summer (12 week), and Summer I sessions. Final date to drop courses or totally withdraw with no grade recorded. From May 22 through July 8, a grade of “W” will be recorded for all Summer (12 week) courses dropped. From May 22 - June 4, a grade of “W” will be recorded for all dropped Summer I courses.

May 21

Last day to drop or withdraw from summer (12 week) and Summer I sessions with a 100% refund.

May 28

Last day to drop or withdraw from summer (12 week) session with a 75% refund, or from Summer I session with a 50% refund.

June 4

Last day to drop or withdraw from summer (12 week) session with a 50% refund. Last day to drop or withdraw from Summer I session with an automatic “W.”

June 11

Last day to drop or withdraw from summer (12 week) session with a 25% refund.

Jun 28

Last day of Summer I classes. Deadline to withdraw from Summer I with an instructor’s grade of “W” or “F”. Final examination day for Summer I.
Jun 28–Jul 2
Mid-term break (no classes). Campus is open.

Jul 1
Summer I grades available at onestart.iu.edu

July 6
Summer II classes begin

July 6–12
Late registration/schedule adjustment period for Summer session II (6 week). $17 late fee in effect.

July 12
Last day to drop or withdraw from Summer Session II (6 week) with a 100% refund.

July 19
Last day to drop or withdraw from Summer Session II (6 week) with a 50% refund.

July 26
Deadline to drop courses or withdraw from Summer Session II (6 week) with an automatic “W.”

August 16
Last day of summer (12 week) classes. Deadline to withdraw with an instructor’s grade of “W” or “F.” Final examination day for summer (12 week) session.

Last day of Summer Session II (6 week) classes. Deadline to withdraw with an instructor’s grade of “W” or “F.” Final examination day for all Summer II (6 week) classes.

August 19
Summer (12 week) grades available at www.onestart.iu.edu
Summer Session II (6 week) grades available at www.onestart.iu.edu

Fall 2010

July 26
Fee statements available to students via www.onestart.iu.edu ~ QuickPay

August 20
FEE PAYMENT DUE DATE for students registering Mar. 29th – Aug. 20. After this date, fee payment is due at time of registration.

August 21
Open 9a.m. -1p.m. for enrollment/registration activities.

August 28
Open 9a.m. -1p.m. for enrollment/registration activities.

August 30
CLASSES BEGIN

Aug 30–Sep 3
Late registration/schedule adjustment period. $17.00 late registration fee in effect.

Sept. 3
Last day to register, add courses, or change sections. Last day to drop courses or totally withdraw with no grade recorded. From September 4 through October 29 a grade of “W” will be recorded for all courses dropped.

Last day to drop or withdraw with a 100% refund.

September 6
Labor Day Holiday. Campus closed.

September 10
Last day to drop or withdraw with a 75% refund.

September 17
Last day to drop or withdraw with a 50% refund.

September 24
Last day to drop or withdraw with a 25% refund. No refund after this date.

October 19
Second 7-week classes begin.

November 1
Early registration for Spring 2011 begins (for continuing students).

November 5
OPEN REGISTRATION for Spring 2011 begins.

December 13
Deadline to withdraw with instructor’s grade of “W” or “F.”

December 14–20
Final examination period.

December 20
Last day of final examinations.

December 22
Deadline for faculty to have their grades posted in SIS.

December 23
Fall grades available at www.onestart.iu.edu

Spring 2011

November 1
EARLY REGISTRATION for Spring 2011 begins (for continuing students).

November 5
OPEN REGISTRATION for Spring 2011 begins.

December 13
Fee statements mailed to all students who registered by December 5. Available online for students who registered by December 6.

January 3, 2011
FEE PAYMENT DUE DATE for students registering November 1 – January 3. After this date, fee payment is due at time of registration.

January 8
Open 9a.m. -1p.m. for registration activities.

January 15
Open 9a.m. -1p.m. for registration activities.

January 17
Dr. Martin Luther King Jr. Birthday—Holiday. Campus closed.

January 18
CLASSES BEGIN.

Jan. 18–24
Late registration/schedule adjustment period. $17.00 late registration fee
in effect.

January 24
Last day to register, add courses, or change sections. Final date to drop courses or to totally withdraw with no grade recorded. From January 25 through March 18, a grade of “W” will be recorded for all courses dropped.

Last day to drop or withdraw with a 100% refund.

January 31
Last day to drop or withdraw with a 75% refund.

February 1
Deadline to apply for Spring 2010 graduation.

February 7
Last day to drop or withdraw with a 50% refund.

February 14
Last day to drop or withdraw with a 25% refund. No refund after this date.

March 8
Second 7-week classes begin.

March 18
Final date to drop courses or totally withdraw from the University with an automatic “W.” (Drops after this date must be approved by the instructor and academic dean.)

March 21—26
Spring Break (campus is open but there are no classes).

March 28
Early registration for Summer and Fall 2011 begins (for continuing students).

April 1
Open registration for Summer and Fall 2011 begins.

May 2
LAST DAY OF CLASSES.
Deadline to withdraw with instructor’s grade of “W” or “F.”

May 3 – 9
Final examination period.

May 9
Last day of final examinations.

May 11 (Wed.)
Deadline for faculty to have their grades posted in SIS.

May 12
Grades available to students in OneStart (www.OneStart.iu.edu).

May 13
COMMENCEMENT

Institutional Program Requirements

In order to assist students in meeting the seven campus learning objectives adopted by the campus, Indiana University East has established minimum standards and program requirements for all degrees awarded at Indiana University East. Students should familiarize themselves with these degree requirements as soon as possible in order to choose appropriate courses. All degree programs at Indiana University East have the following requirements. In addition students must meet requirements established by each degree program.

First Year Seminar

A passing grade is required in the First Year Seminar course. This course is mandatory for all beginning freshmen and for transfer students with no more than 12 credit hours of transferring course work. This course must be taken in the first semester after admission to Indiana University East.

Writing Requirement

A grade of C (2.0) or above is necessary in all English composition courses required for a degree. Students must complete ENG W131 or the equivalent within the first 25 credit hours for which they are enrolled. Students must also complete a second writing course with a C (2.0) or above within the first 50 credit hours for which they are enrolled. This course should prepare students for writing research papers and include at least one method of widely accepted documentation and instruct students in library research skills. All students must complete a culminating writing experience in their major.

General Grade Requirement

A passing grade is required in all other courses. A minimum cumulative GPA of 2.0 (C) is required for all courses taken toward a degree.

Required Credit Hours

For a bachelor degree a minimum of 30 hours at the 200 level or above must be completed at Indiana University East. At least 15 hours in the field of concentration must be completed at Indiana University East.

Requesting Exceptions

Requests to deviate from any of the above requirements must be recommended, in writing, by the Dean of the school which the student is obtaining the degree. When multiple schools are involved all Deans of said Schools must consent to the deviation. The recommended deviation will be sent to the Executive Vice Chancellor of Academic Affairs, who will make the final determination regarding the proposed deviation. Written documentation of the final decision will be placed in the student’s advising file. Forms for filing such requests are available in the registrar’s office. Appeals of waiver decisions will be acted upon by the Admissions and Academic Affairs Committee whose decision will be final.

Learning Objectives

The faculty of IU East have identified a set of seven learning objectives that describe the expectations for skills, knowledge and attitudes that they hold for all students at IU East. The curriculum of each academic program is designed to assist students in meeting these expectations.

In some way, every course you take at IU East is intended to help you in achieving one or more of these learning objectives. Each faculty member should tell you, through the course syllabus, the relationship between that particular course and the campus learning objectives.

A variety of methods are used to assess achievement of these learning objectives throughout a student’s tenure at IU East. Information obtained through this process is then used by the faculty to change the curriculum of particular academic programs in order to better support students’ achievement of the seven learning objectives.

General Information —
The seven learning objectives for all students at IU East are:

1. Educated persons should be exposed to a broad variety of academic fields traditionally known as the liberal arts (humanities, fine arts, social sciences, natural sciences) in order to develop a critical appreciation of diversity of ideas and creative expression.

2. Educated persons should have achieved depth in some field of knowledge. A sequential accumulation of knowledge and skills in an academic discipline is essential for focused personal and professional development.

3. Educated persons should be able to express themselves clearly, completely and accurately. Effective communication entails sharing ideas through a variety of techniques, including reading, writing, speaking and technology.

4. Educated persons should be able to relate computational skills to all fields so that they are able to think with numbers. At a minimum, students should be able to carry out basic arithmetical and algebraic functions; they should have a working concept of simple statistics; and they should be able to interpret and use data in various forms.

5. Educated persons should have the ability to develop informed opinions; to comprehend, formulate, and critically evaluate ideas; and to identify problems and find solutions to those problems. Effective problem solving involves a variety of skills including research, analysis, interpretation and creativity.

6. Educated persons should develop the skills to understand, accept, and relate to people of different backgrounds and beliefs. In a pluralistic world one should not be provincial or ignorant of other cultures; one’s life is experienced within the context of other races, religions, languages, nationalities and value systems.

7. Educated persons should be expected to have some understanding of and experience in thinking about moral and ethical problems. A significant quality in educated persons is the ability to question and clarify personal and cultural values, and thus be able to make discriminating moral and ethical choices.

**Framework for General Education in Baccalaureate Degree Programs**

General Education is a set of knowledge and skills that are generally expected of every person who has earned a four-year degree. The General Education requirement is divided into two groups: A core, which is common to all students at Indiana University East, and a set of program specific requirements. The program specific requirements may be met in a variety of ways, and may be tailored to individual programs, as long as they meet the associated objectives.

The list of courses by which a requirement is met is chosen by the faculty of the specific discipline. It is the responsibility of the faculty in this discipline to approve only those courses that clearly meet the course objectives and are college level courses. Courses outside of a specific discipline, if approved, may meet General Education Core Requirements.

Students can use each course to satisfy only one General Education Core requirement.

**Composition & Communication**

*9 Credit Hours*

Effective communication is a foundational skill, as it is required to achieve the objectives of any college level course. For that reason, these courses should come early in the student’s course of study.

These courses contribute towards Learning Objective #4:

- Interpret mathematical models such as formulas, graphs, tables, and schematics and draw inferences from them.
- Represent mathematical information symbolically, visually, numerically, and verbally.
- Use a variety of mathematical methods (algebraic, geometric and/or statistical methods) to solve problems.

**Acceptable Courses (3 cr)**

- Any MATH-M course at the 100-level or higher.
- Sequence MATH (T101, T102/ N102, T103)
- MATH-K 300
- PSY-K 300
- ECON-E 270
- NURS-H 355
- Other courses, if approved by math faculty.

Students may receive exemption from this requirement with appropriate ACT, SAT, or AP scores. See the Mathematics Exemption Policy for details.

**Distribution Requirements**

*27 Credit Hours*

Requiring courses from a range of disciplines across the campus school structure provides opportunities for students to experience many aspects of
the academic world (Learning Objective #1). In doing so students will be able to develop informed opinions on, comprehend and critically evaluate a wide range of ideas (Learning Objective #5).

Natural Science & Mathematics (9 cr)
- Understand the role of empirical data in establishing scientific knowledge.
- Understand that, in addition to empirical evidence, science involves skepticism and rational arguments; that it is not opinion but is rather reasoned consensus among informed experts which improves over time.
- Understand several examples of fundamental concept models in at least two separate disciplines of the natural sciences (Biology, Chemistry, Physics, Geoscience) which underlie our current understanding of the physical world.

This requirement must include courses from at least two different disciplines, with at least 3 credits from the Natural Sciences.

If a Mathematics course is elected, it cannot be the same as the one used to fulfill the College-level Mathematics requirement.

Optionally, a student may “split” a 5-credit Math course so that 3 credits count towards the Math requirement and 2 count towards the Distribution requirement.

Natural Sciences
NSM-designated courses in:
- Chemistry (CHEM)
- Physics (PHYS)
- Geology (GEOL)
- Astronomy (AST)
- Biology (BIOL, MICRO, ZOOL, ANAT, PHSL, PLSC)
One course must have a laboratory.

Mathematics
- Any Mathematics course that would satisfy the general Math requirement.
- Other courses, if approved by science faculty.

Humanities & Social Sciences (18 cr)
- Understand the impact of historical perspectives on cultures and societies.
- Understand the aesthetic principles employed in the arts and humanities.
- Understand ethical considerations within cultures.
- Understand and explain ways in which the social sciences have contributed to our understanding of society in the contemporary or historical context.
- Understand the role of the individual, human agency, social hierarchies and diverse populations.
- Understand, evaluate and critically analyze data from social and behavioral sciences.

Students are required to take 9 credits from each of these two groups, totaling at least 18 credit hours.

Humanities & Fine Arts (9 cr)
HSS-designated courses in:
- Art (FINA)
- History (HIST)
- Philosophy (PHIL)
- Religious Studies (REL)
- English (ENG)
- Theatre (THTR)
- Music (MUS)
- World Languages & Cultures (SPAN, FREN)
- Communication (CMCL, SPCH)
- Telecommunications (TEL)
- Other courses, if approved by the HSS faculty.

This may include, at most, one studio course (ie., FINA-S, MUS-P), unless otherwise specified.

Must include at least two different disciplines (eg., HIST & PHIL, or ENG & MUS)

Behavioral & Social Sciences (9 cr)
HSS-designated courses in:
- Sociology (SOC)
- Psychology (PSY)
- Anthropology (ANTH)
- Political Science (POLS)
- Public/Environmental Affairs (SPEA)
- Social Geography (GEOG-G 110 and higher)
- Students may opt to count either ECON-E 103 or ECON-E 104 towards this requirement.
- Other courses, if approved by the HSS faculty.

Must include at least two different disciplines.

Program-Specific General Education

These requirements may be met in a variety of ways: A program may prescribe specific courses within the General Education Core, or within their program major, which meet the objectives for the program specific general education requirements.

Skill & Knowledge of Information Technology
- Use information technology responsibly.
- Demonstrate skills and fluency in common information technology concepts, terminologies, and applications (e.g., word processing, presentations.)
- Use appropriate tools and technologies to identify, access, evaluate and use information effectively.
- Use information responsibly, in accordance with legal and ethical principles.

Multicultural Awareness & Understanding
- Contributes to Learning Objective #6
- Explain perspectives and contributions linked to a variety of cultural markers (e.g., race, gender, ethnicity, religion, sexual orientation, age, disability, etc.) both in western and non-western contexts.
- Identify differences and commonalities among cultures.
- Evaluate how the student’s own cultural context influences the ways in which he or she perceives those who are different from himself or herself.
- Recognize the basis and impact
of personal and systemic discrimination, prejudice and stereotypes.

**Ethical Reasoning**
- Learning Objective #7
- Explain and evaluate moral principles and ethical theories.
- With respect to a particular moral issue, evaluate alternative positions using appropriate principles or theories and articulate the ramifications and consequences both of alternative courses of action and of the acceptance of different moral principles and ethical theories.

**Program Major Courses**
Each program of study must provide specific courses and experiences to provide the necessary background for a student to achieve depth of knowledge in that discipline commensurate with that of an academic degree program.

These courses contribute to Learning Objective #2.
Degree Programs

BUSINESS & ECONOMICS
17  B.S. Business Administration
18  Minor in Economics
18  Minor in Entrepreneurship
18  Certificate in International Business

EDUCATION

29  B.S. in Criminal Justice
30  Minor in Criminal Justice
30  B.A. in Humanities
32  Minor in Anthropology
32  Minor in History

32  Minor in International Studies
32  Minor in Music
33  Minor or Certificate in Women’s & Gender Studies
34  B.S. in Behavioral and Social Sciences
35  Minor in Psychology
35  Minor in Sociology
35  Minor in Political Science

INFORMATICS
37  B.S. in Informatics

NATURAL SCIENCE & MATHEMATICS
39  B.A. in Natural Science & Mathematics
40  B.S. in Biology
40  B.S. in Biotechnology
41  Minor in Biology
41  Minor in Chemistry
42  Minor in Environmental Studies
42  Certificate in Laboratory Science

NURSING
43  B.S. in Nursing
43  RN to BSN Mobility Option

SOCIAL WORK
45  Bachelor of Social Work
45  Master of Social Work
45  Certificate in Alcohol & Drug Abuse Counseling
46  Certificate in Gerontology

CONTINUING STUDIES
47  Bachelor of General Studies
BUSINESS & ECONOMICS

B.S. Business Administration

Earning the degree Bachelor of Science in Business Administration requires completion of 120 semester hours of credit comprised of IU East General Education, School of Business & Economics major requirements, and electives. A grade of C (2.0) or higher must be attained for all required Business courses.

General Education (39 cr)

Composition & Communication (9)
ENG-W 131 Elementary Composition I
Choose one additional course:
• ENG-W132 Elementary Comp. II
• ENG-W 231 Professional Writing Skills
• ENG-W 270 Argumentative Writing

College Level Mathematics (3)
ECON-E 270 Intro. to Statistical Theory in Economics and Business

Natural Science & Mathematics (9)
MATH-M 118 Finite Mathematics
Choose one Natural Science with lab:
• Chemistry, Physics, Earth Science, Astronomy, Biology, or GEOG-G109

College Level Speech
• SPCH-S 121 Public Speaking
• CMCL-C 223 Business & Professional Communication

Humanities & Fine Arts (9)
Choose 9 credits from at least 2 of the following disciplines:
• Fine Art, History, Philosophy, Religious Studies, English, Theater, Music, World Language, Communication Studies, Telecommunications

Behavioral & Social Sciences (9)
ECON-E 103 Intro to Microeconomics
Choose 6 credits from:
• Sociology, Psychology, Anthropology, Political Science, Social Geography (G110 and higher), Criminal Justice

Additional Requirements (48-50 cr)

First-Year Seminar (0-2)
Students entering the program with less than 12 credit hours of transferable credit are required to complete the First Year Seminar (UCOL-U 101).

Lower Division Courses (6)
BUS-W 100 Intro to Business Administration
ECON-E 104 Intro to Macroeconomics

Information Literacy (3)
Choose one:
• CSCI-A 110 Intro to Computers & Computing

Concentration (15-27 cr)

Students may select one of the following optional concentrations. Whether they opt to follow a concentration track or not, all students must take enough electives to reach 120 credit hours total. These electives may also be used towards a certificate, a second major, or a minor.

Accounting (CPA) Concentration
BUS-A 311 Intermediate Accounting I
BUS-A 312 Intermediate Accounting II
BUS-A 325 Cost Accounting
BUS-A 328 Introduction to Taxation
BUS-A 335 Fund Accounting
BUS-A 339 Advanced Income Tax
BUS-A 422 Advanced Financial Accounting I
BUS-A 424 Auditing
BUS-L 303 Commercial Law II

Accounting (Managerial) Concentration
BUS-A 311 Intermediate Accounting I
BUS-A 312 Intermediate Accounting II
BUS-A 325 Cost Accounting
BUS-A 328 Introduction to Taxation
BUS Accounting Electives (6 cr.)
• Choose two accounting electives, 300-400 level

Finance Concentration
BUS-G 300 Introduction to Managerial Economics
BUS-F 303 Intermediate Investments
BUS-F 420 Equity & Fixed Income Investment
BUS-F 494 International Finance
BUS-F 446 Bank & Financial Intermediation

Management Information Systems Concentration
INFO-I 210 Information Infrastructure I
INFO-I 211 Information Infrastructure II
CSCI-C 243 Introduction to Data Structures
IIM-I 340 Database Management Systems
IIM-I 380 Data Communication in MIS
BUS-S 310 System Analysis & Design
BUS-S 430 Electronic Commerce Strategic Analysis
INFO-I 320 Distributed Computing

• INFO-I 101 Intro to Informatics

Business Administration Core (39 cr)
BUS-A 201 Intro to Accounting I
BUS-A 202 Intro to Accounting II
BUS-L 203 Commercial Law I
BUS-J 404 Business and Society
BUS-Z 301 Organizational Behavior and Leadership
BUS-Z 440 Personnel and Human Resource Management
BUS-D 301 International Business Management
BUS-W 311 New Venture Creation
IIM-I 300 Foundations and Principles of MIS
BUS-M 301 Marketing Management
BUS-P 301 Operations Management
BUS-F 301 Financial Management
BUS-J 401 Administrative Policy
Minor in Economics
Students must receive a “C” or better in all courses for this minor. *(Available to non-Business majors also)*

**Course Requirements (18 cr)**
- MATH-M 118 Finite Mathematics
- ECON-E 103 Introduction to Microeconomics
- ECON-E 104 Introduction to Macroeconomics
- ECON-E 270 Introduction to Statistical Theory in Economics and Business
- BUS-G 300 Introduction to Managerial Economics
- Choose at least one upper division (300-400) Economics course

Minor in Entrepreneurship
This program will provide you with the basic skills needed to operate an efficient, competitive, and successful business. *(Available to non-Business majors also)*

**Course Requirements (18 cr)**
- BUS-W 100 Intro to Business Administration
- BUS-A 201 Introduction to Accounting I
- BUS-L 203 Commercial Law I
- BUS-M 301 Intro. to Marketing Management *(Must be a junior)*
- BUS-W 311 New Venture Creation *(Prereq A201, L203, M301)*
- BUS-W 408 Practicum in Small Business *(Prereq W311)*

Certificate in International Business
The major objectives of this program are intended to provide you with a basic understanding of the international sector and to equip you for employment in international business.

**Course Requirements (18 cr)**
- MATH-M 118 Finite Mathematics
- BUS-D 301 The International Business Environment
- BUS-M 401 International Marketing *(requires M303 or consent of instructor)*
- BUS-F 494 International Finance *(requires F301)*
- ECON-E 430 International Economics *(requires E103, E104)*
- Choose one from: GEOG-G 110, POLS-Y 107, any World lang.
EDUCATION

The Indiana University East School of Education is accredited by the National Council of Accreditation for Teacher Education, 2010 Massachusetts Ave. NW, Suite 500, Washington, D.C. 20036

Admission to Undergraduate (B.S.) Program

You will be dually enrolled in the University College and as a pre-Education student. To be admitted into the School of Education you will need to do the following:

Requirements for entry into the School of Education

• ENG-W131 with a C+ or better
• SPCH-S121 with a C+ or better
• Minimum of 12 additional credits
• Minimum cumulative GPA of 2.5

Once these requirements have been met, students will receive a letter informing them of their acceptance into the School of Education. Admission for both the Elementary and Secondary majors requires completion of W131 and S121 with at least a C+ in each course. If you do not meet these standards you will be required to take additional course work in the deficient area, earning at least a B- or better.

Teacher Education Program (TEP)

Admission to the Teacher Education Program (TEP) is a separate process. Students intending to enter the TEP must meet several requirements. Application forms are to be completed and given to the School of Education admissions and retention committee chair within two weeks of the semester in which you intend to enter methods classes.

Praxis I scores sent by ETS must be submitted to IU East prior to admission. There is also a writing sample and interview process that must be passed. A GPA of 2.5 must be met in the Humanities, Science, Math and Behavioral and Social Sciences Courses. Students must have the following courses completed with a GPA of 2.5 or better prior to applying:

Course Prerequisites

• EDUC-F 205 Study of Education and Practice of Teaching
• EDUC-M 201 Laboratory / Field Experience
• EDUC-W 200 Microcomputing for Education: An Intro.
• EDUC-M 300 Teaching in a Pluralistic Society
• EDUC-P 250 General Education / Psychology
• An additional 12 credits in the major.

The student must also have completed the PRAXIS I, with scores at or above:

• Reading: 176
• Writing: 172
• Math: 175

You will not be permitted to enroll in methods courses until admission to teacher education is complete.

Student Teaching

Students must apply by December 1st of the year preceding the academic year in which they wish to student teach. (Ex. If you want to teach in Fall 2010 - Spring 2011, you must apply by December 1st of 2009.) The following academic requirements must also be met:

• All the teaching methods courses must be completed
• Methods courses must have a 3.0 Average and no grade less than a C+
• All lab/field experience courses have received “S” (satisfactory) grade
• Cumulative GPA of 2.7 or better
• Humanities, Sciences, Math, and Social Studies must have a cumulative GPA of 2.5 each
• Interview with the Director of Field Experiences
• Passing scores in pre-student teaching portfolios sections I / II

Graduation

Students must meet the following requirements to graduate:

• Cumulative GPA of 2.7 or better
• Student Teaching and Capstone successfully completed
• Special Education in PRAXIS, as necessary
• Must be certified in CPR and first aid

Licensure

Students who wish to be licensed in the state of Indiana must:

• Pass the appropriate PRAXIS II exams

Admission to Program

Before gaining admission to the Masters of Science in Education program, prospective students will need to assemble a portfolio for review. This portfolio should be submitted by March 1 to receive priority consideration, and should include:

• Professional objective statement articulating the applicant’s professional objectives and career plan
• Resume
• Two letters of recommendation - one from the student’s building administrator and one from a teaching colleague.
• Professional documentation representing the teacher’s ability to engage learners and write and assess effective curriculum
• A personal interview with the Director of Graduate Studies or designee
• A non-refundable $50 application fee, payable to IU East

B.S. in Elementary Education

This degree will license you for teaching in both K-6 Elementary Education and K-12 Mild Intervention.

General Education Requirements (39 cr)

Composition & Communication (9)

ENG-W 131 Elementary Composition I
ENG-W 290 Writing for Teachers
SPCH-S 121 Public Speaking

College Level Mathematics (3)

MATH-T 101 Math for Teachers I

Natural Science & Mathematics (9)

BIOL-Q 201 Biological Sciences
PHYS-Q 202 Physical Sciences
Choose one from: GEOL-G 111, AST-A 100, AST-A 105
Humanities & Fine Arts (9)
FINA-T 255 Art & Design
MUS-E 241 or EDUC-E 241 Intro. to Music Fundamentals
ENG-L 225 World Literature

Behavioral & Social Sciences (9)
GEOG-G 110 World Geography
EDUC-P 250 Psychology Applied to Teaching
Choose 1 course from: Psychology, Sociology, Political Science, Anthropology, Economics, and Geography

Additional Requirements (18-20 cr)
First-Year Seminar (0-2)
Students entering the program with less than 12 credit hours of transferable credit are required to complete the First Year Seminar (UCOL-U 101).

Literature (3)
Choose one from:
- ENG-L 390 Children’s Literature
- EDUC-E 449 Tradebooks for Classroom Teachers

Science (3)
EDUC-Q 200 Introduction to Scientific Inquiry

Mathematics (6)
EDUC-N 102 Math for Teachers 2
MATH-T 103 Math for Teachers 3

Social Studies (6)
Choose one U.S. History: HIST-H 105 or 106
Choose one World History: HIST-H 108 or 109

Professional Education Requirements
The lab / field experience courses, including M201, M301, and M401, can (and must) be taken multiple times for credit.

 Foundations (10)
EDUC-W 200 Using Computers in Education
HPER-P 290 Movement for Children
EDUC-F 205 Study for Education & Practice of Teaching
EDUC-M 201 Psychology Applied to Teaching: Lab / Field exp.

Professional Education Courses (12)
EDUC-M 300 Teaching in a Pluralistic Society
EDUC-K 305 Teaching Exceptional Learners
EDUC-E 337 Classroom Learning Environment
EDUC-E 301 Emergent Literacy

Teacher Education Program (0)
EDUC-M 299 TEP Application Required

Methods (24) [Must be admitted to TEP]
EDUC-E 343 & M301 Teaching Math
EDUC-E 328 & M301 Teaching Science
EDUC-E 339 E340 & M301 Teaching Language Arts & Reading
EDUC-K 344 Education of Socially & Emotionally Disturbed
EDUC-K 352 Education of Children w/ Learning Disorders
EDUC-K 490 Assessment I & II
EDUC-K 361 Assistive Technology for Students w/ Disabilities
EDUC-M 301 Special Education Clinic

Student Teaching Semester (15)
EDUC-M 425 Elementary Student Teaching
EDUC-M 311 General Methods & Capstone Seminar

B.S. in Secondary Education
This degree will license you for teaching in both Middle and High School in the selected content area.

Students will need to choose one major from English, Math, Science, and Social Studies. General education requirements vary slightly from program to program.

General Education Requirements (39 cr)
Composition & Communication (9)
ENG-W 131 Elementary Composition I
ENG-W 270 Argumentative Writing
Choose one speech course (eg. SPCH-S121, CMCL-C223)

College Level Mathematics (3)
Choose at least one math course that meets IU East General Education Requirements.

Humanities & Fine Arts (9)
Choose 3 additional courses from: World Language, Music (no studio), Fine Arts (1 studio only), Journalism, Philosophy, Religious Studies, Theater

Natural Science & Mathematics (9)
Choose one science course with a lab. Science courses can be taken from Chemistry, Physics, Biology, Astronomy, Geology, or Anatomy & Physiology.
Choose two additional courses. If you choose a math course it cannot be the same as your College-level Mathematics course

Behavioral & Social Sciences (9)
Choose 3 courses from at least two of the following areas: Anthropology, Economics, Social Geography, History, Political Science, Psychology, Sociology

Additional Requirements (0-2 cr)
First-Year Seminar (0-2)
Students entering the program with less than 12 credit hours of transferable credit are required to complete the First Year Seminar (UCOL-U 101).

Professional Education Requirements
The lab / field experience courses, including M201, M301, and M401, can (and must) be taken multiple times for credit.

 Foundations (17)
EDUC-W 200 Using Computers in Education
EDUC-F 205 Study of Education and Practices of Teaching
EDUC-M 300 Teaching in a Pluralistic Society
EDUC-E 339 E340 & M301 Psychology Applied to Teaching
EDUC-K 306 Teaching students with Special Needs
EDUC-K 344 Education of Socially & Emotionally Disturbed
EDUC-K 352 Education of Children w/ Learning Disorders
EDUC-K 490 Assessment I & II
EDUC-K 361 Assistive Technology for Students w/ Disabilities
EDUC-M 299 TEP Application Required
EDUC-M 311 Special Education Clinic
EDUC-M 311 General Methods & Capstone Seminar

Professional Education Requirements
The lab / field experience courses, including M201, M301, and M401, can (and must) be taken multiple times for credit.

 Foundations (17)
EDUC-W 200 Using Computers in Education
EDUC-F 205 Study of Education and Practices of Teaching
EDUC-M 300 Teaching in a Pluralistic Society
EDUC-P 250 & EDUC-M 201 Psychology Applied to Teaching
EDUC-K 306 Teaching students with Special Needs
Teacher Education Program (0)
EDUC-M 299 TEP Application Required

Methods (15) [Must be admitted to TEP]
EDUC-M 314 & M301 General Methods (complete first)
EDUC-M 464 Sr. H / Jr. H / MS Reading Methods
EDUC-K 490 Assessment I & II
One additional methods course (satisfied in concentration)

Student Teaching Semester (15)
EDUC-M 480 Secondary Student Teaching
EDUC-F 203 Capstone

Skill Review Courses (optional, as needed)
EDUC-X 151 Reading Techniques
ENG-W 130 Principles of Composition

Choose one major:

Secondary English Major

Methods (4)
EDUC-M 452 & M401 English Methods

Writing (9)
ENG-W 203 Creative Writing
ENG-W 395 Individual Study in Writing
Choose one pair:
- ENG-W350 & ENG-L392 (Multicultural Children’s Literature)
- ENG-W351 & ENG-L369 (History of Children’s Literature)

Literature (18)
ENG-L 391 Adolescent Literature
ENG-L 225 World Literature
ENG-L 207 or L378 or L379
ENG-L 250 or L352 American Literature
ENG-L 251 or L354 American Literature
ENG-L 297 or L306 Early British Literature
ENG-L 298 or L220 or L315 Middle British Literature
ENG-L 299 Modern British Literature

Linguistics (6)
ENG-G 207 Grammar and Usage
ENG-G 205 Intro to English Language

Media Studies (6)
SPCH-S 303 Speech Composition
Choose 2 courses from: CMCL-C205, C304 or C427

Choose one track of interest
- Creative Writing: ENG-W 301, 303, 311, 401, 403, 405
- Literature (British) ENG-L 332, 335, 346, 348, 383
- Literature (American) ENG-L 356, 357, 370, 372
- Spanish SPAN-S 100, 150, 200, 250, 303
- Film ENG-L 295, 394, 395
- Theater THTR-T 100, 115, 120, 220, 238, 315, 325
- Speech SPCH-S 323, 324, 325

Secondary Mathematics Major

Methods (4)
EDUC-M457 & M401 Math Methods

Analytic Geometry / Calculus (13)
MATH-M 215 Calculus I
MATH-M 216 Calculus II
MATH-M 311 Calculus III

Abstract & Linear Algebra (9)
MATH-M 303 Linear Algebra
MATH-M 403 Intro. Algebra I
MATH-M 395 Bridge to Abstract Math

Probability & Statistics (3)
Choose one:
- MATH-K 300 Statistical Techniques
- MATH-M 366 Probability / Elements of Statistical Inference

Geometry (3)
MATH-T 336 Euclidean Geometry

Applied Mathematics (3)
Choose one:
- MATH-M 447 Math Models
- MATH-M 313 Differential Equations

Computer Programming (3)
Choose one:
- MATH-M 371 Elementary Computational Methods
- INFO-I 210 Information Infrastructure

Math Electives (9)
Choose one topology course:
- MATH-M 421 Topology
- MATH-T 321 Intuitive Topology
Choose one analysis course:
- MATH-M 413 Intro to Analysis / Real Analysis
- MATH-M 416 Complex Analysis
Choose one Math history course:
- MATH-M 380 History of Math
- MATH-M 405 Number Theory

Choices (6-10)
Choose 2 from:
- INFO-I 101 Intro to Informatics
- PHYS-P 201 Physics I
- PHYS-P 202 Physics II
- MATH (upper level)

Secondary Science Major

Students must choose 1 area of Science from Life Sciences or Physical Science. Students may optionally add on Chemistry or Physics tracks.
All students must take the Methods courses.

Methods (4)
EDUC-M446 & M401 Science Methods

Life Sciences
MATH-M 125 / M126 Precalculus & Trigonometry
CHEM-C 105 / C125 General Chemistry I & Lab
CHEM-C 106 / C126 General Chemistry II & Lab
PHYS-P 201 Intro to Physics I
GEOL-G 111 Physical Geology
One course in Astronomy (AST)
BIOL-L 107 Biological Concepts
BIOL-L 325 Ecological Principles
Choose one:
• PLSC-B 301 Plant Biology
• ZOOL-Z 301 Intro to Animal Kingdom
Choose one:
• BIOL-L 314 Genetics
• BIOL-L 315 Cell Biology
Choose two additional Biology courses at the 200 or 300 level

Physical Science
MATH-M 215 Calculus I
BIOL-L 107 Biological Concepts
GEOL-G 111 Physical Geology
Choose one course in Astronomy (AST)
CHEM-C105 / C125 General Chemistry I & lab
CHEM-C106 / C126 General Chemistry II & lab
CHEM-C341 / C343 Organic Chemistry I & lab
CHEM-C342 / C344 Organic Chemistry II & lab
PHYS-P 201 Intro to Physics I
PHYS-P 202 Intro to Physics II
One additional upper-level course in Chemistry or Physics

OPTIONAL: Chemistry add-on
(This can be added on to a Life Sciences area)
CHEM-C341 / C343 Organic Chemistry I & lab
CHEM-C342 / C344 Organic Chemistry II & lab
Choose one additional upper level course in Chemistry

OPTIONAL: Physics add-on
(This can be added on to a Life Sciences area)
MATH-M 215 Calculus I
PHYS-P 202 Intro to Physics II
Choose one additional course in upper level Physics

Secondary Social Studies Major
Social Studies courses are grouped into areas. Students must choose one primary and two supporting areas. 27 of the 54 credits must be at the 200 level and above.
• From the primary area, choose 18-21 credit hours.
• From the secondary areas, choose 12-15 credit hours each.
• From any of the remaining areas, choose 2 additional courses.

Methods (4)
EDUC M441 & M401 Social Studies Methods

Area: Historical
If primary, these are required courses:
HIST-H 105, 106, 108, 109
If primary, choose 3 from:

Area: Economics
ECON-E 103, 104, 321, 322, 340, 350, 430, 495

Area: Geographical Perspectives
GEOG-G 110, 306, 317, 326

Area: Government & Citizenship (Political Science)
POLS-Y103, 107, 206, 307, 105, 304, 305, 308, 324, 325, 346

Area: Psychology
PSY-P 103, 211, 212, 216, 302, 316, 319, 320, 324, 325, 327, 335

Area: Sociology
SOC-S 215, 217, 316, 320, 335, 413

M.S. in Education
The graduate level Education degree program is a three semester endeavor with a mixture of classes, seminars, and practical development.

First Semester (15 credits)
Students will attend the Best Practice Academy, an intensive six week summer program, earn 12 credits during the summer, followed by a single course during the academic year. They will examine and analyze current prevailing practice regarding what is most effective and efficient in the way of programs, curriculum, strategies and practice.

The Best Practice Academy
• EDUC-F 500 Community of Learners
• EDUC-J 511 Differentiated Instruction
• EDUC-J 655 Seminar in Multicultural and Global Educ.
• EDUC-L 501 Advanced Reading Methods (Secondary)
• EDUC-L545 Advanced Reading Methods (Elementary)
• EDUC-F 500 or E595 Action Research in the classroom during the academic year.

Second Semester (15-18 credits)
Combine your analysis of professional practice in your classroom and school with courses you select based on your professional development objectives. You will have the opportunity to research and share the practices you find most effective in your classroom.

Third Semester (3-6 credits)
Students will investigate an area of professional practice you consider to be significant in which you desire to develop expertise.
HUMANITIES & SOCIAL SCIENCES

Students declaring a major that resides in the School of Humanities and Social Science must meet the admission requirements for the IU East campus, have a 2.00 cumulative GPA, and have completed W131 Elementary Composition with a grade of C or better.

After declaring a major within the HSS School, first-year students must take the gateway course for the major within their first 36 credit hours; sophomores or above must take the gateway course for their degree within 24 credit hours of declaring the major. The minimum grade for the gateway course is a "C".

A minimum of 36 credit hours must be taken at the 300 level or above, with at least half in the major.

B.S. Communication Studies

General Education (39 cr)

Composition & Communication (9)
ENG-W 131 Elementary Composition I
ENG-W 231 Professional Writing
SPCH-S 121 Public Speaking

College-level Mathematics (3)
Choose 1 MATH-M course at or above M110

Natural Science & Mathematics (9)
Choose one Natural Science with lab:
• Chemistry, Physics, Geology, Astronomy, Biology, Physical Geography
Choose enough additional Natural Science or Mathematics courses to complete 9 credits

Humanities & Fine Arts (9)
Choose 9 credits from at least 2 of the following disciplines:
(Only one studio course)

Behavioral & Social Sciences (9)
Choose 9 credits from at least 2 of the following disciplines:
• Sociology, Psychology, Anthropology, Political Science, Social Geography, Economics
(Only one Economics course)

Additional Requirements (0-2 cr)

First-Year Seminar (0-2)
Students entering the program with less than 12 credit hours of transferable credit are required to complete the First Year Seminar (UCOL-U 101).

Technical Competency Requirement (12 cr)

Choose one group of courses below; Substitutions may be approved by your advisor.

Group: Informatics
INFO-I 101 Introduction to Informatics
INFO-I 201 Math Foundation of Informatics
INFO-I 202 Social Informatics
INFO-I 210 Information Infrastructure

Group: Computer Science
CSCI-C 201 Introduction to Computer Science
CSCI-C 202 Introduction to Computer Software Systems
CSCI-C 307 Applied Programming Techniques
CSCI-C 335 Computer Structures

Group: Computer Graphics Technology (via Purdue)
CGT-101 Intro to Computer Graphics
CGT-110 Computer Graphics Communications
CGT-111 Design for Visualization & Communication
CGT-112 Sketching for Visualization & Communication

Group: Telecommunications
JOUR-J 210 Visual Communication
TEL-T 206 Intro. to Design & Production (Video)
TEL-T 283 Intro to Production Techniques (Television)
TEL-T 498 Special Projects in Telecommunications

Group: Technical Writing
ENG-W 234 Technical Writing
ENG-W 270 Argumentative Writing
ENG-W 321 Advanced Technical Writing
ENG-G 205 Grammar & Usage

Concentration Requirements (42 cr)

Communication Studies Core (21)
You must complete a total of 42 credit hours in Communication and related areas. (CMCL, SPCH, JOUR, THTR). (When registering, SPCH-S courses with the same number and title may substitute equally for CMCL-C courses.)
CMCL-C 205 Intro. to Comm. & Culture (Gateway Course)
CMCL-C 303 Propaganda & Persuasion
CMCL-C 405 Communication Theory
CMCL-C 424 Research Methods
CMCL-C 427 Cross-Cultural Communication
CMCL-C 450 Gender & Communication
Choose any one Theater course (THTR-T).

Major Electives (21)
Students should discuss their career goals with their advisor when selecting these courses. Students must select elective courses that have not already been taken for the other requirements for this degree.
Choose 18 credits from these additional courses:
• JOUR-J 200 News Writing
• ENG-G 207 Grammar & Usage
• JOUR-J 210 Visual Communication
• JOUR-J 219 Intro to Public Relations
• JOUR-J 290 Internship in Journalism
• CMCL-C 333 Public Relations Writing
• SPCH-S 323 Speech Composition
• CMCL-C 122 Interpersonal Communication
• CMCL-C 315 Advertising & Consumer Culture
• CMCL-C 334 Website Design
• CMCL-C 225 Discussion & Group Methods
• CMCL-C 334 Love & Romance in the Mass Media
• CMCL-C 304 Communication & Social Conflict
• CMCL-C 380 Nonverbal Communication
• CMCL-C 440 Organizational Communication
• CMCL-C 490 Internship in Communication
• BUS-Z 301 Organizational Behavior & Leadership
• BUS-M 301 Intro to Marketing Management
• ENG-W 270 Argumentative Writing
• ENG-W 321 Advanced Technical Writing
• ENG-W 234 Technical Report Writing
• TEL-T 206 Intro to Design and Production
• TEL-T 283 Intro to Television Production
• TEL-T 498 Projects in Telecommunication

Internship
If you major in communication at IU East, you may complete an internship with an organization in cooperation with the communication faculty as one of your major electives.

Electives
Enough credits to complete the degree requirement of 120.

B.A. Communication Studies
A minimum of 36 credit hours must be taken at the 300 level or above, with at least half in the major.

General Education (39 cr)

Composition & Communication (9)
ENG-W 131 Elementary Composition I
ENG-W 231 Professional Writing
SPCH-S 121 Public Speaking

College-level Mathematics (3)
Choose 1 MATH-M course at or above M110

Natural Science & Mathematics (9)
Choose one Natural Science with lab:
• Chemistry, Physics, Geology, Astronomy, Biology, Physical Geography
Choose enough additional Natural Science or Mathematics courses to complete 9 credits

Humanities & Fine Arts (9)
Choose 9 credits from at least 2 of the following disciplines:
(Only one studio course)

Behavioral & Social Sciences (9)
Choose 9 credits from at least 2 of the following disciplines:
• Sociology, Psychology, Anthropology, Political Science, Social Geography, Economics
(Only one Economics course)

Concentration Requirements (42 cr)

Communication Studies Core (21)
You must complete a total of 42 credit hours in Communication and related areas. (CMCL, SPCH, JOUR, THTR), (When registering, SPCH-S courses with the same number and title may substitute equally for CMCL-C courses.)
CMCL-C 205 Intro. to Comm. & Culture (Gateway Course)
CMCL-C 303 Propaganda & Persuasion
CMCL-C 405 Communication Theory
CMCL-C 424 Research Methods
CMCL-C 427 Cross-Cultural Communication
CMCL-C 450 Gender & Communication
Choose any one Theater course (THTR-T).

Major Electives (21)
Students should discuss their career goals with their advisor when selecting these courses. Choose 18 credits from:
• JOUR-J 200 News Writing
• ENG-G 207 Grammar & Usage
• JOUR-J 210 Visual Communication
• JOUR-J 219 Intro to Public Relations
• JOUR-J 290 Internship in Journalism
• CMCL-C 333 Public Relations Writing
• SPCH-S 323 Speech Composition
• CMCL-C 122 Interpersonal Communication
• CMCL-C 315 Advertising & Consumer Culture
• CMCL-C 334 Website Design
• CMCL-C 225 Discussion & Group Methods
• CMCL-C 334 Love & Romance in the Mass Media
• CMCL-C 304 Communication & Social Conflict
• CMCL-C 380 Nonverbal Communication
• CMCL-C 440 Organizational Communication
• CMCL-C 490 Internship in Communication
• BUS-Z 301 Organizational Behavior & Leadership
• BUS-M 301 Intro to Marketing Management
• ENG-W 270 Argumentative Writing
• ENG-W 321 Advanced Technical Writing
• ENG-W 234 Technical Report Writing
• TEL-T 206 Intro to Design and Production
• TEL-T 283 Intro to Television Production
• TEL-T 498 Projects in Telecommunication

Internship
If you major in communication studies at IU East, you may complete an internship with an organization in cooperation with the communication faculty as one of your major electives.

Additional Requirements (3-19 cr)

First-Year Seminar (0-2)
Students entering the program with less than 12 credit hours of transferable credit are required to complete the First Year Seminar (UCOL-U 101).

World Languages & Cultures Requirement (0-14)
This requirement may be met in one of the following ways:
• Four courses in sequence in a single non-English language
• Three non-English language courses (with at least two in sequence) and one culture course taught in English
• Two courses in sequence in two different non-English languages (totaling 4 courses)
• Two courses in sequence in one non-English language and two culture courses taught in English.
Information Literacy (3)  
CSCI-A 110 Intro to Computers & Computing or equivalent

Electives

Additional credits to complete the degree requirement of 120.

B.A. Communication Studies (Online)

This degree completion program is designed for students who have completed at least 60 semester hours of transferable college credit with a GPA of 2.0 or better, or individuals who have completed an associate degree at the community college level. Prior transcripts are evaluated to determine academic status in relation to satisfying degree program requirements, including both general education courses equivalent to the Indiana University East core curriculum and all prerequisites for upper division, junior- and senior-level work.

A total of 42 major credits are required to complete the program. Full-time students may complete the program in 3 semesters if they commit to a load of 12 -15 credits each semester. The number of courses necessary to complete your degree will depend primarily on how many earlier credits transfer. Students who have already completed the appropriate general education and distribution requirements may complete their communication studies course work online. The degree fulfilling communication studies classes are being offered on a 3 semester rotation.

While the program is designed for students already holding an associate degree or who have completed at least two years of college, many general education courses are also available online. Students should meet with a communication studies advisor to determine when is the right time to enroll in the online program and to develop a program of study.

Students will also have to complete the World Language requirement if they have not previously done so.

All courses are taught completely online.

(When registering, SPCH-S courses with the same number and title may substitute equally for CMCL-C courses.)

Completion Program Requirements (60)

Semester 1 (Spring)
CMCL-C 450 Gender & Communication  
THTR-T 370 / 371 History of Theatre  
SPCH-S 333 Public Relations Writing  
Choose one online World Culture / Literature course

Semester 2 (Summer)
ENG-W 231 Professional Writing  
CMCL-C 380 Nonverbal Communication

Semester 3 (Fall)
CMCL-C 205 Intro to Communication & Culture  
CMCL-C 405 Communication Theories  
CMCL-C 440 Organizational Communication  
Choose one online World Culture / Literature course

Semester 4 (Spring)
CMCL-C 424 Research Methods  
SPCH-S 303 Propaganda & Persuasion  
CMCL-C 315 Advertising & Consumer Culture  
JOUR-J 110 Intro to Mass Communication

Semester 5 (Summer)
CMCL-C 334 Love & Romance in the Mass Media  
Choose one online elective

Semester 6 (Fall)
CMCL-C 427 Cross Cultural Communication  
Choose 3 online Electives

Minor in Communication Studies
Consult with Communication Studies faculty.

Minor Requirements (18 cr)
CMCL-C 205 Introduction to Speech Communication  
CMCL-C 303 Propaganda & Persuasion  
Choose two of the following:  
• CMCL-C 122 Interpersonal Communication  
• CMCL-C 223 Business and Professional Communication  
• CMCL-C 427 Cross-cultural Communication  
Choose at least 2 more upper division communication courses.

B.A. in English

A minimum of 36 credit hours must be taken at the 300-400 level, with at least half of those in English.

General Education (39 cr)

Composition & Communication (9)
ENG-W 131 Elementary Composition I  
Choose one Communication course:  
• SPCH-S 121 Public Speaking  
• CMCL-C 223 Business Communication  
• ENG-W 231 Professional Writing Skills

College Level Mathematics (3)  
Choose one mathematics course at or above M110

Natural Science & Mathematics (9)  
Choose one Natural Science with lab:  
• Chemistry, Physics, Geology, Astronomy, Biology, Geology, Physical Geography  
Choose enough additional Natural Science or Mathematics courses to complete 9 credits

Humanities & Fine Arts (9)  
Choose 9 credits from at least 2 of the following disciplines:  
(No English courses; only one studio course)

Behavioral & Social Sciences (9)  
Choose 9 credits from:  
• Sociology, Psychology, Anthropology, Political Science, Social Geography (G110 and higher), Criminal Justice

Concentration Requirements (36 cr)

All courses for this requirement must be 200 level or above.  
ENG-L 202 Literary Interpretation
Group: Backgrounds of British Literature to 1800 (3)
Choose one:
• ENG-L 297 English Literature to 1600
• ENG-L 298 English Literature from 1600 - 1800
• ENG-L 305 Chaucer
• ENG-L 315 Major Plays of Shakespeare
• ENG-L 318 Milton
• (Other courses may apply, consult with the English dept.)

Group: Backgrounds of American Literature to 1865 (3)
Choose one:
• ENG-L 250 American Literature before 1865
• ENG-L 251 American Literature since 1865
• ENG-L 355 American Fiction to 1900
• ENG-L 356 American Poetry to 1900
• (Other courses may apply, consult with the English dept.)

Group: Modern Literature Since 1800 (3)
Choose one:
• ENG-L 299 English Literature since 1800
• ENG-L 332 Romantic Literature
• ENG-L 335 Victorian Literature
• ENG-L 357 20th Century American Poetry
• ENG-L 358 20th Century American Fiction
• ENG-L 372 Contemporary American Fiction
• (Other courses may apply, consult with the English dept.)

Group: Literature in World & Cultural Context (3)
Choose one:
• ENG-C 205 Classical Mythology
• ENG-L 213 Literary Masterpieces
• ENG-L 378 Studies in Women & Literature
• ENG-L 379 American Ethnic & Minority Literature
• (Other courses may apply, consult with the English dept.)

Writing Requirement (3)
Choose one writing course (ENG-W) 300 level or above

Information Literacy (3)
CSCI-A 110 Intro to Computers & Computing or equivalent

Writing Requirement (3)
Choose one 300 level or higher writing course.

Electives (31-45 cr)
Choose additional courses to reach 120 credit hours total.

B.A. in English (Online)
This degree completion program is designed for students who have completed at least 60 semester hours of transferable college credit with a GPA of 2.0 or better, or individuals who have completed an associate degree at the community college level. Prior transcripts are evaluated to determine academic status in relation to satisfying degree program requirements, including both general education courses equivalent to the Indiana University East core curriculum and all required prerequisites.

The program of study can prepare students for graduate school in English, Education, or Law. A background in English can serve as a preparation for graduate work in a range of fields such as law and secondary or university level teaching. The degree program can also be the basis for a career in professional writing. Students work closely with their faculty advisor to select appropriate courses and electives to meet individual education and career goals.

The following is a sample two-year plan for the degree. “Even” and “Odd” refers to the annual cycle. “2009” is an “Odd” year; “2010” is an “Even” year.

Fall Even (15)
  ENG-G 205 Introduction to the English Language
  ENG-W 231 Professional Writing Skills
  CMCL-C 205 Introduction to Communication and Culture
  ENG-L 384 Studies in 19th Century American Literature

Spring Odd (15)
  ENG-G 207 Grammar and Usage
  ENG-L 369 History of Children’s Literature
  CMCL-C 223 Business and Professional Communication

Fall Odd (15)
  ENG-G 301 History of the English Language
  ENG-W 270 Argumentative Writing
  ENG-W 321 Advanced Technical Writing
  ENG-L 332 Romantic Literature
  CMCL-C 304 Communication and Social Conflict

Spring Even (15)
  ENG-G 207 Grammar and Usage
  ENG-L 369 History of Children’s Literature
  CMCL-C 427 Cross Cultural Communication
  SPCH-S 303 Propaganda and Persuasion
  ENG-W 470 Senior Seminar

Your actual program sequence will depend on the semester that you choose to begin the program.
Minor in Creative Writing

Non-English majors must complete courses from the list below. English majors must complete 15 additional credit hours (5 courses) beyond the 36 required for the major in order to qualify for any English minor or certificate. At least 9 of the 18 credit hours must be at the 300 level and above.

300 & 400-level courses may be repeated once for credit.

Course Requirements (18 cr)
ENG-W 203 Creative Writing
Choose one:
- ENG-L 202 Literary Interpretation
- ENG-L 204 Introduction to Fiction
- ENG-L 205 Introduction to Poetry
- ENG-L 208 Essay in Literature

Choose 12 credits from the following (any of these courses may be taken twice for credit):
- ENG-W 301 Writing Fiction
- ENG-W 303 Writing Poetry
- ENG-W 311 Writing Creative Nonfiction
- ENG-W 401 Advanced Fiction Writing
- ENG-W 403 Advanced Poetry Writing
- ENG-W 405 Writing Prose Non-Fiction

Evaluation
You will compile a portfolio of three creative writing projects of different focuses completed for courses and write a reflective essay of introduction. The portfolio will be reviewed by at least two English faculty. Your advisor will coordinate the portfolio review process.

Minor in Literature

Non-English majors must complete courses from the list below. English majors must complete 15 additional credit hours (5 courses) beyond the 36 required for the major in order to qualify for any English minor or certificate. At least 9 of the 18 credit hours must be at the 300 level and above.

Course Requirements (18 cr)
ENG-L 202 Literary Interpretation
Choose one Background in British Literature from:
- ENG-L 308 Renaissance and Jacobean Theatre
- ENG-L 315 Major Plays of Shakespeare
- ENG-L 297 Literature to 1600
- ENG-L 298 English Literature from 1600-1800
- (other courses as approved by the English department)

Choose one Background in American Literature from:
- ENG-L 250 American Literature before 1865
- ENG-L 251 American Literature Since 1865
- ENG-L 361 Studies in 19th Century American Literature
- ENG-L 369 Studies in British and American Authors
- (other courses as approved by the English department)

Choose one Modern Literature from:
- ENG-L 299 English Literature Since 1800
- ENG-L 354 American Literature since 1914
- ENG-L 380 Literary Modernism
- ENG-L 381 Recent Writing
- (other courses as approved by the English department)

Choose one Literature in World & Cultural Context from:
- ENG-L 378 Studies in Women and Literature
- ENG-L 364 Native American Literature
- ENG-L 382 Fiction of the Non-Western World
- ENG-L 383 Studies in British or Commonwealth Culture
- ENG-L 213 / 214 Literary Masterpieces I / II
- ENG-L 225 Introduction to Literary Masterpieces
- ENG-C205 Classical Mythology
- (other courses as approved by the English department)

Choose one English elective.

Note: Other courses may apply toward the certificate as approved by the certificate advisors.
Evaluation
You will compile a portfolio of three literary projects of different focuses completed for courses and write a reflective essay of introduction. The portfolio will be reviewed by at least two English faculty. Your advisor will coordinate the portfolio review process.

Certificate in Creative Writing
Non-English majors must complete courses from the list below. English majors must complete 15 additional credit hours (5 courses) beyond the 36 required for the major in order to qualify for any English minor or certificate.

At least 9 of the 18 credit hours must be at the 300 level and above.

300 & 400-level courses may be repeated once for credit.

Course Requirements (18 cr)
ENG-W 203 Creative Writing

Choose one:
• ENG-L 202 Literary Interpretation
• ENG-L 204 Introduction to Fiction
• ENG-L 205 Introduction to Poetry
• ENG-L 208 Essay in Literature

Choose 12 credits from the following (any of these courses may be taken twice for credit):
• ENG-W 301 Writing Fiction
• ENG-W 303 Writing Poetry
• ENG-W 311 Writing Creative Nonfiction
• ENG-W 401 Advanced Fiction Writing
• ENG-W 403 Advanced Poetry Writing
• ENG-W 405 Writing Prose Non-Fiction

Evaluation
You will compile a portfolio of different focuses completed for courses and write a reflective essay of introduction. The portfolio will be reviewed by at least two English faculty. Your advisor will coordinate the portfolio review process.

Certificate in Literature
Non-English majors must complete courses from the list below. English majors must complete 15 additional credit hours (5 courses) beyond the 36 required for the major in order to qualify for any English minor or certificate.

At least 9 of the 18 credit hours must be at the 300 level and above.

Certificate Requirements (18 cr)
ENG-L 202 Literary Interpretation

Choose one Background in British Literature from:
• ENG-L 305 Chaucer
• ENG-L 315 Major Plays of Shakespeare
• ENG-L 297 Literature to 1600
• ENG-L 298 English Literature from 1600-1800
• (other courses as approved by the English department)

Choose one Background in American Literature from:
• ENG-L 250 American Literature before 1865
• ENG-L 251 American Literature Since 1865
• ENG-L 361 Studies in 19th Century American Literature
• ENG-L 369 Studies in British and American Authors
• (other courses as approved by the English department)

Choose one Modern Literature from:
• ENG-L 299 English Literature Since 1800
• ENG-L 354 American Literature since 1914
• ENG-L 380 Literary Modernism
• ENG-L 381 Recent Writing
• (other courses as approved by the English department)

Choose one Modern Literature from World & Cultural Context from:
• ENG-L 378 Studies in Women and Literature
• ENG-L 364 Native American Literature
• ENG-L 382 Fiction of the Non-Western World
• ENG-L 383 Studies in British or Commonwealth Culture
• ENG-L 213 / 214 Literary Masterpieces I / II
• ENG-L 225 Introduction to Literary Masterpieces
• CLAS-C205 Classical Mythology
• (other courses as approved by the English department)

Choose one English elective.

Note: Other courses may apply toward the certificate as approved by the certificate advisors.

Evaluation
You will compile a portfolio of different focuses completed for courses and write a reflective essay of introduction. The portfolio will be reviewed by at least two English faculty. Your advisor will coordinate the portfolio review process.

Certificate in Technical & Professional Writing
Non-English majors must complete courses from the list below. English majors must complete 15 additional credit hours (5 courses) beyond the 36 required for the major in order to qualify for any English minor or certificate.

Certificate Requirements (18 cr)
At least 9 hours of the certificate must be completed on the IU East campus and at least 9 of the 18 credit hours must be at the 300 level and above. You may include one independent study in your course plan. Independent studies must be approved by the certificate advisor.

Course Requirements: (12)
ENG-W 231 Professional Writing Skills
ENG-W 234 Technical Report Writing
ENG-W 270 Argumentative Writing
ENG-W 321 Advanced Technical Writing

Electives (6)
ENG-W 395 Individual Study in Writing
ENG-W 331 Business and Administrative Writing
JOUR-J 390 Corporate Publications
CMCL-C 228 Argumentation and Advocacy
SPCH-S 223 Business and Professional Communication
Note: Other courses may apply toward the certificate as approved by the certificate advisors.

**Evaluation**

You will compile a portfolio of three technical communication projects of different focuses completed for courses and write a reflective essay of introduction. The portfolio will be reviewed by at least two English faculty. Your advisor will coordinate the portfolio review process.

**Graduate Certificate in Composition Studies (Online)**

The Graduate Certificate in Composition Studies Program offers graduate level education in composition studies for those who teach English at the high school or post-secondary level or for those who wish to teach writing at the community college or university level that do not hold an M.A. in English.

The purpose of the graduate Certificate in Composition Studies is to offer students a focused certificate in the teaching of reading and writing. The certificate provides structured learning and a supportive atmosphere for students who do not wish to pursue a traditional master’s degree in English or who wish to pursue certification in Composition Studies prior to or after completion of an MA degree.

The certificate’s courses, offered 100% online, provide flexibility in format and scheduling. Our online courses offer individualized instruction by shaping courses to individual student needs. The certificate also provides further professional development at the graduate level for licensed teachers already teaching academic writing at the high school level. The certificate does not lead to Indiana teacher licensure.

**Certificate Requirements**

Students must complete the 15 credit hours from the courses listed below, with 12 of the credit hours earned from IU East. Students must earn a grade of “B” or better for all courses used within the certificate.

Optionally, students may incorporate one independent study into their course plan, but it must be approved by the certificate advisor.

**Course Requirements (15)**

- ENG-W 500 Issues in Teaching Writing
- ENG-G 660 Stylistics
- ENG-W 501 Teaching College Writing
- ENG-W 620 Advanced Argumentative Writing
- ENG-W 682 Spec. Topics: Rhetoric & Composition (Capstone)

**B.A. in Fine Arts**

A minimum of 36 credit hours must be taken at the 300 level or above, with at least half in Fine Arts

**General Education (39 cr)**

**Composition & Communication (9)**

- ENG-W 131 Elementary Composition I

  Choose one secondary composition course:
  - ENG-W 231 Professional Writing

**B.S. in Criminal Justice**

**General Education (39 cr)**

**Composition & Communication (9)**

- ENG-W 131 Elementary Composition I

**College-level Mathematics (3)**

Choose 1 MATH-M course at or above M110

**Natural Science & Mathematics (9)**

Choose one Natural Science with lab:
- Chemistry, Physics, Geology, Astronomy, Biology, Physical Geography

Choose enough additional Natural Science or Mathematics courses to complete 9 credits

**Behavioral & Social Sciences (9)**

Choose 9 credits from at least 2 of the following disciplines:
- Sociology, Psychology, Anthropology, Political Science, Social Geography (G110 and higher), Criminal Justice

**Concentration Requirements (45 cr)**

- Of the required 45 credits, 18 must be at the 300 level or higher.
- Choose 12 credits in Art History / Art Appreciation
- Choose 9 credits in Fundamental Studio Course at the 100 level
- Choose 6 credits of Studio courses (200 level)
- Choose 15 credits in Studio courses (300-400 level)
- FINA-S 400 Capstone (3 credits)

**Additional Requirements (3-19 cr)**

**First-Year Seminar (0-2)**

Students entering the program with less than 12 credit hours of transferable credit are required to complete the First Year Seminar (UCOL-U 101).

**World Languages & Cultures Requirement (0-14)**

This requirement may be met in one of the following ways:
- Four courses in sequence in a single non-English language
- Three non-English language courses (with at least two in sequence) and one culture course taught in English
- Two courses in sequence in two different non-English languages (totaling 4 courses)
- Two courses in sequence in one non-English language and two culture courses taught in English.

**Information Literacy (3)**

CSCI-A 110 Intro to Computers and Computing or equivalent
ENG-W 231 Professional Writing
Choose one Communication course:
• SPCH-S 121 Public Speaking
• CMCL-C 223 Business Communication

College-level Mathematics (3)
Choose 1 MATH-M course at or above M118 (excluding M123)

Natural Science & Mathematics (9)
MATH-K 300 Statistics
Choose 6 credits, including one Natural Science with lab:
• Chemistry, Physics, Geology, Astronomy, Biology, Physical Geography

Humanities & Fine Arts (9)
HIST-H 105 American History I
HIST-H 106 American History II
Choose 3 credits from one of the following disciplines:

Behavioral & Social Sciences (9)
POLS-Y 304 American Constitutional Law I
POLS-Y 305 American Constitutional Law II
Choose 3 credits from:
• Anthropology, Economics (ECON-E 103 or 104), Psychology, Sociology, Social Geography (GEO G110 or above)

Additional Requirements (3-5 cr)
First-Year Seminar (0-2)
Students entering the program with less than 12 credit hours of transferable credit are required to complete the First Year Seminar (UCOL-U 101).

Information Literacy (3)
Choose one from:
• COLI-S 330 & 360 Computers in BSS / Statistical Analysis
• CSCI-A 110 Intro to Computers & Computing
• INFO-I 210 Information Infrastructure I
• EDUC-W 200 Microcomputing for Education: an Intro.
• INFO-I 101 Intro to Informatics

Degree Requirements (45 cr)
Public Affairs and Policy Courses (12)
SPEA-V 170 Intro to Public Affairs
SPEA-V 366 Managing Behavior in Public Organization
Choose two other SPEA public affairs courses in consultation with advisor.

Criminal Justice Course Requirements (24)
SPEA-J 101 The American Criminal Justice System
SPEA-J 201 Theoretical Foundations of Crim. Justice Policies
SPEA-J 202 Criminal Justice Data, Methods & Resources
SPEA-J 301 Substantive Criminal Law
SPEA-J 306 The Criminal Courts
SPEA-J 321 American Policing
SPEA-J 331 Corrections
SPEA-J 439 Crime and Public Policy

Criminal Justice Course Electives (9)
Choose three courses from:
• SPEA-J 206 Topics in Criminal Justice
• SPEA-J 302 Procedural Criminal Law
• SPEA-J 303 Evidence
• SPEA-J 305 Juvenile Justice
• SPEA-J 320 Criminal Investigation
• SPEA-J 370 Seminar in Criminal Justice
• SPEA-J 380 Internship in Criminal Justice
• SPEA-J 440 Community Corrections
• SPEA-J 480 Research in Criminal Justice

Electives (21-23 cr)
Take enough electives to make your total 120 credit hours.

Minor in Criminal Justice
A significant portion of federal, state, and local budgets is dedicated to funding programs which address various criminal justice issues. These monies are used to fund jobs in the criminal justice system (police, courts, and corrections), and also to fund related ancillary programs (e.g., research, construction, accounting, education, health care, and other social services). Some students at IU East who are majoring in fields other than criminal justice will find it beneficial to acquire a minor in criminal justice in order to better position themselves to work in these areas.

Minor Requirements (15 cr)
SPEA-J 101 American Criminal Justice System
SPEA-J 201 Theoretical Foundations of Crim. Justice Policies
SPEA-J 306 The Criminal Courts
SPEA-J 321 American Policing
SPEA-J 331 Corrections

B.A. in Humanities
A Humanities degree allows the student flexibility in creating a curriculum linked to academic and career interests. Students may pursue a concentration track, focusing on a particular aspect of the Humanities, including: History, Creative Writing, Music or Computer Graphics.

Students may also choose to pursue an interdisciplinary track, designing their own major in the Humanities.

A minimum of 36 credit hours must be taken at the 300 level or above, with at least half in the major.

General Education (39 cr)
Composition & Communication (9)
ENG-W 131 Elementary Composition I
Choose one Communication course:
• SPCH-S 121 Public Speaking
• CMCL-C 223 Business Communication
Choose one secondary composition course from:
• ENG-W 132 Elementary Composition II
• ENG-W 231 Professional Writing Skills
• ENG-W 270 Argumentative Writing

College-level Mathematics (3)
Choose 1 MATH-M course at or above M110
Natural Science & Mathematics (9)
Choose one Natural Science with lab:
• Chemistry, Physics, Geology, Astronomy, Biology, Physical Geography
Choose enough additional Natural Science or Mathematics courses to complete 9 credits (MATH-M123 may not be used)

Humanities & Fine Arts (9)
Choose 9 credits from at least 2 of the following disciplines:
(Only 1 studio course.)

Behavioral & Social Sciences (9)
Choose 9 credits from:
• Sociology, Psychology, Anthropology, Political Science, Social Geography (G110 and higher), Criminal Justice

Concentration Requirements (30 cr)
Courses applied to general education or distribution may not be counted toward the concentration. Courses counted toward the concentration must be taken for a letter grade. At least 36 hours of the curriculum must be at the 300 level or higher, including 15 at the 300 level of the major.

Students may select one concentration (see below) or may do an Interdisciplinary track:

Concentration Track (30)
At least 21 credit hours must be in one Humanities Discipline (select from below), with 12 credits at or above 200 level, and 15 credits at or above the 300 level.

Interdisciplinary Track (30)
At least 12 credit hours at 200 level or above in one Humanities Discipline
Two additional disciplines, with at least 6 credits each, at the 200 level or above.

Additional Requirements (6-22 cr)
First-Year Seminar (0-2)
Students entering the program with less than 12 credit hours of transferable credit are required to complete the First Year Seminar (UCOL-U 101).

World Languages & Cultures Requirement (0-14)
This requirement may be met in one of the following ways:
• Four courses in sequence in a single non-English language
• Three non-English language courses (with at least two in sequence) and one culture course taught in English
• Two courses in sequence in two different non-English languages (totaling 4 courses)
• Two courses in sequence in one non-English language and two culture courses taught in English.

Information Literacy (3)
CSCI-A 110 Intro to Computers and Computing or equivalent

Senior Project (3)
Consult with your advisor.

Computer Graphics Concentration
HER-A 261 Computer Imagery I
HER-A 262 Computer Imagery II
Choose 6 credits of Fine Arts at 200 level or above
Choose 15 credits of Fine Arts Studio courses
Senior Project
Choose one elective focus:

Focus 2-D Computer Graphics
CGT 101 Intro to Computer Graphics
CGT 111 Design for Visual Communications
CGT 211 Raster Imagery for Computer Graphics
CGT 353 Principles of Intr. & Dynamic Media

Focus 3-D Computer Graphics
CGT 101 Intro to Computer Graphics
CGT 116 GeoMod for Visual Communications
CGT 211 Raster Imagery for Computer Graphics
CGT 241 Introduction to Computer Animation
CGT 340 Digital Light and Rendering

Creative Writing Concentration
Writing Requirements (12)
ENG-W 203 Creative Writing
Choose one from:
• ENG-L 202 Literary Interpretation
• ENG-L 204 Introduction to Fiction
• ENG-L 205 Introduction to Poetry
• ENG-L 208 Topics in English & American Literature
Choose one Background in British Literature from:
• ENG-L 297 Literature to 1600
• ENG-L 298 English Literature from 1600-1800
Choose one Background in American Literature from:
• ENG-L 250 American Literature before 1865
• ENG-L 251 American Literature Since 1865
• ENG-L 361 Studies in 19th Century American Literature
• ENG-L 369 Studies in British and American Authors

Upper-Division Writing Requirements (15)
Choose at least three from the following courses, Any of these may be repeated once for credit.
• ENG-W 301 Writing Fiction
• ENG-W 303 Writing Poetry
• ENG-W 311 Writing Creative Nonfiction
• ENG-W 401 Advanced Fiction Writing
• ENG-W 403 Advanced Poetry Writing
• ENG-W 405 Writing Prose - Non-fiction

Senior Project (3)
ENG-W 411 Directed Writing

History Concentration
HIST-H 217 The Nature of History
HIST-H 232 The World in the Twentieth Century
HIST-H 495 Undergraduate Readings in History
Choose one from:
• HIST-H 105 American History I
• HIST-H 106 American History II
Choose one from:
• HIST-H 108 Perspective on World up to 1800
Choose one elective focus

Focus: U.S. History (15)
Choose 12 credits of additional U.S. History courses
Choose 1 European / World History course

Focus: European / World History (15)
Choose 12 credits of additional European / World History
Choose 1 U.S. History course

Interdisciplinary Concentration
All courses for the concentration must be at the 200 level or above, selected from the other available Humanities disciplines.
This concentration allows you to altogether sample three different disciplines.

Primary Discipline (12)
Choose 12 credit hours from one of the Humanities disciplines

Secondary Disciplines (15)
Choose 15 credit hours among two different Humanities disciplines, with a minimum of 6 credits in each.

Music Concentration
The music concentration requires thirty hours of course work (see your advisor for details). Completing the entire list of recommended courses will give students a comparable degree to those graduating with a major in music from other campuses and universities.

Consult the Music Coordinator or your Humanities & Social Sciences Advisor for a complete list of recommended courses.

Minor in Anthropology
The minor in Anthropology provides knowledge of the theories, concepts, and methods used by anthropologists in the study of human cultures. Students will choose the additional courses with flexibility to meet their specific interests. The capstone Independent Study in Anthropology offers an experience in which students utilize the concepts and methodology of the discipline in supervised studies. Students will demonstrate their knowledge and skills in a field experience paper or presentation.

Minor Requirements (16 cr)
ANTH-A 103 Human Origins and Prehistory
ANTH-A 104 Culture and Society
ANTH-A 495 Independent Study in Anthropology (Capstone)
Choose 3 additional Anthropology courses (200 level or higher)

Minor in History
In addition to the following course requirements, a final essay is required to complete the minor. Please see your minor advisor for details.

Minor Requirements (18 cr)
HIST-H 217 The Nature of History
Choose a US History course
Choose a European History course

Choose a World History course
Choose 3 History courses at the 300/400 level

Minor in International Studies
This interdisciplinary minor is open to students in all academic programs accommodating a minor. There are no prerequisites for the minor, although individual courses may have prerequisites.

Core Requirements (9)
HIST-H 232 The World in the 20th Century
Choose two from:
- ECON-E 104 Introduction to Macroeconomics
- GEO-G 110 Introduction to Human Geography
- POLS-Y 107 Introduction to Comparative Politics
- POLS-Y 345 Contemporary Revolutions

Electives (9)
Choose three courses from:
- FINA-A 342 20th Century Art
- HIST-B 361 / 362 Europe in the 20th Century
- HIST-D 410 Russian Revolutions & the Soviet Regime
- ECON-E 430 International Economics
- ECON-E 495 Economic Development
- FREN-F 308 French Novel in Translation
- ENG-L 381 Recent Writing
- SOC-R 338 Comparative Social Systems
- SPCH-S 303 Persuasion and Propaganda
- SOC-S 308 Intro to Comparative Sociology
- SPCH-S 427 Cross-Cultural Communication
- Other courses with permission of advisor.

Evaluation
For evaluation, students will need to maintain a file of all written work required in courses taken for this minor. They may then select at least one exam and at least one assigned paper from each course in which such projects are assigned to be presented as the strongest evidence of their progress in meeting the learning objectives of the minor, as stated below. The departmental advisors will review the portfolio to ascertain that there is evidence of:
- an understanding of the content of the courses
- successful application of appropriate analytical methods
- evidence of growth in the knowledge and understanding of the culture and values of non-American societies
- knowledge of world geography.

Minor in Music
Music performance involves a concentrated study of a primary instrument or instruments (including voice) including the techniques and problems involved in live performance. The student will develop his or her craft in performance and cultivate the musical skills needed for performing music of many styles and periods.

The student enrolled in music performance as a minor area will take two semesters of coursework in music theory and music history, perform in university ensembles, and receive two semesters of private one-on-one lessons in an instrumental or vocal area with faculty. The program culminates in a recital
of music prepared and performed by the student in careful consultation with their primary instructor.

Core Music Requirements (17 cr)

Music Theory (8)
- MUS-T 109 Rudiments of Music [optional]
- MUS-T 115 Sight-Singing & Aural Perception I
- MUS-T 151 Music Theory & Literature I
- MUS-T 116 Sight-Singing & Aural Perception II
- MUS-T 152 Music Theory and Literature II

Music History & Literature (9)
- MUS-I 101 Literature and Structure I [Optional]
- MUS-I 102 Literature and Structure II [Optional]
- MUS-M 403 History of Music I
- MUS-M 404 History of Music II
- MUS-M 430 Introduction to Contemporary Music

Choose One Concentration (8-13 cr)

Music Performance Concentration
Applied Instrumental / Vocal Instruction (2 semesters)
MUS-X 095 Performance Class (2 semesters)
Ensemble (2 semesters)
Final Capstone Project: Juried Recital

Music Theory / Musicology
Applied Instr./Vocal or Composition instruction (1 semester)
Performance Class or Composition workshop
Ensemble (1 semester)
Choose two Music Electives 200 level or higher
Choose one from:
- MUS-M 400 Undergraduate Readings in Musicology
- MUS-T 400 Undergraduate Reading in Music Theory
Final Capstone Project: Thesis Paper & Research Portfolio

Music Composition
MUS-K 300 Composition Concentration (2 semesters)
MUS-K 132 / 133 Composition Workshop (and/or Notation & Calligraphy)
MUS-K 361 Introduction to MIDI and Computer Music Ensemble (1 semester)
Final Capstone Project (Composition Portfolio)

Minor or Certificate in Women's & Gender Studies

There are no prerequisites to the minor itself, although some courses may require an introductory course in the specific discipline before enrolling in courses to meet the requirements for the Women’s and Gender Studies courses.

Required Courses (15 cr)
Choose one course from:
- WOST 200 Women in Society: Intro to Women’s Studies
- WOST 201 Women in Culture: Intro to Women’s Studies
Choose four courses from at least two of the following groups:

Group: Social Sciences
- HSRV-H 205 Treatment Issues
- POLS-Y 206 Politics of American Ethnic Minorities

Group: Humanities
- CMCL-S 122 Interpersonal Communication
- CMCL-C 450 Gender and Communication
- ENG-G 205 Intro to the English Language
- ENG-L 202 Literary Interpretation
- ENG-L 204 Introduction to Fiction
- ENG-L 207 Women and Literature
- ENG-L 208 (TOPIC: History of Children’s Lit)
- ENG-L 208 (TOPIC: Women Irish Writers)
- ENG-L 332 Romantic Literature
- ENG-L 335 Victorian Literature
- ENG-L 357 Twentieth Century Am Poetry
- ENG-L 369 (TOPIC: Amer Women Writers of 20th C)
- ENG-L 369 (TOPIC: History of Children’s Lit)
- ENG-L 374 Ethnic American Literature
- ENG-L 378 Studies in Women and Literature
- ENG-L 379 American Ethnic and Min Lit
- ENG-L 383 British or Commonwealth Lit
- ENG-L 390 Children’s Literature
- ENG-L 391 Literature for Young Adults
- ENG-L 392 Multicultural Children’s and YA Lit
- ENG-L 369/L666 Survey of Children’s Lit
- HIST-H 260 History of Women in the US
- HIST-A 314 U.S. History 1917-45
- PHIL-P 282 Women in Philosophical Thought
- SPAN-S 284 Women in Hispanic Culture
- SPAN-S 290 (TOPIC: The Role of Women)
- SPCH-S 121 (TOPIC: Women’s Issues)

Group: Natural Sciences
- BIOL-L 108 Environment and Life
- BIOL-L 340 Biological Sex Roles
- BIOL-L 391 (TOPIC: Women in the Environment)
- PHSL-P 215 Human Physiology
- PHSL-P 261 Human Anatomy and Physiology I
- PHSL-P 262 Human Anatomy and Physiology II

Group: Nursing
- NURS-Z 492 (TOPIC: Women’s Health)

Group: Purdue Programs in Richmond
- OLS 454 Gender and Diversity in Management
- OLS 456 Leadership in Global Environment

Women’s & Gender Studies
- WOST-W 200 Women in Society
- WOST-W 201 Women in Culture
- WOST-W 480 Practicum in Women’s Studies
- WOST-W 495 Readings & Research
- WOST-W 498 Critical Issues in Women’s Studies

B.S. in Behavioral and
Social Sciences

General Education (39 cr)

**Composition & Communication (9)**
ENG-W 131 Elementary Composition I
Choose one secondary composition course:
• ENG-W 231 Professional Writing
• ENG-W 132 Elementary Composition II
• ENG-W 270 Argumentative Writing
Choose one communication course:
• SPCH-S 121 Public Speaking
• CMCL-C 223 Business & Professional Communication

**College-level Mathematics (3)**
Choose 1 MATH-M course at or above M110

**Natural Science & Mathematics (9)**
Choose 9 credits from at least two disciplines, including one Natural Science with lab:
• Chemistry, Physics, Geology, Astronomy, Biology, Physical Geography

**Humanities & Fine Arts (9)**
Choose 9 credits from at least two of the following disciplines:
*(One studio course is allowed)*

**Behavioral & Social Sciences (9)**
Choose 9 credits from at least 2 of the following disciplines:
• Sociology, Anthropology, Political Science, Social Geography (G1210 and higher), Criminal Justice

Additional Requirements (3-5 cr)

**First-Year Seminar (0-2)**
Students entering the program with less than 12 credit hours of transferable credit are required to complete the First Year Seminar (UCOL-U 101).

**Information Literacy (3)**
COLI-S 330 & 360 Computers in BSS / Statistical Analysis

Degree Requirements (42 cr)

**General Core Requirements (15)**
BSS-B 130 Introduction to Behavioral & Social Sciences
PSY-P 103 General Psychology
SOC-S 100 Introduction to Sociology
ANTH-A 104 Culture & Society
POL-S-Y 105 Introduction to Political Theory
*(B130 must be completed in the first 30 hours of coursework)*

**Advanced Core Requirements (15)**
PSY-P 216 Lifespan Development
SOC-S 217 Social Inequality
POL-S-Y 212 Making Democracy Work
Choose two additional courses, with advisor approval, in Behavioral & Social Sciences at the 200 level or above in two disciplines and outside of the student’s concentration area (one may be in Criminal Justice or Social Work)

**Diversity Studies (3)**
Choose one from:
• POLS-Y 324 Women & Politics
• POLS-Y 325 Black Politics
• SOC-S 413 Gender & Society
• SOC-S 335 Race & Ethnic Relations
*(Other diversity courses may be used with advisor approval)*

**Research Methods (3)**
Choose one from:
• PSY-P 211 Methods of Experimental Psychology
*(Other research courses may be used with advisor approval.)*

**Statistics (3)**
PSY-K 300 Statistical Techniques
*(Research Methods is a prerequisite)*

**Behavioral & Social Science Senior Seminar (3)**
BSS-B 490 Senior Seminar *(Taken during Senior year)*

Political Science Concentration

**American Politics (6)**
POLS-Y 103 Introduction to American Politics
POLS-Y 107 Introduction to Comparative Government

**Advanced Requirements (15)**
Choose five Political Science courses at the 200 level and above.

Psychology Concentration

Choose 2 courses from:
• PSY-P 325 Psychology of Learning
• PSY-P 326 Behavioral Neuroscience
• PSY-P 329 Sensation and Perception
• PSY-P 335 Cognitive Psychology

Choose 2 courses from:
• PSY-P 319 Psychology of Personality
• PSY-P 320 Social Psychology
• PSY-P 324 Abnormal Psychology
• PSY-P 336 Psychological Tests & Individual Differences

Choose a minimum of three courses from:
• PSY-B 309 Cooperative Work Experience in Counseling
• PSY-B 366 Concepts & Applications of Organizationsl Psychology
• PSY-B 386 Introduction to Counseling
• PSY-B 388 Human Sexuality
• PSY-P 354 Adult Development & Aging
• PSY-P 390 Special Topics in Psychology
• PSY-P 425 Behavior Disorders of Childhood and Adolescence
• PSY-P 450 Human Factors
• PSY-P 457 Topics in Psychology
• PSY-P 459 History and Systems of Psychology
• PSY-P 460 Psychology and Women
• PSY-P 495 Readings and Research in Psychology
• Any other 300-400 level Psychology course
*(You may only choose up to two of P390, 457, 495 and B309)*

Sociology Concentration
Electives (27-29 cr)
Additional courses must be taken to bring total credits to 123.

Minor in Psychology
A Minor in Psychology will complement a variety of baccalaureate majors. The minor is available to students in all academic programs accommodating a minor. There are no prerequisites for the minor itself (Certain courses, however, do have prerequisites.)

Students will be assigned their minor advisor from any of the full time faculty currently teaching at the time they complete the minor declaration form.

Students are encouraged to meet with their minor advisor to discuss courses (within psychology) before enrolling in those courses.

Course Requirements (20 cr)

Required Courses (9)
PSY-P 103 General Psychology
PSY-P 211 Research Methods (or equivalent)
PSY-P 216 Lifespan Development Psychology
COLI-S 360 Computers in Behav. & Soc. Sci. (or equivalent)

Distribution Requirements (9 cr)
At least one course must be taken from each of the following clusters. These courses may assume knowledge from P103 (General Psychology) or P211 (Methods of Experimental Psychology) as well as ability to complete assignments with citations in APA Publication Style.

Choose one course from:
• PSY-P 325 Psychology of Learning
• PSY-P 326 Behavioral Neuroscience
• PSY-P 329 Sensation and Perception
• PSY-B 354 Adult Development and Aging
• PSY-P 459 History and Systems of Psychology

Choose one course from:
• PSY-P 319 Psychology of Personality
• PSY-P 320 Social Psychology
• PSY-P 324 Abnormal Psychology
• PSY-P 336 Psychological Tests and Individual Differences
• PSY-B 354 Adult Development and Aging
• PSY-P 425 Behavior Disorders of Childhood and Adolescence
Choose any 300-400 level Psychology course

Capstone
Students must complete a reflective paper summarizing their experiences in psychology and it’s relationship to their major area of study. The paper must be at least five pages, double spaced, and conforming to the standards of APA manuscript style, including citations & references.

This paper will be maintained along with the minor declaration form in the student’s HSS School file for assessment purposes.

Minor in Sociology
The minor in Sociology will give students a greater knowledge of the basic perspectives, concepts, and methods used by Sociologists in understanding the nature of society and social relationships.

Introductory Sociology (S100) will introduce you to the basic concepts and methods of the discipline. Required courses will insure that students acquire a common core of knowledge in significant areas of Sociology. Your choices of additional courses to complete the minor will allow maximum flexibility to meet specific student interest.

The Field Experience (S494) will offer a capstone experience in which you will utilize the concepts and methodology of Sociology in supervised observational studies of real people in naturalistic settings. You will demonstrate your knowledge and skills in a field experience paper or presentation.

Required Courses (18 cr)
SOC-S 100 Introduction to Sociology
SOC-S 230 Society and Individual
Choose one from:
• SOC-S 215 Social Change
• SOC-S 217 Social Inequality
• Other courses available with consent of Minor Advisor
SOC-S 340 Social Theory
Choose two Sociology courses at the 300 / 400 level
SOC-S 494 Field Experience

Minor in Political Science
This minor is open to students in all academic programs with a minor. There are no prerequisites for the minor itself. All electives require approval / consent of the minor advisor.

Course Requirements (18 cr)

Required Courses (9)
POLS-Y 103 Introduction to American Politics
POLS-Y 105 Introduction to Political Philosophy
POLS-Y 107 Introduction to Comparative Government

Electives (9)
Choose three courses in Political Science at 200 level or above
INFORMATICS

Informatics is the art, science and human dimensions of information technology. It is information technology applied to human problems. Informatics as a discipline is closely related to, but distinct from, such fields as computer science, information science and other traditional disciplines related to information technology.

Informatics is more general, basic and applied than any of these related disciplines. It is more general in that it emphasizes breadth across issues in all of the related disciplines, and also includes social and ethical issues regarding the information revolution. It is more basic in that it examines foundational questions about the very nature of information and computation. It is more applied since the aim is to produce qualified information technology professionals to meet the rapidly rising need.

B.S. in Informatics

General Education (39 cr)

Composition & Communication (9)
ENG-W 131 Elementary Composition I
SPCH-S 121 Public Speaking
Choose one additional college level composition:
• ENG-W 132 Elementary Composition II
• ENG-W 231 Professional Writing Skills
• ENG-W 270 Argumentative Writing

College-level Mathematics (3)
Choose one course from:
• ECON-E 270 Intro to Statistical Theory in Economics & Business
• PSY-K 300 Statistical Techniques
• Any MATH-M course at or above M118

Natural Science & Mathematics (9)
Choose 9 credits, including one Natural Science with lab:
• Chemistry, Physics, Earth Science, Astronomy, Biology, Physical Geography

Humanities & Fine Arts (9)
Choose 9 credits from at least two of the following disciplines:
(One studio course is allowed)

Behavioral & Social Sciences (9)
Choose 9 credits from at least two of the following disciplines:
• Anthropology, Psychology, Sociology, Political Science, Social Geography, Criminal Justice, or ECON-E 103.

Additional Requirements (0-2 cr)

First-Year Seminar (0-2)
Students entering the program with less than 12 credit hours of transferable credit are required to complete the First Year Seminar (UCOL-U 101).
SPEA-J 202 Criminal Justice Data, Methods & Resources  
SPEA-J 306 The Criminal Courts  
SPEA-J 321 American Policing  
SPEA-J 331 Corrections

**Health Services Administration Cognate**  
NURS-A 111 Medical Terminology  
SPEA-H 120 Contemporary Health Care Issues  
SPEA-H 441 Legal Aspects of Health Services Administration  
HIA-M 420 Health Care Planning and Information Systems  
SPEA-H 320 Health Services Administration  
Choose one additional course

**Enterprise Computing Cognate**  
BUS-S 310 Systems Analysis / Design  
BUS-S 430 e-Commerce  
Choose three:  
Informatics (INFO) non-core (elective) classes  
300 or 400 level BUS-S  
300 or 400 level IIM-I  
Computer Science (CSCI) classes 200 level or above

**Music Cognate**  
NEWM-N 100 New Media  
MUS-K 361 Introduction to MIDI & Computer Music  
MUS-K 430 Electronic & Computer Music I  
MUS-K 431 Electronic & Computer Music II  
Choose one additional course (FINA-U330 Computer Art / Interactive Media)  
*Students without music theory knowledge / experience are encouraged to take MUS-T 101 Intro. to Music.*

**New Media Cognate**  
NEWM-N 100 New Media  
JOUR-J 110 Foundations of Journalism and Mass Communication  
TEL-T 336 Digital Video Production  
Choose one course, 300 level or higher.  
Choose one additional course.

**Web Technology Cognate**  
INFO-I 213 Website Design & Development  
FINA-U 330 Computer Art, Interactive Media  
FINA-F 102 Fundamental Studio - 2D  
BUS-S 430 E-Commerce  
Choose one additional course

**Custom Designed Cognate**  
Choose 15-18 credit hours chosen with the help of a Cognate Advisor and approved by the Informatic Faculty Committee at IU East.

**General Electives (23-26 cr)**  
Courses selected by the student. Of all courses chosen for a degree, there must be at least 30 credit at 300 level or higher. Students must take enough electives to reach 120 credit hours total.
B.A. in Natural Science & Mathematics

The Bachelor of Arts in Natural Science and Mathematics is designed for students who are interested in the flexibility and diversity of a liberal arts degree and the opportunity to pursue a more extensive study in natural science and mathematics. This flexible degree allows you a wide range of options, including the opportunity to develop one or more minors.

This degree offers concentrations in biology, biochemistry and mathematics. The concentration in interdisciplinary studies allows you to design your own concentration combining two or more areas of study. If you are planning post-baccalaureate study, you should check the requirements of the specific program in which you are interested in order to plan your degree coursework appropriately.

General Education (39 cr)

Composition & Communication (9)
ENG-W 131 Elementary Composition I
SPCH-S 121 Public Speaking
Choose one additional college level composition:
• ENG-W 132 Elementary Composition II
• ENG-W 231 Professional Writing Skills
• ENG-W 270 Argumentative Writing

College-level Mathematics (3)
Choose 1 MATH-M course at or above M118

Natural Science & Mathematics (9)
Choose 9 credits, including one Natural Science with lab:
• Chemistry, Physics, Earth Science, Astronomy, Biology, Physical Geography
(MATH-M 123, 125, & 126 are excluded)

Humanities & Fine Arts (9)
Choose 9 credits from at least two of the following disciplines:
• Fine Art, History, Philosophy, Religious Studies, English, Theater, Music, Communication Studies, Telecommunications.
(One studio courses is allowed; ENG-W 131, 132, SPCH-S 121, and introductory World Language courses are all excluded)

Behavioral & Social Sciences (9)
Choose 9 credits from at least two of the following disciplines:
Anthropology, Economics, Social Geography, Political Science, Psychology, Sociology

Additional Requirements (14-16 cr)

First-Year Seminar (0-2)
Students entering the program with less than 12 credit hours of transferable credit are required to complete the First Year Seminar (UCOL-U 101).

Additional General Education Requirement (6)
Choose 1 additional course from the Natural Science & Mathematics course list above.
Choose 1 additional course from the Humanities & Fine Arts course list above.

World Languages (8)
Choose the first two semesters of a World Language in sequence. Some substitutions may be allowed, consult with your advisor.

Biology Concentration
From the following three groups, choose 2 courses from each of 2 groups, and 1 course from the remaining group.

Group: Evolution & Diversity
• BIOL-B 301 Introduction to the Plant Kingdom
• BIOL-L 318 Evolution
• BIOL-Z 301 Introduction to the Animal Kingdom

Group: Cellular & Molecular
• BIOL-L 211 / 213 Molecular Biology w/ Lab
• BIOL-L 314 Genetics
• BIOL-L 315 Cell Biology
• BIOL-L 321 Principles of Immunology
• BIOL-M 310 / 315 Microbiology w/ Lab

Group: Ecological & Environmental
• BIOL-L 325 Ecological Principles
• BIOL-L 333 Introduction to Environmental Science
• BIOL-Z 468 Limnology

Capstone (0-1)
BIOL-L 452 Capstone in Biology

Biology Electives (21)
Choose 21 credits of additional courses from the 200 level or above. These may include 6 credits of relevant non-biological sciences (chemistry, geology, physics, astronomy, math).

Mathematics Concentration

Calculus (13)
MATH-M 215 Calculus I
MATH-M 216 Calculus II
MATH-M 311 Calculus III

Applications (6)
Choose 2 from:
• MATH-M 301 Linear Algebra
• MATH-M 313 Differential Equations
• MATH-M 371 Elementary Computational Methods

Transition (6)
MATH-M 380 History of Math
MATH-M 393 Bridge to Abstract Math

Electives (5)
Choose one 400 level Mathematics course
Choose one 200 level or above course. This course may be from Mathematics, or another related course with advisor approval (excludes MATH-K 300)
Capstone (0)
Capstone in Mathematics

Biochemistry Concentration

Biology Courses (16)
BIOL-M 310 / 315 Microbiology w/ lab
BIOL-L 211 / 213 Molecular Biology w/ lab
BIOL-L 315 Cell Biology
BIOL-T 305 Advanced Biotechnology Lab

Chemistry (13)
CHEM-C 341 / 343 Organic Chemistry I w/ lab
CHEM-C 342 / 344 Organic Chemistry II w/ lab
CHEM-C 483 Biological Chemistry

Capstone (0-1)
BIOL-L 452 Capstone in Biology

Interdisciplinary Concentration

Students will work with their advisor to develop their program plan with a well-defined concentration. All program plans must be approved by their advisor, the school curriculum committee, and the Dean. This program plan must include a minimum of 20 credit hours at the 200 level or higher.

Natural Science & Mathematics (16)
A minimum of 16 credits in Natural Science & Mathematics.

Other Courses (14)
Determined by your program plan.

Electives (32-34 cr)
After Concentration requirements have been met, take enough credit hours to complete 120 credits.

B.S. in Biology

The Bachelor of Science in Biology provides you with a background in biological sciences in order to prepare you for advanced study or for employment. The degree program will prepare you for further study beyond the baccalaureate (such as graduate school, medicine, dentistry, veterinary, pharmacy, and allied health).

General Education (39 cr)

Composition & Communication (9)
ENG-W 131 Elementary Composition I
SPCH-S 121 Public Speaking
Choose one additional college level composition:
• ENG-W 132 Elementary Composition II
• ENG-W 231 Professional Writing Skills
• ENG-W 270 Argumentative Writing

College-level Mathematics (3)
Choose 1 MATH-M course at or above M118

Natural Science & Mathematics (9)
Choose 9 credits, including one Natural Science with lab:
• Chemistry, Physics, Earth Science, Astronomy, Biology, Geology

Humanities & Fine Arts (9)
Choose 9 credits from at least two of the following disciplines:
• Fine Art, History, Philosophy, Religious Studies,
• English, Theater, Music, World Language & Culture,
• Communication Studies, Telecommunications.

(One studio course is allowed; ENG-W 131, 132, SPCH-S 121, and introductory World Language courses are all excluded)

Behavioral & Social Sciences (9)
Choose 9 credits from at least two of the following disciplines:
• American Studies, Anthropology, Economics, Geography,
• Political Science, Psychology, Sociology

Additional Requirements (0-2 cr)

First-Year Seminar (0-2)
Students entering the program with less than 12 credit hours of transferable credit are required to complete the First Year Seminar (UCOL-U 101).

Degree Requirements (93 cr)

Natural Science & Mathematics Core Requirements (39-41)
MATH-M 215 Calculus I
MATH-K 300 Statistics
CHEM-C 105 / 125 Principles of Chemistry I with Lab
CHEM-C 106 / 126 Principles of Chemistry II with Lab
CHEM-C 341 / 343 Organic Chemistry I with Lab
CHEM-C 342 / 344 Organic Chemistry II with Lab
PHYS-P 201 General Physics I
PHYS-P 202 General Physics II

Biology Requirements (40)
BIOL-L 107 Biological Concepts
BIOL-B 301 Introduction to Plant Kingdom
BIOL-Z 301 Introduction to Animal Kingdom
BIOL-L 325 Ecological Principles
BIOL-L 314 Genetics
BIOL-L 315 Cell Biology
BIOL-L 452 Capstone in Biology
Choose additional Biology courses at 200 level or above to complete this 40 credit hours requirement.

Electives (12-17)
Choose additional courses to total 125 credits, after all other requirements.

B.S. in Biotechnology

The Bachelor of Science in Biotechnology provides you with a background in the biological and technical sciences in preparation for employment or advanced study. The degree program will prepare you for study beyond the baccalaureate, such as graduate school, medicine, dentistry, veterinary, pharmacy, or allied health.

General Education (39 cr)

Composition & Communication (9)
ENG-W 131 Elementary Composition I
SPCH-S 121 Public Speaking
Choose one additional college level composition:
• ENG-W 132 Elementary Composition II
• ENG-W 231 Professional Writing Skills

College-level Mathematics (3)
Choose 1 MATH-M course at or above M118

Natural Science & Mathematics (9)
Choose 9 credits, including one Natural Science with lab:
• Chemistry, Physics, Earth Science, Astronomy, Biology, Geology

Other Courses (14)
Determined by your program plan.

Electives (32-34 cr)
After Concentration requirements have been met, take enough credit hours to complete 120 credits.

B.S. in Biotechnology

The Bachelor of Science in Biotechnology provides you with a background in the biological and technical sciences in preparation for employment or advanced study. The degree program will prepare you for study beyond the baccalaureate, such as graduate school, medicine, dentistry, veterinary, pharmacy, or allied health.

General Education (39 cr)

Composition & Communication (9)
ENG-W 131 Elementary Composition I
SPCH-S 121 Public Speaking
Choose one additional college level composition:
• ENG-W 132 Elementary Composition II
• ENG-W 231 Professional Writing Skills
• ENG-W 270 Argumentative Writing

**College-level Mathematics (3)**
Choose 1 MATH-M course at or above M118

**Natural Science & Mathematics (9)**
Choose 9 credits, including one Natural Science with lab:
  • Chemistry, Physics, Earth Science, Astronomy, Biology, Physical Geography

**Humanities & Fine Arts (9)**
Choose 9 credits from at least two of the following disciplines:
  • Fine Art, History, Philosophy, Religious Studies, English, Theater, Music, World Language & Culture
  *(One studio course is allowed; ENG-W 131, 132, SPCH-S 121, and introductory World Language courses are all excluded.)*

**Behavioral & Social Sciences (9)**
Choose 9 credits from at least two of the following disciplines:
  • American Studies, Anthropology, Economics, Geography, Political Science, Psychology, Sociology

**Additional Requirements (0-2 cr)**
- **First-Year Seminar (0-2)**
  Students entering the program with less than 12 credit hours of transferable credit are required to complete the First Year Seminar (UCOL-U 101).

**Degree Requirements (92 cr)**

**Natural Science & Mathematics Core Requirements (39-41)**
- MATH-M 215 Calculus I
- MATH-K 300 Statistics
- BIOL-T 201 Bioinformatics
- CHEM-C 105 / 125 Principles of Chemistry I with Lab
- CHEM-C 106 / 126 Principles of Chemistry II with Lab
- CHEM-C 341 / 343 Organic Chemistry I with Lab
- CHEM-C 342 / 344 Organic Chemistry II with Lab
- PHYS-P 201 General Physics I
- PHYS-P 202 General Physics II

**Biotechnology Concentration Core Requirements (31-32)**
- BIOL-L 107 Biological Concepts
- BIOL-L 315 Cell Biology
- BIOL-L 314 Genetics
- CHEM-C 483 Biological Chemistry
- BIOL-T 101 Introduction to Biotechnology
- OLS 331 Occupational Safety and Health (via Purdue)
- BIOL-T 105 Basic Laboratory Techniques
- BIOL-T 305 Advanced Biotechnology Laboratory
- BIOL-L 498 Internship (Individual Study), with approval of Biotechnology faculty.
  *(Capstone (0-1)*
  BIOL-L 452 Capstone in Biology

**Biotechnology Electives (15-21)**
- BIOL-L 211 Molecular Biology
- BIOL-L 213 Molecular Biology Laboratory
- BIOL-M 310 Microbiology
- BIOL-M 315 Microbiology Laboratory
- CHEM-C 390 Special Topics in Chemistry
- BIOL-L 391 Special Topics in Biology *(with approval)*

**General Electives (0-10)**
Choose additional courses to total 124 credits after completing all other requirements.

**Minor in Biology**
The biology minor covers a comprehensive understanding of the major areas of biology, practice in laboratory methods and critical thinking skills, and knowledge about areas where biology is likely to affect your everyday life.

The minor in biology requires 18 credit hours of course work; at least 8 credit hours must be completed on the IU East campus. All courses for the minor must be completed with a grade of C or better. Successful completion of L107 Biological Concepts is required before enrolling in other biology courses.

**Course Requirements (18 cr)**
- **Core Course (5)**
  BIOL-L 107 Biological Concepts
- **Biology Electives (8)**
  Choose two from:
  • BIOL-B 301 Intro to the Plant Kingdom
  • BIOL-Z 301 Intro to the Animal Kingdom
  • BIOL-L 325 Ecological Principles
  • BIOL-L 314 Genetics
  • BIOL-L 315 Cell Biology

**Minor in Chemistry**
The minor in chemistry is designed to encourage accurate, systematic observations and the development of deductive reasoning. You will learn concepts in general and organic chemistry, and experimental techniques in one or more areas of chemistry.

The minor in chemistry requires completion, with a C or better, of 20 credit hours including the core courses below. At least 10 hours must be at the 200 level or above, and at least 8 hours or more of minor courses must be completed at IU East.

**Course Requirements (20 cr)**
- **Core Courses (15)**
  CHEM-C 105 / 125 Principles of Chemistry I with Lab
  CHEM-C 106 / 126 Principles of Chemistry II with Lab
  CHEM-C 341 / 343 Organic Chemistry I with Lab
- **Additional Courses (5)**
  Choose 5 credits from:
  • CHEM-C 303 Environmental Chemistry
  • CHEM-C 333 Experimental Environmental Chemistry
  • CHEM-C 342 Organic Chemistry II
  • CHEM-C 344 Organic Chemistry II Lab
  • CHEM-C 490 Individual Study (varies)
  *(Other upper level courses with approval of advisor)*
Minor in Environmental Studies

The minor in environmental studies is a coordinated, interdisciplinary program designed to enhance your awareness of major environmental concepts, acquaint you with areas where environmental issues are related to other disciplines, and increase your awareness of ways people affect the biosphere.

The program requires 18 credit hours including at least 6 credit hours at the 200 level or above. It must include courses from at least one division other than Natural Science and Mathematics. At least 8 credit hours of the minor must be completed at IU East.

Course Requirements (18 cr)

Core Courses (15)
- BIOL-L 108 Environment and Life
- BIOL-L 325 Ecological Principles
Choose one course in Geology (GEOL)
Choose one course in Chemistry (CHEM)
(Either the Geology or the Chemistry course must include a lab)

Additional Courses
Choose from the following to total 18 credits:
- ECON-E 103 Microeconomics
- GEOG-G 110 Introduction to Human Geography
- GEOL-G 111 Physical Geography
- GEOL-G 112 Historical Geology
- GEOL-G 210 Oceanography
- CHEM-C 303 Environmental Chemistry
- CHEM-C 333 Experimental Environmental Chemistry
- SPEA-V 262 Environment: Problems and Prospects
- GEOG-G 306 The Geography of Current Issues
- POLS-Y 200 Contemporary Political Topics

Certificate in Laboratory Science

The Certificate in Laboratory Science outlines a focused path of training for currently enrolled students and allows others with an interest in laboratory careers to acquire the needed skills with or without completing a degree. It is a faster way to obtain laboratory skills than traditional degree programs. Students are trained in proper laboratory procedure, including safety, and use of specialized instruments, and may find employment opportunities in forensics, environmental compliance, quality control, and research laboratories.

Students seeking a Certificate in Laboratory Science will complete a sequence of biology and chemistry courses including general and organic chemistry and cellular biology. The certificate courses emphasize laboratory work and train students in basic laboratory methods and safety regulations, and the use, application and care of many different pieces of laboratory equipment.

Some courses require pre-requisites.

Course Requirements (20 cr)

Required Courses (12-14)
- BIOL-L 315 Cell Biology
Choose one from:
  - CHEM-C 303 / 333 Environmental Chemistry & Lab
  - CHEM-C 341 / 343 Organic Chemistry I & Lab
Choose one from:
  - BIOL-L 490 Laboratory Independent Study
  - BIOL-L 498 Laboratory Internship

Elective Courses (6-8)
Choose 6-8 credits from the following to complete 20 credits:
- BIOL-L 314 Genetics
- BIOL-M 315 Microbiology Laboratory
- BIOL-T 305 Advanced Biotechnology Laboratory
- CHEM-C 343 Organic Chemistry I
- CHEM-C 344 Organic Chemistry II
- CHEM-C 333 Environmental Chemistry Laboratory
- Laboratory Safety / OSHA Regulations
NURSING

Students are admitted to the School of Nursing as pre-nursing students. Admission to the BSN program requires a separate admission process. Application forms are available to students on the School of Nursing website by January 15 of every year for the following fall program admission.

The School of Nursing’s BSN and RN to BSN mobility option are accredited by the Indiana State Board of Nursing and the National League for Nursing Accrediting Commission (NLNAC), 3343 Peachtree Road NE, Suite 500, Atlanta, GA 30326, phone 404-975-5000, www.nlnac.org. The RN to BSN mobility option at Good Samaritan Hospital is also accredited by the Ohio Board of Regents.

Policies and procedures specific to the School of Nursing may be found in the Nursing Student Handbook located on the School of Nursing website.

B.S. in Nursing

Applications for admission to the BSN program are due March 1 of each year. Students applying to the BSN program must have a 2.5 cumulative grade point average and an admissions nursing grade point (courses required for the program) average of 2.7. Admission for the BSN program requires the completion of a minimum of 28 general education credits. Students must earn a minimum grade of C in the following courses (or their equivalent) by the second attempt:

- ENG-W 131 English Composition
- ENG-W 132 English Composition II
  OR  SPCH-S 121 Public Speaking
- PSY-P 103 Introduction to Psychology
- SOC-S 100 Introduction to Sociology
- MICR-J 200 / 201 Microbiology/Lab
  OR  PHSL-P 261 Anatomy & Physiology
- Cultural Diversity Course
- Humanistic Appreciation Course
- Critical Analytical Courses

Students must submit a criminal background check with their admission application.

General Education (39 cr)

Composition & Communication (9)
ENG-W 131 Elementary Composition I
ENG-W 132 Elementary Composition II
SPCH-S 121 Public Speaking

College-level Mathematics (3)
Choose one from:
- MATH-K 300 Statistics
- PSY-K 300 Statistics
- NURS-H 335 Data Analysis

Natural Science & Mathematics (9)
PHSL-P 261 Anatomy & Physiology I
MICR-J 200 / 201 Microbiology with Lab

Humanities & Fine Arts (9)
Choose one from:
- PHIL-P 140 Introduction to Ethics
- PHIL-P 120 Personal and Social Ethics
Choose one Humanistic Appreciation course
Choose one Cultural Diversity course

Behavioral & Social Sciences (9)
PSY-P 103 Introduction to Psychology
SOC-S 100 Introduction to Sociology
Choose one Social Competence Course

Additional Requirements (20-22 cr)

First-Year Seminar (0-2)
Students entering the program with less than 12 credit hours of transferable credit are required to complete the First Year Seminar (UCOL-U 101).

Additional General Education Requirements (20)
PHSL-P 262 Anatomy & Physiology II
Choose one Critical Analytical Cluster course
Choose one Cultural Diversity course
Choose one additional course of your choice

Nursing Course Requirements (66 cr)
NURS-B 232 Intro to the Discipline of Nursing Theory
NURS-B 233 Health & Wellness
NURS-B 244 / 245 Compr. Health Assessment & Practicum
PSY-P 216 Lifespan Development
NURS-B 251 Lifespan Development: Practicum
NURS-B 248/249 Science & Technology of Nursing / Practicum
NURS-H 351/352 Alterations in Neuro-psychology Health with Practicum
NURS-H 353/354 Alterations in Health I with Practicum
NURS-H 361/362 Alterations in Health II with Practicum
NURS-H 363/364 Development of Family & Child with Practicum
NURS-H 365 Nursing Research
NURS-S 470/471 Restorative Health: Multi-System Failures with Practicum
NURS-S 472/473 Multi-Systems Approach to Health of the Community with Practicum
NURS-S 474/475 Restorative Health: Multi-System Failures with Practicum
NURS-S 481/482 Nursing Management with Practicum
NURS-S 483 Clinical Nursing Practice Capstone
NURS-S 484 Research Utilization
NURS-S 485 Growth & Empowerment

Electives
Students must select enough courses to reach 123 credits total.

RN to BSN Mobility Option

Students who have already graduated from an accredited Associate Degree or Diploma Program in Nursing and who hold licensure as a registered nurse (RN) are eligible to complete their BSN degree through the RN to BSN mobility option. Prior to admission to the program and while completing general education requirements, students are admitted to the School of Nursing as pre-RN to BSN students.
Admission is selective and students seeking this option must complete the RN to BSN mobility option application for admission and a criminal background check. The preferred deadline for admission to the following fall nursing courses is June 15. The RN to BSN mobility option is currently offered at the Richmond, Lawrenceburg, and Good Samaritan Hospital sites.

**General Education & Additional Requirements (59 cr)**

RN to BSN mobility option students are required to complete general education courses equivalent to those required of traditional BSN students. Individualized student progression plans for each student based on course completion and credit transfer.

**Course Requirements (65 cr)**

- NURS-B 304 Transition to Professional Nursing I
- NURS-B 244 / 245 Comprehensive Health Assessment with Practicum
- NURS-B 404 Transition to Professional Nursing II
- NURS-H 365 Nursing Research
- NURS-S 472 / 473 Multi-System Approach to Health of Community with Practicum
- NURS-S 481 / 482 Nursing Management with Practicum
- NURS-S 483 Clinical Nursing Capstone
- NURS-S 484 Research Utilization
- NURS-S 485 Professional Growth & Empowerment

At the completion of NURS-B 404, students automatically receive special credit (35 cr) for the following nursing courses.

- NURS-B 230 Developmental Issues and Health
- NURS-B 248/249 Science & Technology of Nursing/Practicum
- NURS-H 351/352 Alterations in Neuro-psychology Health / Practicum
- NURS-H 353/354 Alterations in Health I / Practicum
- NURS-H 361/362 Alterations in Health II / Practicum
- NURS-H 363/364 Developing Family & Child / Practicum
- NURS-S 470/471 Restorative Health: Multi-System Failures / Practicum

At the completion of NURS-B 404, students automatically receive special credit (35 cr) for the following nursing courses.
SOCIAL WORK

Bachelor of Social Work
This B.S.W. prepares you for entry-level generalist practice. It develops competence to exercise judgment and skill for intervention in practice with individuals, small groups, organizations, and communities. The B.S.W. equips you to work with people who are encountering problems related to personal or social circumstances.

General Education (39 cr)

Composition & Communication (9)
Choose two English composition courses
SPCH-S 121 Public Speaking

College-level Mathematics (3)
Choose 1 100 level Math course

Natural Science & Mathematics (9)
One NSM course must include a lab component.
Choose one biological science course from:
• BIOL-N 212 / 213 Human Biology with Lab
• PHSL-P 261 Anatomy & Physiology
• BIOL-L 340 Biological Sex Roles
• BIOL-L 391 Biology of Mental Illness
• BIOL-L 391 Biology of Addictions
• PSY-P 326 Behavioral Neuroscience
Choose 3 credits from:
• Chemistry, Physics, Earth Science, Astronomy, Biology, Physical Geography, Math (Statistics strongly recommended)

Humanities & Fine Arts (9)
HIST-H 106 American History II
Choose 2 courses from:
• Communications, English, Fine Arts, World Languages & Culture (200 & above), History, Music Appreciation, Philosophy, Religious Studies, Theater (No studio courses, ENG-W 131, 132)

Behavioral & Social Sciences (9)
ANTH-A 104 Culture & Society
SOC-S 100 Introduction to Sociology
PSY-P 103 General Psychology

Additional Requirements (15-17 cr)

First-Year Seminar (0-2)
Students entering the program with less than 12 credit hours of transferable credit are required to complete the First Year Seminar (UCOL-U 101).

Information Literacy (3)
Choose 3 credits of Computer Science / Computer Literacy course

Additional Social Science Requirement (12)
POLS-Y 103 American Government
Choose one 300 level course in Psychology
Choose one from:
• ECON-E 103 Introduction to Microeconomics

Degree Requirements (51 cr)

SWK-S 100 Understanding Diversity in a Pluralistic Society
SWK-S 141 Introduction to Social Work
SWK-S 221 Human Behavior & Social Environment I: Individual Functioning
SWK-S 231 Generalist Social Work Practice I: Theory & Skills
SWK-S 251 Emergence of Social Services
SWK-S 322 Human Behavior & Social Environment II: Small Group Functioning
SWK-S 323 Human Behavior & Social Environment III: Community & Organizational Functioning
SWK-S 332 Generalist Social Work Practice II: Theory & Skills
SWK-S 352 Social Service Delivery Systems
SWK-S 371 Social Work Research
SWK-S 381 Social Work Practicum
SWK-S 433 Generalist Social Work Practice III: Theory & Skills
SWK-S 442 Practice-Policy Seminar in Fields of Practice (2 courses, 3 cr each)
SWK-S 472 Practice Evaluation
SWK-S 482 Social Work Practicum II
SWK-S 400 Special Topics, Corequisite

Electives
Sufficient to bring total graduation hours to 122.

Master of Social Work
Indiana University East offers a part-time evening MSW program with a concentration in Mental Health. The program is designed as a cohort model with a new cohort admitted every three years. The first cohort started in 2008. The second cohort will begin in 2011.

The MSW degree is open to a wide range of undergraduate degree holders. Contact the Social Work Program Office at 765-973-8535 for details about admission requirements, pre-requisites, application due dates, advanced standing opportunities, and other questions you may have. If you prefer, email your questions to the director of the Social Work program.

Certificate in Alcohol & Drug Abuse Counseling
The certificate in Alcohol & Drug Abuse Counseling provides a practice-oriented knowledge base including teaching both concepts and applications.

Course Requirements (15 cr)

HSRV-H 202 Introduction to Alcohol & Drug Abuse
HSRV-H 203 Introduction to Alcohol & Drug Abuse II
Choose one:
• SWK-S 231 General Social Work Practice I: Theory / Skill (for SWK majors)
• HSRV-H 304 Basic Counseling Skills (for non-SWK majors)
Choose two from:
• HSRV-H 205 Treatment Issues in Alcohol and Drug Abuse
• HSRV-H 211 Dynamics of Group Behavior
• HSRV-H 302 Psychological Aspects of Alcohol & Drug Abuse
• HSRV-H 323 Social Systems Aspects of Alcohol & Drug Abuse
• HSRV-H 360 Counseling Substance Abusers & their Families
• HSRV-H 401 Treatment Seminar in Alcohol & Drug Abuse

Certificate in Gerontology

The Certificate in Gerontology provides a practice-oriented knowledge base including both concepts and applications.

Course Requirements (12 cr)
HSRV-H 204 Introduction to Gerontology
PSY-B 354 Adult Development and Aging
HSRV-H 301 Service Needs of Older Adults
HSRV-H 303 Counseling Needs of Older Adults
CONTINUING STUDIES

Bachelor of General Studies

A Bachelor of General Studies offers students the quality of an IU degree along with the most flexibility of any academic program. Offered through the Indiana University School of Continuing Studies, this degree allows graduates to have nearly endless career choices—a must for today’s changing workforce.

Select a concentration in Arts and Humanities, Social and Behavioral Sciences, or Natural Science and Mathematics. Then choose those courses that interest you the most. This is an excellent option for working adults, transfer students, or anyone who has a broad interest in the liberal arts.

Guidelines

• No more than 21 credit hours may be taken in a single arts and sciences area.
• No more than 30 credit hours in a single discipline outside the arts and sciences will be counted towards this degree (Business, Education, Criminal Justice, Human Services, Journalism, Nursing, Social Work or SPEA).
• At least 30 credit hours of course work must be taken at IU East
• At least 20 credit hours of course work must be taken after you have been admitted to the School of Continuing Studies.
• At least 30 credit hours must be taken at the 300-400 level.

General Education (39 cr)

Composition & Communication (9)
ENG-W 131 Elementary Composition I (C or better)
Choose one from:
• ENG-W 132 Elementary Composition II (C or better)
• ENG-W 231 Professional Writing Skills (C or better)
• ENG-W 270 Argumentative Writing (C or better)

Choose one from:
• SPCH-S 121 Public Speaking
• CMCL-C 223 Business & Professional Communication

College-level Mathematics (3)
Choose one college level Mathematics course (MATH-M).

Natural Science & Mathematics (9)
Choose 9 credits from:
• Anatomy & Physiology, Astronomy, Biology, Biotechnology, Chemistry, Computer Science, Geology, Mathematics, Microbiology, Physics, Plant Sciences, Zoology
Must choose courses from at least two disciplines with at least one in the Natural Sciences, and at least one laboratory course.

Humanities & Fine Arts (9)
Choose 9 credits from:
• English, Fine Arts, Comparative Literature, History, Foreign Language, Philosophy, Religious Studies, Speech, Theatre & Drama
Must choose courses from at least two disciplines with no more than one studio course.

Behavioral & Social Sciences (9)
Choose 9 credits from:
• Anthropology, Economics, Geography, Psychology, Political Science, Sociology, Women’s Studies
Must choose courses from at least two disciplines.

Additional Requirements

First-Year Seminar (0-2)
Students entering the program with fewer than 12 credit hours of transferable credit are required to complete the First Year Seminar (UCOL-U 101).

Information Literacy (0-3)
Choose one from:
• CSCI-A 110, COLI-S 330/360, EDUC-W 200, INFO-I 101 or higher.

Diversity
One course selected must be a diversity course; consult with your advisor for possible courses.

Ethical Reasoning
One course selected must be an ethics course; consult with your advisor for possible courses.
School of Continuing Studies

Bachelor of General Studies Requirements

A grade of C- or better is required for each course used to satisfy the 12 credits required in each of the Learning Areas, including any courses also used to satisfy general education requirements.

See choices above for acceptable course options for each discipline.

Arts and Humanities (0-12)
Courses used to fulfill general education requirements in Composition & Communication and Humanities & Fine Arts may be used to fulfill this learning area.

Natural Science & Mathematics (0-12)
Courses used to fulfill general education requirements in Natural Science & Mathematics may be used to fulfill this learning area.

Behavioral & Social Sciences (3-12)
Courses used to fulfill general education requirements in Behavioral & Social Sciences may be used to fulfill this learning area.

Concentration Requirements (18 cr)
Select one concentration and choose 18 credits of courses within that concentration. Courses used to fulfill general education requirements may be used toward the 18 hour concentration if they have not been used to fulfill one of the learning areas.

A grade of C- or better is required in all courses taken in the Concentration.

- Arts & Humanities
- Natural Science & Mathematics
- Behavioral & Social Sciences

General Electives
Choose 15 credit hours from the Arts & Sciences. Courses used to fulfill general education requirements may be used toward the 15 hours of Arts & Sciences electives if they have not been used to fulfill one of the learning areas or the concentration.

Choose sufficient hours to total at least 120 credits. Select courses from a variety of disciplines to attain your educational goals (consult advisor for assistance).

Total credit hours should meet or exceed 120 credit hours.
Course Descriptions

BUSINESS & ECONOMICS

Accounting

BUS-A201 Introduction to Accounting I (3 cr)
Concepts and issues of financial reporting for business entities: analysis and recording of economic transactions. Offered every semester.

BUS-A202 Introduction to Accounting II (3 cr)
Concepts and issues of financial and managerial management accounting, financial statement analysis, budgeting, cost determination and analysis. Accounting majors must take Business A311 & A312; A202 does not count toward requirements for accounting majors. Offered every semester.
Prerequisite: A201

BUS-A311 Intermediate Accounting Theory (3 cr)
Theory of asset valuation and income measurement. Principles underlying published financial statements. Offered fall semesters.
Prerequisite: A201, A202

BUS-A312 Intermediate Acctg. Problems (3 cr)
Application of intermediate accounting theory to problems of accounting for economic activities.
Prerequisite: A201, A202

BUS-A325 Cost Accounting (3 cr)
Conceptual and technical aspects of management and cost accounting. Product costing, cost control over projects and products; profit-planning. Credit not given for both A205 and A325. Offered fall semesters.
Prerequisite: A201, A202

BUS-A328 Income Tax (3 cr)
Internal Revenue Code and Regulations. Emphasis on the philosophy of taxation, including income concepts, exclusion from income, deduction, and credits. Offered fall semesters.
Prerequisite: A201 or consent of instructor.

BUS-A335 Fund Accounting (3 cr)
Financial management and accounting for nonprofit-seeking entities such as municipal and federal government, schools and hospitals. Offered fall semesters.
Prerequisite: A311, A312.

BUS-A339 Advanced Income Tax (3 cr)
Internal Revenue Code and Regulations; advanced aspects of income, deduction, exclusions, and credits, especially as applied to tax problems of partnerships and corporations. Offered spring semesters.
Prerequisite: A328.

BUS-A380 Internship in Accounting (3 cr)
Semester practicum in the accounting field. Offered every semester.

BUS-A422 Advanced Financial Accounting I (3 cr)
Generally accepted accounting principles as applied to partnerships, joint ventures, special sales arrangements; cash flow and forecasting; presentation and interpretation of financial data; price-level problems; insolvency and liquidation. Offered fall semesters.
Prerequisite: A311, A312.

BUS-A424 Auditing (3 cr)
Public accounting organization and operation; review of internal control including EDP systems, verification of balance sheet and operating accounts; the auditor’s opinion. Offered spring semesters.
Prerequisite: A422, A325, A337.

BUS-A437 Advanced Managerial Accounting (3 cr)
Continuation of A325 with emphasis on the use of quantitative methods in management accounting; behavioral implications of budgeting and management reporting. Offered fall semesters.
Prerequisite: A325.

BUS-A490 Independent Study in Accounting (varies)
Prerequisite: Consent of instructor.

Business Management

BUS-D301 The Internat'l Business Environment (3 cr)
The national and international environmental aspects of international business. Examines the cultural, political, economic, systemic, legal-regulatory, trade, and financial environments and how they affect the international business activities of firms in the United States and in selected other countries.
Prerequisite: W100, ECON-E 104

BUS-J401 Administrative Policy (3 cr)
Administration of business organizations: policy formulation, organization, methods, and executive control. This is a capstone course for the business program. You must take this course to graduate. The course consists of reports on cases concerning the history and politics of major corporations. You are required to take an exit examination covering the entire business program. Course open to seniors only. Offered fall and spring semesters.
Prerequisite: F301, M301, P301.

BUS-J404 Business and Society (3 cr)
Major ethical theories are examined in order to provide a basis for analyzing ethical behavior in the business environment. Issues such as economic competition, discriminatory practices, manipulation of power, environmental conservation, technology,
stakeholders relations and organizational and societal cultures are
investigated. Offered spring semesters.

BUS-X410 Bus. Career Planning & Placement (1 cr)

Assists you in obtaining positions consistent with career
goals. Career planning, organized employment campaign, job-
application methods, interviewing, and initial conduct on the job.
Includes addresses by prominent business-persons and on-site
dinner-etiquette session. Offered fall and spring semesters.

BUS-X487 Seminar in Bus. Administration (1-3 cr)

Instruction of an interdisciplinary nature for student groups
involved in university-related nonprofit ventures. Interested
groups must be sponsored by a Business Division faculty member
and must obtain approval for the seminar from the Undergraduate
Policy Committee. May be repeated up to a maximum of 6
credits.

BUS-P301 Operations Management (3 cr)

Role of production in a business enterprise; basic types of
production processes used in industry. Emphasis on application of
economic principles and analytical techniques to decisions made
by operations managers of any business. Supply, facility layout,
and planning are also included. Offered every semester.
Prerequisite: A201, ECON E103, E104, E270, MATH M118

BUS-P480 Prof. Practice in Operations Mgmt. (3-6cr)

Provides work experience in cooperating firm or agency.
Comprehensive written report required. Grades of A, S, or F
assigned by faculty.
Prerequisite: Junior or senior standing with a concentration in
operations management and decision technologies, as well as
consent of department chairperson.

BUS-Z301 Org. Behavior & Leadership (3 cr.)

Nature of human behavior in organizations as a function of
the individual, the groups within which one interacts, and the
organizational setting. Emphasis on applications of behavioral
science concepts and findings to individual behavior and
organizational performance. Credit not given for both Z300 and
Z301. Offered spring and summer I semesters.
Prerequisite: W100.

BUS-Z440 Personnel - Human Resource Mgmt. (3 cr)

Nature of human resource development and utilization in
American society and organizations; government programs
and policies, labor force statistics, organizational personnel
departments, personnel planning, forecasting, selection, training,
and development. Integration of government and organizational
human resource programs. Offered every semester.
Prerequisite: W100, Z301 or W301

BUS-Z441 Wage and Salary Administration (3 cr)

Survey of problems faced by modern managers of
compensation systems. In-depth look at the role of company,
government, union, and employee in the design and
administration of total compensation systems. A description
of the type of wage and salary systems currently in use, their
advantages and disadvantages, and extent of current use. Offered
periodically.
Prerequisite: W100, Z301 or W301.

BUS-L203 Commercial Law I (3 cr)

Law of business organizations and their liabilities. For
accounting majors and others intending to take L303 in order to
attain a rather broad and detailed knowledge of commercial law.
Credit not given for both L201 and L203. Offered fall, spring and
summer I semesters.

BUS-L303 Commercial Law II (3 cr)

Law of ownership, forms of business organization, commercial
paper, and secured transactions. For accounting majors and others
desiring a rather broad and detailed knowledge of commercial law.
Offered spring semesters.
Prerequisite: L203 (L201 may be accepted with permission of
the department).

BUS-L406 Employment Problems and the Law (3 cr)

Current legal problems in the area of employment. Topics
include: race, sex discrimination; terminations in federal, state,
and unionized jobs; impact of the U.S. Constitution and civil
rights legislation.

BUS-W100 Business Administration: Intro. (3 cr)

Business administration from standpoint of manager of a
business firm operating in the contemporary economic, political,
social, and international environment. Course requires written
report and/or computer projects. Recommended for first and
second year students. Offered every semester.

BUS-W301 Mgmt. & Organization Theory (3 cr)

Historical development of management theory. Nature
of organizations and the role of the manager within formal
organizations. Introduction to the management processes and to
current theories of management and organizations including open
systems, sociotechnical system, and contingency approaches to
an understanding of the management processes and practices.
Exercises and group reports are also included. Offered fall and
spring semesters.
Prerequisite: Z301.

BUS-W311 New Venture Creation (3 cr)

Primarily for those interested in creating a new business
venture. Emphasis on personal, rather than corporate goals and
strategy, and problems on creation, rather than management of an
enterprise. Each student develops an investment feasibility study
for a new company. Offered fall and spring semesters.
Prerequisite: W100, A201, L203, M301.

BUS-W408 Small Business Practicum (3 cr)

Application of theory, knowledge, and techniques learned in
previous business courses in analyzing actual business problems
and in offering recommendations for their solutions. Students are
assigned to small businesses in the local or nearby communities.
Prerequisite: consent of instructor (requires internship and/or
SIFE involvement)
BUS-W430 Orgs. and Organizational Changes (3 cr.)
Analysis and development of organizational theories with emphasis on environmental dependencies, sociotechnical systems, structural design, and control of the performance of complex systems. Issues in organizational change, such as appropriateness of intervention strategies. Offered fall semesters.
Prerequisite: W301 or Z301.

BUS-W480 Professional Practice in Mgmt. (3-6 cr)
Provides work experience in cooperating firm or agency. Comprehensive written report required. Grades of A, S, or F assigned by faculty. Offered every semester.
Prerequisite: Junior or senior standing with a concentration in management and consent of department chairperson.

Economics & Finance
ECON-E103 Introduction to Microeconomics (3 cr)
Scarcity, opportunity cost, competitive and noncompetitive market pricing, and interdependence as an analytical core. Individual sections apply this core to a variety of current economic policy problems, such as poverty, pollution, excise taxes, rent controls, and farm subsidies. Offered every semester.
Prerequisite: ENG-W131 or consent of instructor.

ECON-E104 Introduction to Macroeconomics (3 cr)
Measuring and explaining aggregate economic performance, money, monetary policy, and fiscal policy as an analytical core. Individual sections apply this core to a variety of current economic policy problems, such as inflation, unemployment, and economic growth. Offered every semester.
Prerequisite: ENG-W131 or consent of instructor.

ECON-E270 Introduction to Statistical Theory in Economics and Business (3 cr)
Review of basic probability concepts. Sampling, inference, and testing statistical hypotheses. Business applications of regression and correlation theory, time series analysis, analysis of variance, and elementary decision theory. Offered every spring and fall semesters.
Prerequisite: MATH M118, or consent of instructor.

ECON-E340 Introduction to Labor Economics (3 cr)
Economic problems of the wage earner in modern society; structure, policies, and problems of labor organizations; employer and governmental labor relations.
Prerequisite: E103 and E104.

ECON-E350 Money and Banking (3 cr)
Monetary and banking system of the United States. The supply and control of money. The impact of money on the U.S. economy. Topics in the application of Federal Reserve monetary policy. Analytical treatment of the Federal Reserve system and the commercial banking industry. Offered spring semesters.
Prerequisite: E103 and E104.

ECON-E363 Environmental and Natural Resource Economics (3 cr)
Basic theory and policy of such topics as pollution, resource depletion, environmental risk, and resource conservation. Issues covered include: limits to growth, quality of life, and the appropriate roles for the private market and federal control.
Prerequisite: E103 and E104.

ECON-E406 Undergraduate Seminar in Econ. (3 cr)
Discussion and analysis of contemporary economic problems. Different topics offered each semester. May be repeated twice for credit. Papers and written assignments ordinarily required.
Prerequisite: E103 and E104. and Senior standing with consent of instructor.

ECON-E408 Undergraduate Readings in Econ. (3 cr)
Individual readings and research.
Prerequisite: E103 and E104. and Senior standing with consent of instructor.

ECON-E430 International Economics (3 cr)
Gains from trade, relation between factor rentals and goods prices, distributional effects of trade, tariff policy and quantitative interferences, trade problems of developing countries, discrimination and customs unions, balance-of-payments adjustment via prices and incomes, exchange rate policy, role of international reserves.
Prerequisite: E103 and E104.

BUS-F260 Personal Finance (3 cr)
Financial problems encountered in managing individual affairs; family budgeting, installment buying, insurance, home ownership, and investing in securities. Recommended for first- and second-year students.

BUS-F301 Financial Management (3 cr)
Conceptual framework of the firm’s investment, financing and dividend decisions; includes working capital management, capital budgeting, and capital structure strategies.
Prerequisite: A201, A202, ECON E103 and E104, E270, or consent of instructor.

BUS-F302 Financial Decision-Making (3 cr)
Application of financial theory and techniques of analysis in the search for optional solutions to financial management problems.
Prerequisite: F301.

BUS-F303 Intermediate Investments (3 cr)
Rigorous treatment of core concepts of finance for all students with a concentration in finance. In particular, enables you to develop the skills for portfolio optimization, pricing of equity, examining derivatives and fixed income, analyzing market efficiency, and understanding the basis of corporate financial policy. Serves as a foundation for all 400-level finance electives. Offered spring semesters.
Prerequisite: F301.
BUS-F420 Equity & Fixed Income Investment (3 cr)
Conceptual and analytical frameworks for formulating investment policies, analyzing securities, and construction portfolio strategies for individuals and institutions. Offered periodically.
Prerequisite: F301.

BUS-F446 Bank & Financial Intermediation (3 cr)
The main topics are: 1) the economic role of financial intermediaries, with an emphasis on commercial banks; 2) the evolution of markets in which banks and other financial intermediaries operate; and 3) the regulation of commercial banks and other financial institutions.
Prerequisite: F301.

BUS-F480 Professional Practice in Finance (3-6 cr)
Work experience is offered in cooperating firms and agencies. Comprehensive written report required. Grades of A, S, or F are assigned by faculty.
Prerequisite: F301, junior or senior standing in major area, and consent of instructor.

BUS-F494 International Finance (3 cr)
Course topics include the financial management of foreign operations of the firm; financial constraints of the international environment and their effect on standard concepts of financial management; and the study of international currency flows, forward cover, and banking practices. Offered every year.
Prerequisite: F301.

BUS-G300 Intro. to Managerial Economics (3 cr)
Microeconomic analysis and its applications to business decision making. Includes topics of demand and consumer behavior, production and costs, theory of firms and public policy towards business. Focuses on the applied aspects of microeconomics. Credit given for only one: G300 or E321. Offered every two years.
Prerequisite: P301, E103, E104, E270, MATH M118 or consent of instructor.

BUS-G480 Professional Practice in Business Economics (3-6 cr)
Provides work experience in cooperating firm or agency. Comprehensive written report required. Grade of A, S or F assigned by faculty.
Prerequisite: Junior or senior standing with a concentration in business economics and public policy, and consent of department chairperson.

Marketing
BUS-M301 Intro. to Marketing Management (3 cr)
Overview of marketing for all undergraduates. Market planning and decision-making examined from firm’s and consumer’s point of view; marketing concept and its company-wide implications; integration of marketing with other functions. Market structure and behavior and their relationship to marketing strategy.

International component of Marketing examined. Offered fall, spring, and summer I semesters.
Prerequisite: W100, ECON E103, E104, (or consent of instructor).

BUS-M303 Marketing Research (3 cr)
Research methods and purposes examined in detail. Course includes a practical experience in research from formulation to presentation of issues.
Prerequisite: E270, M301 (or consent of instructor).

BUS-M325 Selling (3 cr)
The role of selling in the economy, in the organization, and in marketing management. Selling as a profession. The dynamics of salesperson-customer interaction. Skills, techniques, and strategies of selling.
Prerequisite: M301 (or consent of instructor).

BUS-M405 Buyer Behavior (3 cr)
Description and explanation of consumer behavior in retail markets. Topics include demographic socioeconomic, psychographic, attitudinal, and group influences on consumer decision making. Applications to promotion, product design, distribution, pricing, and segmentation strategies.
Prerequisite: M301 or consent of instructor.

BUS-M415 Advertising & Promotional Mgmt (3 cr)
Basic advertising and sales promotion concepts. The design, management, and integration of a firm’s promotion strategy. Public policy aspects and the role of advertising in marketing communications in different cultures. Practical skills in public advertising included to provide implementation of theories. Offered fall semester, alternate years.
Prerequisite: M301 or consent of instructor.

BUS-M419 Retail and Wholesale Management (3 cr)
Management in retail and wholesale institutions; parallel and comparative treatment given to basic management problems and techniques relevant to both institutions. Basic marketing variables; location and physical facilities, inventories, purchasing, pricing, and promotions. Offered spring semester, alternate years.
Prerequisite: M301 (or consent of instructor).

BUS-M450 Marketing Strategy (3 cr)
Ideally taken in your last semester. Focuses on marketing’s role in gaining a sustainable competitive advantage. Topics include managing competitive interaction and marketing strategic planning. Emphasis on applications through the use of case studies and/or computer game simulation of competitive interaction. Offered fall semesters, alternate years.
Prerequisite: M301.

BUS-M480 Prof. Practice in Marketing (3-6 cr)
Supervised individual study and research in your special field of interest. You will propose the investigation desired and, in conjunction with the instructor, develop the scope of work to be completed. Written report required. Offered every semester.
Prerequisite: Consent of dean and of the instructor.
Computer Literacy

**COLI-S330 Computerized Statistical Analysis (1 cr)**

Course for Psychology students. Taken concurrently with PSY K300. Use of the computer for statistical analyses, including how to enter data, perform analyses, and interpret the resulting computer output. Offered spring semesters.

Prerequisite: G100 or equivalent; or consent of instructor.

**COLI-S360 Computers in the Behavioral & Social Sciences (1 cr)**

This course will introduce the application of technology to the behavioral and social science disciplines. Available technology and software will be described. You will make use of software to communicate with others, find information, and collect data.

Prerequisite or Co-requisite: P211.

Computer Science

**CSCI-A110 Intro. to Computers and Computing (3 cr)**

No computing experience assumed. How computers work, word processing, spreadsheets, file management, web browsing, etc. Emphasis on problem solving techniques. Lecture and laboratory. Credit given for only one of A106, A110 or Business K201.

Prerequisite: One year of high school algebra or equivalent.

**CSCI-C206 Programming for Educators (3 cr)**

Instructional design and problem solving are explored through developing instructional software using appropriate educationally-orientated programming languages and/or authoring tools. Recommended for education students seeking an endorsement in educational computing. Not normally accepted for credit for computer science majors.

**CSCI-C243 Introduction to Data Structures (3 cr)**

Introduction to data structure concepts and common applications. Structures to be discussed include strings, lists, queues, stacks, graphs, trees, sequential files, random files, and indexed sequential files. Practical applications and algorithms are stressed. Offered fall semesters.

Prerequisite: C202.

**CSCI-C251 Foundations of Digital Computing (3 cr)**

Boolean algebra and propositional logic. Set algebra including mappings and relations. Elements of graph theory and statistical analysis. Applications of all topics to computer programming. Offered spring semesters.

Prerequisite: C202 or equivalent; MATH M215.

**CSCI-C297 Sophomore Topics in Computer Science (2 or 3 cr)**

Selected topics in computer science appropriate if you are in or nearing the end of your sophomore year. Course may cover a topic selected from, but not limited to, the following list: programming languages, computer graphics, artificial intelligence, ethics in data processing, and database systems. May be repeated no more than 9 cr.

Prerequisite: C202 and others as appropriate; consent of instructor.

Integrated Information Management

**IIM-I300 Foundations and Principles of MIS (3 cr)**

Introduction to concepts of management information systems. Techniques for information sharing. Discussion of hardware and software standards. Supporting end users. Using microcomputers as workstations. Related ethical issues. Offered fall, spring, and summer II semesters.

Prerequisite: BUS-W100, CSCI-A110, or INFO-I101

**IIM-I340 Database Management (3 cr)**

Theory and principles of data management and database management systems. Relational DBMS, Structured Query Languages, system development and programming techniques. Offered spring semester, odd years.

Prerequisite: I300 and either CSCI C243 or C343.

**IIM-I380 Data Communications in MIS (3 cr)**

Various communications media, protocols and standards used for integrating information among applications and offices including: cabling systems, local-area networks, wide-area networks, file servers, client-based systems, and multi-user systems. Evaluation and selection of hardware and software. Skills, tools, and techniques for managing a networked integrated environment. Offered summer II (10 weeks), odd years.

Prerequisite: I300.

**IIM-I430 Data Analysis and Decision Support Systems (3 cr)**

The design and implementation of Information Technology based systems integrating such functions as accounting, finance and financial management, project management, human factors modeling, simulation, and statistical analysis. Focus on supporting the decision making process through data analysis and by integrating information as a corporate resource. Offered fall semester, odd years.

Prerequisite: I310, I341, and ECON E270.

**IIM-I460 Artificial Intelligence in MIS (3 cr)**

Principles of Artificial Intelligence. Topics include problem solving, search, knowledge representation, logic, rule-based systems, and machine learning. Application to integrated information management. Offered spring semester, even years.

Prerequisite: I300 and either CSCI C243 or C343 or C251 and knowledge of Scheme.

**IIM-I490 Trends in MIS (1-4 cr)**

(variable title and variable credit) Topics course whose contents and credits will vary upon each offering. Offered fall semesters.

Prerequisite: Senior standing in MIS major or equivalent.

**IIM-I491 Mgmt Info. Systems Project (3 cr.)**

Semester-long project related to principles and techniques of MIS. Opportunity for field experience with assignment to, or
contractual arrangement, complete a project for a local systems manager. Offered spring semesters.

Prerequisite: I310, I340, and one of I430, I460 or I470.

Computer Systems

**BUS-S310 Systems Analysis & Design (3 cr)**

Analysis of an organization and the subsequent design of computer systems to meet business requirements are at the heart of the computer information systems (CIS) field. Course is the first in a two-course sequence with S410 that addresses the multi-phased process for developing information systems. Courses follow the systems development life cycle, although alternative methodologies are also covered. This first course covers the phases from information systems planning through the specification of structured system requirements in functional form (i.e., logical system design) and concentrates on methods, techniques, and tools used to determine information requirements and to document these requirements in a thorough and unambiguous form. Also introduces computer-aided software engineering (CASE) technology. Students learn the discipline of systems analysis and logical design through a hypothetical case situation.

Pre or Corequisite: IIM-I340

**BUS-S430 E-Commerce Strategic Analysis (3 cr)**

An overview of electronic commerce applications in the retail, manufacturing, government, and health sectors. Applications will illustrate business-to-consumer, business-to-business, and intra-organizational electronic commerce in physical as well as digital products. Different business models underlying these electronic commerce applications will be highlighted and discussed from both operational and strategic perspectives.

Prerequisite: IIM-I300, CSCI-A110 or INFO-I101, or consent of instructor

### Education

**Education Foundations**

**EDUC-E337 Classroom Learning Environments (3 cr)**

This course focuses on the curriculum aspects of early childhood programs designed to meet ethnic and cultural differences and on planning, utilizing, and evaluating learning environments. Selection of materials, activities, and the acquisition of skills for using these to stimulate children’s development are the major focuses.

**EDUC-E449 Trade Books & Classroom Teacher (3 cr)**

Emphasis on the use of trade books for teaching language arts and reading, K-8. Historical and contemporary literature will be used to examine objectives and techniques of instruction.

**Education Methods**

**EDUC-E325 Social Studies in Elem. Schools (3 cr)**

Emphasizes the development of objectives, teaching strategies, and evaluation procedures that facilitate the social learnings of young children. Special attention given to concept learning, inquiry, decision making and value analysis. Offered fall and spring semesters.

Prerequisite: M299 and E339
Corequisite: M401 (lab portion)

**EDUC-E328 Science in Elementary Schools (3 cr)**

The focus of this course will be on developing teacher competencies in writing performance objectives, questioning, evaluating, and sequencing. These competencies will reveal themselves in the preparation and development of science activities and the teaching strategies involved in presenting those activities to elementary school children. Offered fall and spring semesters.

Prerequisite: M299
Corequisite: M401 (lab portion)

**EDUC-E339 Methods of Teaching Lang. Arts (3 cr)**

This course appraises the materials, methods, and techniques employed in an elementary school developmental language arts and reading program. E339 is to be taken before E340 and E341. Offered fall and spring semesters.

Prerequisite: E339, M299
Corequisite: M301

**EDUC-E340 Methods of Teaching Reading I (3 cr)**

This course describes and appraises the methods, materials, and techniques employed in diagnosing learning problems in elementary language arts and reading programs. Offered fall and spring semesters.

Prerequisite: E339, M299
Corequisite: M401

**EDUC-E341 Methods of Teaching Reading II (3 cr)**

This course describes and appraises the materials, methods, and techniques employed in corrective instruction in elementary language arts and reading programs. Offered fall and spring semesters.

Prerequisite: E340, M299
Corequisite: M401

**EDUC-E343 Mathematics in Elem. Schools (3 cr)**

Emphasizes the developmental nature of the arithmetic process and its place as an effective tool in the experiences of the elementary school child. Offered fall and spring semesters.

Corequisite: M301

**EDUC-F203 Topical Exploration in Education (1-3 cr)**

A one-semester course on a particular topic, established at the request of a faculty member. Applies only as elective credit. Offered fall and spring semesters.
EDUC-F205 Study of Educ. & Prac. of Teaching (3 cr)
Contact your advisor for a course description.

EDUC-M201 Laboratory/Field Experience (1 cr)
Laboratory or field experience for sophomores (may be repeated).
Corequisite: P280

EDUC-M300 Teaching in a Pluralistic Society (3 cr)
This course introduces you to teaching as a profession. You will focus upon the “self as teacher,” learning styles, cultural pluralism, and classroom teaching strategies which respond positively to the personal and ethnic diversity of the learner.
Offered fall and spring semesters.

EDUC-M301 Laboratory/Field Experience (1 cr)
Laboratory or field experience for sophomores and juniors (may be repeated).
Offered fall and spring semesters.
Corequisite: E328, E339, E340, E343, E314

EDUC-M311 General Methods for Kindergarten / Elementary Teachers (1-3 cr)
Explores elementary school learning environments in which teachers plan classroom organization and management, curriculum, and evaluation to meet the needs of individual pupils, as well as examines the legal rights and responsibilities of teachers.
Offered fall and spring semesters.
Prerequisite: M299, Corequisite: M425

EDUC-M312 General Methods for Jr. High / Middle School Education (1-3 cr)
Individualized and interdisciplinary learning methods, measurement and evaluation, teaching process, curriculum development, and organization.
Prerequisite: M299, Corequisite: M301

EDUC-M314 General Methods for SH / JH / MS Teachers (3 cr)
Study covers individualized and interdisciplinary learning methods, measurement and evaluation, teaching and curriculum development, and organization of the SH/JH/MS.
Offered spring semesters.
Prerequisite: M299, Corequisite: M301

EDUC-M324 Teaching about the Arts (1-3 cr)
Introduction to importance of the arts in elementary school curriculum. You are given a foundation of methods and materials in art and music that will enable you to integrate the arts into the general curriculum, supplement art lessons given by school art specialists, and encourage student discussion and understanding of art and music in the world today.
Offered fall and spring semesters.
Prerequisite: E339, Corequisite: M301

EDUC-M401 Laboratory/Field Experience (0-3 cr)
Laboratory or field experience for juniors or seniors (may be repeated).

EDUC-M425 Student Teaching: Elem. (10-16 cr)
Full-time supervised student teaching for at least 10 continuous weeks in grades 1-6 of an accredited elementary school in the state of Indiana, unless the integral program includes student teaching in an approved out-of-state site. Grade: S or F.
Offered fall and spring semesters.

EDUC-M441 Methods of Teaching SH / JH / MS Social Studies (2-4 cr)
Includes consideration of philosophical and psychological perspectives, development and practice of skills and techniques, selection of content and materials, and evaluation of student and teaching performance.
Offered fall semesters.
Prerequisite: M299, Corequisite: M401

EDUC-M446 Methods of Teaching SH / JH / MS Science (1-5 cr)
Methods, techniques, content, and material applicable to the teaching of science in the SH/JH/MS. Designed for students who plan to teach biology, chemistry, earth science, general science, or physics in SH/JH/MS.
Offered fall semesters.
Prerequisite: M299, Corequisite: M401

EDUC-M452 Methods of Teaching SH / JH / MS English (1-5 cr)
Methods, techniques, content, and material applicable to the teaching of English in the SH/JH/MS.
Offered fall semesters.
Prerequisite: M299, Corequisite: M401

EDUC-M457 Methods of Teaching SH / JH / MS Mathematics (2-4 cr)
Methods, techniques, content, and materials applicable to the teaching of mathematics in the SH/JH/MS.
Offered fall semesters.
Prerequisite: M299, Corequisite: M401

EDUC-M464 Methods of Teaching Reading (3 cr)
Curriculum, methods, and materials for teaching students to read more effectively.
Offered fall semesters.
Prerequisite: M299

EDUC-M470 Practicum (3-8 cr)
Teaching or experience under the direction of an identified supervising teacher, with the university providing supervision in the endorsement or minor area and at the level appropriate to the area and in an accredited school within the state of Indiana, unless the integral program includes experience in an approved and accredited out-of-state site. The practicum may be full or part-time, but in every instance the amount of credit granted will be commensurate with the amount of time spent in the
EDUC-M480 Student Teaching in the Secondary School (1-16 cr)

Full-time supervised student teaching for at least 10 continuous weeks in your major certification area in a senior high, junior high, or middle school within the state of Indiana, unless the integral program includes student teaching in an approved out-of-state site. May include a portion of the time in your minor certification area. Grade: S or F.

Offered fall and spring semesters.

EDUC-K305 Teaching the Exceptional Learner in the Elementary School (3 cr)

Knowledge, attitudes, and skills basic to the education of exceptional learners (students who are handicapped as well as gifted and talented) in the regular elementary classroom. Topics include historical and international perspectives, the law and public policy, profiling the exceptional learner, a responsive curriculum, teaching and management strategies, teachers as persons and professionals.

EDUC-K306 Teaching Students with Special Needs in Secondary Classrooms (3 cr)

Includes an overview of the skills and knowledge necessary for effective instruction of students with disabilities in inclusive secondary programs.

EDUC-K344 Education of the Socially & Emotionally Disturbed II (3 cr)

A survey of educational curricula, procedures, and materials for socially and emotionally disturbed children. Development of teaching skills is emphasized.

EDUC-K352 Education of Students with Learning Disorders (2 cr)

Educational programs for optimum growth and development of educable mentally retarded and learning disabled children. Study and observation of curriculum content, organization of special schools and classes, and teaching methods and materials.

EDUC-K361 Assistive Technology for Elementary School Students with Disabilities (2 cr)

Prepares future teachers with the knowledge required to integrate assistive technology into curricula for students with mild to moderate disabilities.

EDUC-K362 Team Approaches to the Education of Students with Disabilities (3 cr)

Students will learn techniques related to effective collaboration and interactive teaming in educational settings. Focus will be the development of skills necessary to serve as consultant or co-teacher in school environments.

EDUC-K480 Student Teaching Special Education (6-15 cr.)

Provides experiences for each student in his or her respective area of exceptionality, under the direction of a supervising teacher in an educational school setting.

Prerequisite: Senior standing and completion of major requirements.

EDUC-K490 Research in Special Education (1-3 cr)

Individual research.

EDUC-K490 Topical Seminars for Special Education Dual Certification Program (3 cr)

Assessment and Instruction: assists students in gaining knowledge of formal and informal assessment techniques; how to link assessment to curriculum and instruction; and how to effectively choose, construct, deliver, and evaluate curriculum and instruction to students with diverse learning needs.

EDUC-K495 Laboratory/Field Experiences in Special Education (cr. arr.: Max. 9)

Provides the student with a field-based, supervised experience with individuals with severe handicaps. It allows the opportunity to interact within school/ work/community settings on a daily basis (three hours/day, five days/week). Specific assignments, which are mutually agreed upon between student, cooperating teacher, and practicum supervisor, are also required.

EDUC-K500 Topical Workshop in Special Education: variable title (3 cr.)

Intensive study of such selected topics as language development for exceptional children, the disadvantaged child,
and behavior modification for exceptional children.

EDUC-K505 Introduction to Special Education for Graduate Students (3 cr.)

Basic special education principles for graduate students with no previous course work in special education. Students cannot receive credit for both K205 and K505.

EDUC-K510 Assistive Technology in Special Education (3 cr.)

The course gives an understanding of computer/instructional hardware, augmentative devices, software programs, internet/web resources and other assistive technology. It explains how to use technology to teach and support students with disabilities in all areas of education, including academic instruction, employment, community living, recreation and travel.

EDUC-K520 Survey of Behavior Disorders (3 cr)

An advanced survey of the literature related to behaviorally disordered/emotionally disturbed children including historical information, theoretical approaches, characteristics, and issues.

Prerequisite: K505.

EDUC-K525 Survey of Mild Handicaps (3 cr)

An advanced survey of the literature relating to mild handicaps, including historical foundations, definitions, and current issues facing workers in the field.

EDUC-K565 Collaboration and Service Delivery (3 cr)

The focus of this course is on service delivery option and approaches to students needing special education services. It covers service delivery approaches or systems, such as continuum of least restrictive programs, wrap around services and systems of care. Collaborative skills, including effective communication strategies and consultation techniques also are stressed.

EDUC-K590 Ind. Study in Special Education (1-3 cr.)

A one- or two-page written proposal should be submitted to the instructor during the first week of the term specifying the scope of the project, project activities, meeting times, completion date, and student products. Ordinarily, K590 should not be used for the study of material taught in a regularly scheduled course.

Prerequisite: Individual research or study with a Special Education faculty member, arranged in advance of registration.

EDUC-K595 Practicum in Special Education: variable title (1-6 cr)

Provides for closely supervised field experience in various areas of special education.

Prerequisite: Consent of instructor.

Psychology in Education

EDUC-P250 General Educational Psychology (4 cr)

The study and application of psychological concepts and principles as related to the teaching-learning process, introduction to classroom management, measurement/evaluation, and disability awareness.

Other Courses in Education

EDUC-Q200 Basic Science Skills (3 cr)

Course provides the elementary education major with a background in the science process skills needed to complete required science courses.

Offered fall and spring semesters.

EDUC-W200 Using Computers in Education (1-3 cr)

Required of all students pursuing teacher certification. Introduction to instructional computing and educational computing literature. Hands-on experience with educational software, utility packages, and commonly used microcomputer hardware.

Offered fall and spring semesters.

EDUC-X400 Diagnostic Teaching of Reading in the Classroom (3 cr)

Diagnosis of reading difficulties and solutions to problems through research, conference, and practice in the use of materials and equipment.

EDUC-X401 Crit. Reading in Content Area (1-3 cr)

Aids elementary and secondary teachers in the development of instructional strategies that assist students in the comprehension, critical analysis, and integration of ideas presented in print material of various subject matter areas.

Offered periodically.

HUMANITIES & SOCIAL SCIENCES

Anthropology

ANTH-A103 Human Origins and Prehistory (3 cr)

The biological evolution and archaeological history of the human species through Stone and Metal Ages. Offered fall semester, alternating years.

ANTH-A104 Culture and Society (3 cr)

Introduction to the comparative study of human cultures and social processes that influence behavior.

Offered fall, spring, and summer semesters.

ANTH-A150 Freshman Seminar in Anthropology: Topics (3 cr)

Introduction to the study of anthropology through the applicability of anthropological theory and method to specific social and cultural issues. May be repeated twice with different topics.

Offered fall semesters.

ANTH-A400 Undergrad. Sem. in Anthropology (3 cr)
Seminar in various anthropology topics that are not covered by other anthropology courses, excluding ethnography and ethnology. Offered fall semesters.

**ANTH-A495 Ind. Studies in Anthropology (1-4 cr)**

A supervised, in-depth examination through individual research on a particular topic selected and conducted by the student in consultation with an anthropology faculty member.

Prerequisites: Consent of Instructor

**ANTH-E200 Social and Cultural Anthropology (3 cr)**

Intermediate survey of theories and problems in social and cultural anthropology. Historical development, methods in inquiry, focal problems, and contemporary theoretical perspectives.

**ANTH-E300 Culture Areas and Ethnic Groups (3 cr)**

Survey of world cultures and ethnic groups, selected topic areas.

Prerequisites: A103, A104, E320, or consent of instructor

**ANTH-E310 Cultures of Africa (3 cr)**

Ethnographic survey of culture areas south of the Sahara.

Prerequisites: Prerequisites: A104, E200

**ANTH-E320 Indians of North America (3 cr)**

Ethnographic survey of culture areas from Arctic to Panama plus cross-cultural analysis of interrelations of culture, geographical environment, and language families.

Offered fall semesters, alternating years.

Prerequisites: Prerequisites: A104 or consent of instructor

**ANTH-P210 Life in the Stone Age (3 cr)**

Examination of the major developments in the Stone Age, emphasizing technological innovations, changes in subsistence patterns, and geographic and ecological expansions of human populations. The course will consist of weekly lectures and a laboratory practicum where students will learn to make and use stone tools.

**ANTH-P301 Archaeological Mthds. & Analyses (3 cr)**

Laboratory analysis of archaeological materials (classification, description, quantification) within a framework of answering specific questions about past human behavior and activities: chronology, subsistence, seasonality, tool functions. Credit not given for both P400 and P301.

Prerequisites: P200 or consent of instructor

**ANTH-P360 Prehistory of North America (3 cr)**

Introduction to antiquity of the American Indian, principal culture areas, and field methods and techniques incidental to recovery of archaeological data and material.

Offered spring semesters.

**ANTH-P405 Fieldwork in Archaeology (1-8 cr)**

Archaeological work directed toward field techniques: excavation and preservation of materials, surveying, photography, and cataloguing. One credit hour per full week of fieldwork.

Offered summer or as arranged.

---

**Communication Studies**

**CMCL-C122 Interpersonal Communication (3 cr)**

Practical consideration of spontaneous human interaction in face-to-face situations. Special attention to perception, language, and attitudes.

Offered fall semesters.

**CMCL-C130 Public Speaking, Honors (3 cr)**

Theory and practice of public speaking: training in thought processes necessary to organize speech content, analysis of components of effective delivery and language. Substitutes for S121. Honors students or instructor permission required.

Offered fall semesters.

**CMCL-C205 Intro. to Communication & Culture (3 cr)**

An overview of the theories and principles of effective communication in interpersonal, group, organizational, and public settings.

Offered spring semester of alternate years, occasionally in summer.

**CMCL-C223 Business & Prof. Communication (3 cr)**

Preparation and presentation of type of speeches and oral reports appropriate to business and professional occupation; group discussion and parliamentary procedure.

Offered fall semesters.

**CMCL-C303 Propaganda & Persuasion (3 cr)**

A study of the theory and use of propaganda in contemporary society. The course will examine the difference between propaganda and more ethical forms of persuasion. You will analyze a current propaganda campaign.

Offered periodically.

This course is also listed as SPCH-S 303.

**CMCL-C304 Communication & Social Conflict (3 cr)**

Examination of sources and functions of symbolic influence in contemporary society. Emphasis upon developing rhetorical skills for critiquing social conflict.

**CMCL-C311 Advertising and Consumer Culture (3 cr)**

Critical examination of advertising’s role in modern societies. Focuses on marketing and consumption as central activities in shaping personal identity and social relations.

**CMCL-C334 Current Topics in Communication (3 cr)**

Extensive analysis of selected problems in contemporary speech communication. Topics may vary and may be listed in the Schedule of Classes. May be repeated once for credit.

Offered fall, spring, and summer semesters.

**CMCL-C380 Nonverbal Communication (3 cr)**

Provides a conceptual and theoretical foundation for understanding how nonverbal communication influences perceptions of others and the ways in which nonverbal
communication reflects emotions, status, sex roles, etc. The course explores how nonverbal communication facilitates retention, comprehension, and persuasiveness of verbal information, including the ability to detect deceptive communication.

CMCL-C398 Ind. Study in Speech Comm. (1-6 cr)

Independent study of practicum experience. Projects must be approved by faculty member before enrolling.

Offered every semester.
Prerequisite: Junior standing and approval of instructor

CMCL-C405 Communication Theories (3 cr)

Survey of contemporary theories of human communication with emphasis on the nature of theory construction; contributions of allied disciplines to communication theory.

This course also listed as SPCH-S 405

CMCL-C424 Emp. Research Methods in Comm. (3 cr)

Focuses on the objective appraisal of behavioral data in the study of speech communication. Introduces the theoretical foundation of empirical social science and offers guidelines for conducting descriptive and experimental studies.

Prerequisite: C205

CMCL-C427 Cross-Cultural Communication (3 cr)

A survey study of national, cultural, and cross-cultural persuasion in theory and practice.

Offered spring semester, odd years.

CMCL-C440 Organizational Communication (3 cr)

Examination of internal and external communication in business and other professional organizations, with emphasis on theory, techniques, practices, goals, and the social environment in which such communication exists.

Offered spring semester, even years.

CMCL-C450 Gender and Communication (3 cr)

Examines the extent to which biological sex and gender role orientation and stereotypes influence the process of communication. Focuses on gender differences in decoding and encoding verbal and nonverbal behavior, development of sex roles, cultural assumptions, and stereotypes regarding gender differences in communication. Analyzes how the media present, influence, and reinforce gender stereotypes.

Offered spring semester, odd years.

CMCL-C499 Senior Honors Thesis (3-6 cr)

Original research project, culmination in honors thesis to be written under direction of faculty member. Can substitute for S490.

Offered as needed.
Prerequisite: Senior standing

English Grammar

ENG-G205 Intro. to the English Language (3 cr)

An introduction to the English language and to the principles and methods of linguistics, this course is designed to be the first course in English linguistics. The course examines the phonology, morphology, syntax, and semantics of English and discusses a range of applications of these basic concepts in areas such as first and second language acquisition and language education.

Offered fall semester, even years.

ENG-G207 Grammar and Usage (3 cr)

Provides you with a foundation in traditional grammar and usage. Intended primarily for students preparing to teach English.

Offered spring and most summer semesters.

ENG-G301 History of the English Language (3 cr)

The historical and structural analysis of the English language is surveyed through the stages of its development. Background provided in g205 would be useful in this course.

Offered on occasional basis.
Prerequisites: G205, or consent of instructor

ENG-G500 Introduction to the English Language (3 cr)

An introduction to the English language: its nature, structure, and development.

ENG-G660 Stylistics (3 cr)

Survey of traditional and linguistic approaches to the study of prose and poetic style. Attention will center on description of the verbal characteristics of texts, what those characteristics reflect about the author, and how the affect the reader.

Offered spring semesters.

English Literature

CLAS-C205 Classical Mythology (3 cr)

Introduction to Greek and Roman myths, legends, and tales, especially those that have an important place in the Western cultural tradition.

Offered once every four years.

ENG-L105 Appreciation of Literature (3 cr)

Stresses the enjoyment and humane values of literature. It will provide workshop experiences and programmed exercises as well as experience in listening to and studying visual adaptations of poems, novels, and dramas

Offered occasional fall semesters.

ENG–L115 Literature for Today (3 cr.)

Poems, dramas, and narratives pertinent to concerns of our times: e.g., works concerning values of the individual and society, problems of humanism in the modern world, and conflicts of freedom and order.

Offered occasional fall semesters.
Prerequisites: W131

ENG-L202 Literary Interpretation (3 cr)

Development of critical skills essential to participation in interpretive process. Through class discussion and focused
writing assignments, introduces the premises and motives of literary analysis and critical methods associated with historical, generic, and/or cultural concerns.

Offered spring in classroom.

**ENG-L203 Introduction to Drama (3 cr)**
Representative significant plays to acquaint you with characteristics of drama as a type of literature. Readings include plays from several ages and countries.

**ENG-L204 Introduction to Fiction (3 cr)**
Representative works of fiction; structural techniques in the novel. Novels and short stories from several ages and countries.

Offered occasionally.

**ENG-L205 Introduction to Poetry (3 cr)**
Kinds, conventions, and elements of poetry in a selection of poems from several historical periods.

Offered occasionally.

**ENG-L207 Women and Literature (3 cr)**
Issues and approaches to the critical study of women writers and treatment in British and American literature.

Offered occasional spring semesters.

**ENG-L208 Topics in English & American Lit. (3 cr)**
Selected works of English or American literature in relation to a single cultural problem or theme. Topics will vary from semester to semester.

Offered occasionally.

**ENG-L209 Topics in American Lit. & Culture (3 cr)**
Selected works of American literature taught in relation to a single cultural problem or theme. Topics will vary from semester to semester.

Offered occasionally.

**ENG-L210 Studies in Popular Literature and Media**
Popular literary modes in England and America, such as detective, western, fantasy; history and theories of “mass” or “popular” culture; uses of literacy. Literary analysis of particular mass media forms, including television drama. Topic varies.

**ENG-L 213 Literary Masterpieces I (3 cr)**
Literary masterpieces from Homer to the present. Aims at thoughtful, intensive reading; appreciation of aesthetic values; enjoyment of reading. Courses may be taken out of sequence.

Offered occasionally.

**ENG-L 214 Literary Masterpieces II (3 cr)**
Literary masterpieces from Homer to the present. Aims at thoughtful, intensive reading; appreciation of aesthetic values; enjoyment of reading. Courses may be taken out of sequence.

Offered occasionally.

**ENG-L225 Introduction to World Masterpieces (3 cr)**
An intensive study of masterpieces of world literature from Homer’s Odyssey to Goethe’s Faust, which present the archetypal patterns of human experience that recur in the great literature of the past and present.

Offered spring and some summers.

**ENG-L240 Literature and Public Life (3 cr)**
A study of literary works that feature situations, issues, and problems of values or ethics in public life as seen from a variety of viewpoints. Discussion and writing will be directed to the works themselves and to the questions they raise for contemporary life.

Offered occasionally.

**ENG-L250 American Literature Before 1865 (3 cr)**
An introductory survey of representative works with an emphasis on major writers.

Offered occasionally.

Prerequisite: W131 or equivalent.

**ENG-L251 American Literature After 1865 (3 cr)**
An introductory survey of representative works with an emphasis on major writers.

Offered occasionally.

Prerequisites: W131 or equivalent

**ENG-L295 American Literature and Film (3 cr)**
Film in relation to American culture and society. Topic varies. Works of literature may be used for comparison, but the main emphasis will be on film as a narrative medium and as an important element in American culture.

Offered occasionally.

**ENG-L297 English Literature to 1600 (3 cr)**
Representative selections, with emphasis on major writers from Chaucer to Shakespeare and on their cultural content.

Offered occasionally.

**ENG-L298 English Literature from 1600-1800 (3 cr)**
Representative selections, with emphasis on major writers from Donne to Johnson and on their cultural context.

Offered occasionally.

**ENG-L299 English Literature Since 1800 (3 cr)**
Representative selections, with emphasis on major writers from Blake to the present and on their cultural context.

Offered occasionally.

**ENG-L306 Middle English Literature (3 cr)**
Selected works such as Sir Gawain and the Green Knight, the Pearl, mystery and morality plays, and religious lyrics, read in Middle English.

Offered even fall semesters.

**ENG-L308 Elizabethan and Seventeenth-Century Drama (3 cr)**
English drama from Shakespeare’s time to the closing of the theaters in 1642 and beyond.

Offered occasionally.
ENG-L309 Elizabethan Poetry (3 cr)
Major Elizabethan poets, with special attention to Spenser.
Offered even spring semesters.

ENG-L315 Major Plays of Shakespeare (3 cr)
A close reading of a representative selection of Shakespeare’s major plays.
Offered some even summer semesters.

ENG-L317 English Poetry of the Early Seventeenth Century (3 cr)
Major poets in England, 1600-1660.
Offered occasionally.

ENG-L332 Romantic Literature (3 cr)
Major romantic writers, with emphasis on two or more of the following: Blake, Wordsworth, Coleridge, Byron, Shelley, and Keats.
Offered odd spring semesters.

ENG-L335 Victorian Literature (3 cr)
Major poetry and prose, 1830-1900, studies against social and intellectual background of period.
Offered occasional fall semesters.

ENG-L337 Victorian Literature (3 cr)
This course will focus on one major Victorian writer’s body of works (eg. Dickenson, Tennyson, Eliot, or Hardy) or family of writers (eg. the Bronté, the Brownings). It is intended for English majors and/or those with some literature & writing background.
Offered occasionally.

ENG-L345 Twentieth-Century British Poetry (3 cr)
Modern poets, especially Yeats, Eliot, Auden; some later poets may be included.
Offered occasionally.

ENG-L346 Twentieth-Century British Fiction (3 cr)
Modern fiction, its techniques and experiments, particularly Joyce, Lawrence, and Woolf; some later novelists may be included.
Offered even spring semesters.

ENG-L347 British Fiction to 1800 (3 cr)
Forms, techniques and theories of fiction as exemplified by such writers as Defoe, Richardson, Fielding, Smollett, and Sterne.
Offered occasional odd summer semesters.

ENG-L348 Nineteenth-Century British Fiction (3 cr)
Forms, techniques, and theories of fiction, as exemplified by such writers as Scott, Dickens, Eliot, and Hardy.
Offered occasionally.

ENG-L352 American Literature 1865–1914 (3 cr.)
Surveys American literature through the development of realism, regionalism, naturalism, and the beginnings of modernism. Considers literature’s relation to social and cultural phenomena of this era, such as urbanization, industrialization, immigration, racial tensions, labor strife, changing gender roles, and the spread of mass media and consumer culture.
Offered fall semesters.

ENG–L354 American Literature since 1914 (3 cr.)
Provides an understanding of the pivotal literary innovations and cultural changes during this period. Literary movements such as naturalism, realism, and modernism may be the subject of focus, as might changes in race and gender relations, labor politics, immigration policies, regionalism, and the increasing shift from agricultural to urban economics.
Offered even spring semesters.

ENG-L355 American Fiction to 1900 (3 cr)
Survey of representative nineteenth-century American novels, with emphasis on works of Cooper, Hawthorne, Melville, Twain, James, and Dreiser.
Offered even fall semesters.

ENG-L356 American Poetry to 1900 (3 cr)
Includes work of Braddstreet, Taylor, the fireside poets, Poe, Emerson, Whitman, Dickinson, and Crane.
Offered occasional odd summer semesters.

ENG-L357 20th Century American Poetry (3 cr)
American poetry since 1900, including such poets as Pound, Eliot, Frost, Stevens, Williams, and Lowell.
Offered even fall semesters, online.

ENG-L358 20th Century American Fiction (3 cr)
American fiction since 1900, including such writers as Dreiser, Lewis, Fitzgerald, Hemingway, Faulkner, and Bellow.
Offered odd spring semesters.

ENG-L360 American Prose (Excluding Fiction) (3 cr)
Examines—but is not limited to—such nonfiction genres as the personal or political essay, science writing, journalism exposé, history, biography, film criticism, memoir, travel and speech writing. The instructor may focus on a particular genre or period.

ENG-L364 Native American Literature (3 cr)
A survey of traditional and modern literature by American Indians, especially of the high plains and southwest culture areas, with particular attention to the image of the Indian in both native and white literature.
Offered approximately every other year.

ENG-L 366 Modern Drama: English, Irish, American and Post-Colonial (3 cr)
Shaw, Synge, O’Neill, and other significant dramatists, such as Harold Pinter, Edward Albee, August Wilson, Athol Fugard, and Wole Soyinka.
Offered occasionally.

ENG-L369 Studies in American & British Authors (3 cr)
Studies in single authors (such as Wordsworth and Melville), groups of authors (such as minority writers), and periods (such
as American writers of the 1920s). Topics vary from semester to semester. May be repeated once for credit.

Offered occasionally.

**ENG-L370 Black American Writing (3 cr)**

A study of the major black American writers, with special emphasis on recent writing.

Offered occasionally.

**ENG-L371 Introduction to Criticism (3 cr)**

Study of and practice in using contemporary critical methodologies; consideration of the history and institutional conditions of the study of English.

Offered occasionally.

**ENG-L372 Contemporary American Fiction (3 cr)**

Examination of representative American fiction since 1955 in its social, cultural, and historical contexts. Topics include such issues as the representation of truth in fiction, intertextuality, and the transgressions of genre boundaries.

Offered odd summer semesters.

**ENG-L374 Ethnic American Literature (3 cr)**

Literature about the American ethnic experience, selected from works by African American, Jewish American, Italian American, Irish American, Native American, Asian American, Latin American, and other ethnic authors.

Offered occasionally.

**ENG-L378 Studies in Women and Literature (3 cr)**

British and American authors such as George Eliot, Gertrude Stein; groups of authors, such as the Bronte sisters, recent women poets; or genres and modes, such as autobiography, film, and criticism. Topics will vary from semester to semester.

Offered odd fall semesters.

**ENG-L379 American Ethnic & Minority Lit. (3 cr)**

Analysis of literature by and about immigrants from diverse cultures, as well as ethnic literature about groups such as African Americans, Appalachians, Latinos, and Native Americans, from a historical and thematic perspective.

Offered odd fall semesters, online.

**ENG-L381 Recent Writing (3 cr)**

Selected writers of contemporary significance. May include groups and movements (such as black writers, poets of projective verse, new regionalists, para journalists, and other experimenters in pop literature, folk writers, and distinctly ethnic writers); several recent novelists, poets, or critics; or any combination of groups. May be repeated once for credit.

Offered occasionally.

**ENG-L382 Fiction of the Non-Western World (3 cr)**

An in-depth study of selected narratives from the fiction of the non-western world. Focus and selections vary from year to year. May be repeated once for credit.

Offered occasionally.

**ENG-L383 Studies in British or Commonwealth (3 cr)**

Study of a coherent period of British or Commonwealth periods (such as medieval, Elizabethan, Victorian England, or modern Canada), with attention to the relations between literature, the other arts, and the intellectual milieu.

Offered odd spring semesters.

**ENG-L384 Studies in American Culture (3 cr)**

Study of a coherent period of American culture (such as the Revolution, the Progressive Era, the Great Depression), with attention to the relations between literature, the other arts, and the intellectual milieu.

Offered even fall semesters, online.

**ENG-L390 Children’s Literature (3 cr)**

Historical and modern children’s books and selections from books; designed to assist future teachers, parents, librarians, or others in selecting the best in children’s literature for each period of the child’s life.

Offered even fall semesters.

**ENG-L391 Young Adult Literature (3 cr)**

Study of books suitable for junior high and high school classroom use. Special stress on works of fiction dealing with contemporary problems, but also including modern classics, biography, science fiction, and other areas of interest to teenage readers.

Offered odd spring semesters.

**ENG-L392 Topics in Children’s Literature (3 cr)**

Studies in periods, such as contemporary American children’s literature or Victorian fantasies for children; or genres such as picture books or children’s poetry. Topics will vary from semester to semester.

Offered occasionally.

**ENG-L394 Film as Literature**

The course approaches the analysis of films through the cinematic equivalent of the tools of literary criticism. It will introduce students to the elements of filmmaking and the methods of literary analysis as a way of reaching an understanding of how films mean.

**ENG-L395 British and American Film Studies (3 cr)**

Intensive study of special topics related to film narratives; emphasis on American or British film as a cultural phenomenon. Topic varies.

Offered occasionally.

**ENG-L450 Seminar: British & American Authors (3 cr)**

Intensive study of a major author or school of closely related authors.

Prerequisite: Junior or senior standing, English majors only.

Offered spring semester, odd years.

**ENG-L460 Seminar: Literary Form, Mode & Theme (3 cr)**

Study of texts written in several historical periods united by a
common mode or form (narrative, romanticism, lyric, etc.), or by a common theme (bildungsroman, the city and the country, the two cultures question, the uses of literacy, etc.). (Alternate offering for L450)

Prerequisite: Junior or senior standing, English majors only.
Offered spring semester, odd years.

**ENG-L553 Studies in Literature (3 cr)**

Primarily for secondary-school and junior-college teachers of English. Emphasis on thematic, analytic, and generic study. With consent of instructor, may be repeated once for credit.

**ENG-L682 Topics in Children's Literature: Multicultural Children's Literature (3 cr)**

Studies in periods, such as contemporary American children’s literature or Victorian fantasies for children; or genres such as picture books or children’s poetry. Topics will vary from semester. May be repeated with different topics, for a maximum of 9 credits.

Offered occasionally.

**English Writing & Composition**

**ENG-W130 Principles of Composition (3 cr)**

Provides a semester of writing instruction needed before taking Elementary Composition I. Practice in writing papers for a variety of purposes and audiences. Attention to sentence and paragraph structure. Grade of C or better required to take W131.

Offered fall, spring, and summer semesters.
Prerequisites: Placement

**ENG-W131 Elementary Composition I (3 cr)**

Offers instruction and practice in the reading, writing, and critical thinking skills required in college. Emphasis is on written assignments that require synthesis, analysis, and argument based on sources.

Offered fall, spring, and summer semesters.
Prerequisites: W131 (with a grade of C or better)

**ENG-W132 Elementary Composition II (3 cr)**

Stresses argumentation and research concurrently, with a secondary emphasis on critical evaluation in both reading and writing.

Offered fall, spring, and summer semesters.
Prerequisites: W131 or equivalent with a grade of C or better

**ENG-W203 Creative Writing (3 cr)**

Exploratory course in writing in which you may attempt expression in poetry, fiction, and drama. May be repeated once for credit.

Offered fall, spring, and occasional summer semesters.
Prerequisites: W131

**ENG-W231 Professional Writing Skills (3 cr)**

Focuses on expository writing for the student whose career requires preparation of reports, proposals, and analytical papers. Emphasis on clear and direct objective writing and on investigation of an original topic written in report form, including a primary research project.

Offered fall, spring, and summer semesters.
Prerequisites: W131 (with a grade of C or better)

**ENG-W233 Intermediate Expository Writing (3 cr)**

Expands upon the rhetorical and stylistic principles introduced in W131. Emphasis is on the writing process, modes of discourse reflective of professional writing, and language conventions.

Offered occasionally.

**ENG-W234 Technical Report Writing (3 cr)**

Instruction in preparing technical proposals and reports, with an introduction to the use of graphics.

Offered fall semester, odd years.
Prerequisites: W131 or equivalent with a grade of C or better

**ENG-W250 Writing in Context (1-3 cr)**

Offers instruction in intermediate-level expository writing. You will study a contemporary issue and write papers on that issue. Topics will vary from year to year. May be repeated once for credit.

Offered on occasional basis.

**ENG-W260 Film Criticism (3 cr)**

Viewing and critiquing currently playing films, with emphasis on the quality of production and direction. Contemporary films viewed; papers serve as a basis for discussion during class. You will be expected to pay for movie admissions.

Offered on occasional basis.

**ENG-W270 Argumentative Writing (3 cr)**

Offers instruction and practice in writing argumentative essays about complicated and controversial issues. The course focuses on strategies identifying issues, assessing claims, locating evidence, deciding on a position, and writing papers with clear assertions and convincing arguments.

Offered fall semester, even years.
Prerequisites: W131 with a grade of C or better

**ENG-W290 Writing in the Arts and Sciences (3 cr)**

Studies academic writing as a means of discovery and record. Study of and practice in the procedures, conventions, and terminology of the humanities, social sciences, and natural sciences.

Offered occasionally.

**ENG-W301 Writing Fiction (3 cr)**

An intermediate course in the theory and practice of fiction writing with seminar study of relevant materials and criticism of student work in class and conference. May be repeated once for credit.

Offered fall semesters.
Prerequisite: W131, Corequisite: W203

**ENG-W303 Writing Poetry (3 cr)**

An intermediate course in the theory and practice of poetry writing with seminar study of relevant materials and criticism of
ENG-W311 Writing Creative Nonfiction (3 cr)
Writing workshop in such modes as personal essay, autobiography, and documentary. May be repeated once for credit.
Offered in spring semesters.
Prerequisites: W131, Corequisite: W203

ENG-W321 Advanced Technical Writing (3 cr)
Instruction in preparing technical reports, with an emphasis on the use of graphics.
Prerequisites: W231

ENG-W350 Advanced Expository Writing (3 cr)
This advanced writing course focuses on the interconnected activities of reading and writing, especially the kinds of responding, analyzing, and evaluating that characterize work in the many fields of the university. Topics vary from semester to semester.
Offered occasionally.
Prerequisites: W131 with a grade of C or better

ENG-W395 Individual Study of Writing (3 cr)
Exercise in the study of written expression and communication in informative, persuasive, or imaginative writing. May be repeated once for credit.
Offered fall semesters, online.

ENG-W400 Issues in Teaching Writing (3 cr)
Focuses on the content of rhetoric and composition, as well as considers fundamental theoretical and practical issues in the teaching of writing. Reviews rhetorical and compositional principles that influence writing instruction, textbook selection, and curriculum development.
Offered spring semesters, online.

ENG-W401 Advanced Fiction Writing (3 cr)
May be repeated once for credit.
Offered spring semester, even years.
Prerequisite: W301 or permission of instructor.

ENG-W403 Advanced Poetry Writing (3 cr)
May be repeated once for credit.
Offered spring semester, crosslisted with W303.
Prerequisite: W303 or permission of instructor.

ENG-W405 Writing Prose Nonfiction (3 cr)
Study and practice of the essay. Review historical, thematic, and stylistic range of the form, with emphasis on producing effective, precise communication of thoughtful, informed personal essays.
Offered occasionally.
May be offered as a practicum for new instructors of regular and basic sections of W131 or as a practicum for those teaching the non-native sections.

Offered fall semesters.

**ENG-W620 Advanced Argumentative Writing (3 cr)**
Examines techniques for analyzing and constructing arguments for different disciplines and professions, especially the use of proofs, evidence, and logic. Considers major issues of argument, such as the ethics of persuading audiences and the use of style. Students write several researched arguments on political, legal, scientific, and academic issues.

Offered fall semesters.

**ENG-W682 Sp. Topics: Rhetoric & Composition (3 cr)**
Variable topics in rhetoric and composition.

Offered spring semesters.

**Fine Art Appreciation**

**FINA-A101 Ancient and Medieval Art (3 cr)**
A survey of major styles and monuments in art and architecture from prehistoric times to the end of the Middle Ages. Offered every year.

**FINA-A102 Renaissance through Modern Art (3 cr)**
A survey of major artists, styles, and movements in European and American art and architecture from the fifteenth century to the present. Offered every year.

**FINA-A200 Topics in Art History (3 cr)**
Variable topics in art history.

**FINA-A342 Twentieth-Century Art (3 cr)**
Survey of major artists, styles, and movements in painting and sculpture from 1900 to the present in Europe and the United States. Offered every other year.

Prerequisites: A102, R341

**FINA-H100 Art Appreciation (3 cr)**
To acquaint you with outstanding works of art and to provide an approach to appreciation through knowledge of purpose, techniques, form, and content. Does not count toward the fine arts major. Credit not given for both H100 and T200 for elementary education majors.

Offered fall and spring semesters, as well as occasionally in summers.

**Fine Art Studio**

**FINA-F100 Fundamental Studio Drawing (3 cr)**
Coordination of perceptual and manual skills; seeing, representing, and inventing on an experimental, exploratory level in two dimensions. Includes placement, scale, volume, light, formal articulation, and investigations of graphic tools and media. May be repeated once for credit.

Offered fall and spring semesters.

**FINA-F101 Fundamental Studio-3D (3 cr)**
Volume, space, material, and physical force studies provide the basis for exploration of three-dimensional form; includes carving, construction, modeling, and casting, using wood, plaster, Styrofoam, clay, etc.

Offered every year.

**FINA-F102 Fundamental Studio-2D (3 cr)**
Color, shape, line, and value structures are studied as the basis for exploration of two-dimensional spatial relationships; includes investigation of conventional and invented tools and media.

Offered every year.

**FINA-S105 Introduction to Design (3 cr)**
Experimental exploratory course in two and three-dimensional design to broaden your visual vocabulary and give insights into the structure of nature and art and their visual effects. Development and coordination of perceptual and manual skills. May be repeated once for credit.

Offered periodically.

**FINA-N198 Intro to Photography for Non-Majors (3 cr)**
Basic practice of camera operation, exposure calculation, mounting, and presentation. Guidance toward a personal photographic aesthetic. Offered fall semesters.

**FINA-S200 Drawing I (3 cr)**
Basic course for the development of visual awareness and coordination of perception and manual skills; problems in handling placement, scale, space, volume, light, and formal articulation. Offered fall and spring semesters, as well as occasional summers. Can be taken once for credit.

**FINA-S230 Painting I (3 cr)**
Preliminary course for advancement in painting, exploring technical and visual aspects of color media. Emphasis on media command and structural problems in painting. Media: oil and acrylics. Offered fall and spring semesters, as well as occasional summers. Can be taken once for credit.

**FINA-S260 Ceramics I (3 cr)**
A limited introduction to handbuilding, throwing, glaze mixing, and glaze application, including a few lectures on basic ceramic techniques. Offered in fall and spring semesters, as well as occasionally in summer. Can be taken once for credit.

**FINA-S270 Sculpture I (3 cr)**
The study of the relationships of volume and space through modeling, carving, and construction. Offered in fall and spring semesters, as well as occasionally in summer. Can be taken twice for credit.

**FINA-S280 Metalsmithing & Jewelry Design I (3 cr)**
Introductory course for exploring metalworking and jewelry design as a serious form of creative expression. Focuses on the
basic techniques of piercing of metals, soldering, sheet metal construction, surface embellishment, mechanical joining, wire forming and forging, stretching of sheet metals, and various metal finishing techniques.

**FINA-S301 Drawing II (3 cr)**

Intermediate course in drawing from the model and other sources. Emphasis on technical command of the media in conjunction with the development of a visual awareness. Continued problems in the articulation of space, scale, volume, value, and linear sensitivity. Offered in fall and spring semesters, as well as occasionally in summer. Can be taken twice for credit.

Prerequisite: S200

**FINA-S331 Painting II (3 cr)**

Intermediate course in painting, from the model and other sources. Emphasis on technical command and understanding of the components of painting space, color, volume, value, and scale. Media: oil and acrylics. May be repeated once for credit. Offered in fall and spring semesters, as well as occasionally in summer. Can be taken twice for credit.

Prerequisite: S230

**FINA-S361 Ceramics II (3 cr)**

Continued practice in forming and glazing, with the emphasis on wheel throwing, surface decoration, and kiln firing techniques. Lectures and critiques. Offered in fall and spring semesters, as well as occasionally in summer. Can be taken twice for credit.

Prerequisite: S260

**FINA-S371 Sculpture II (3 cr)**

Continuation of basic studies, using both figurative (modeling from human figure in clay) and abstract means (constructions in metal, wood, and plaster). Concentration on manipulative and technical skills and more complex materials. Offered in fall and spring semesters, as well as occasionally in summer. Can be taken twice for credit.

**FINA-S381 Metallsmithing & Jewelry Design II (3 cr)**

Extensive drawing, designing, and model making for exploring forms and ideas in metal and mixed media, either as jewelry, hollow ware, flatware, boxes, or small-scale sculpture. Focuses on techniques of angle raising, repoussé and chasing, forging of flatware, stone setting, and lost-wax casting. May be repeated for a maximum of 6 credit hours.

**FINA-S401 Drawing III (3 cr)**

Advanced course in drawing. Continuation of S301. Repeatable for 20 credit hours. Offered in fall and spring semesters, as well as occasionally in summer. Repeatable up to 20 hours.

Prerequisite: S301

**FINA-S431 Painting III (3 cr)**

Advanced course in painting. Continuation of S331. Repeatable for 20 credit hours. Offered in fall and spring semesters, as well as occasionally in summer. Repeatable up to 20 hours.

Prerequisite: S331

**FINA-S461 Ceramics III (3 cr)**

Further practice in ceramic techniques. Lectures and critiques. Offered in fall and spring semesters, as well as occasionally in summer. Repeatable up to 20 hours.

Prerequisite: 6 Credit hours in ceramics or consent of the instructor

**FINA-S471 Sculpture III (3 cr)**

Concentration on construction, carving, welding, and figure molding. Offered in fall and spring semesters, as well as occasionally in summer. Repeatable up to 20 hours.

**FINA-T255 Art and Design (3 cr)**

Introduction to formal elements of two- and three-dimensional design and how these apply to contemporary crafts. Aesthetic judgment and personal creativity emphasized. Required for elementary education majors. T255 does not count toward the fine arts major or the divisional distribution requirements.

Offered fall and spring semesters.

### French Language & Cultures

**FREN-F100 Elementary French I (4 cr)**

Introduction to French language and selected aspects of French civilization and culture. Credit not given for both F100 and F491. Offered fall semester, even years.

**FREN-F150 Elementary French II: Language and Culture (4 cr.)**

Basic structures of the French language and selected topics of French civilization and culture. Credit given for only one of the following: F150, F155, F165, F169, or F491. Offered spring semester, odd years.

**FREN-F200 Second-Year French I: Language & Culture (3 cr)**

Grammar, composition, and conversation coordinated with the study of cultural texts. Credit given for only one of the following: F200, F205, or F219; similarly, credit given for only one of the following fourth-semester courses: F250, F255, F265, or F269. Offered alternate years

Prerequisite: F150 or equivalent.

**FREN-F250 Second-Year French II: Language & Culture (3 cr)**

Grammar, composition, and conversation coordinated with the study of cultural texts. Credit given for only one of the following: F200, F205, or F219; similarly, credit given for only one of the following fourth-semester courses: F250, F255, F265, or F269. Offered alternate years

Prerequisite: F150 or equivalent.

**FREN-F311 Contemporary French Civilization (3 cr)**

Political, social and cultural aspects of contemporary France. Taught in English.

Offered alternate years.

**FREN-F312 Readings in French Literature in Translation (3 cr)**
Representative readings emphasizing a particular author, genre, or topic in French literature. Taught in English.
Offered alternate years.

Geography

**GEOG-G109 Weather and Climate (3 cr)**
Introduction to atmospheric processes responsible for weather. Elements of climatology and their variation in time and space. Weather forecasting, weather modification, and severe weather.
Offered every year.

**GEOG-G110 Introduction to Human Geography (3 cr)**
Introduction to geographic perspectives and principles through a consideration of six themes-environmental perception, diffusion, regionalization, spatial distribution, spatial interaction of populations, and location theory. Themes are illustrated using examples such as pollution, population problems, and urbanization.
Offered every year.

**GEOG-G306 Geography of Current Issues (3 cr)**
An examination of current problems from a geographical perspective. The specific topics to be considered will vary from semester to semester, but may include American poverty, rural poverty, black America, the urban ghetto, non-western urbanization, crime, and environmental quality.
Offered year.

**GEOG-G317 Geography of Developing Countries (3 cr)**
Analysis of spatial processes in the Third World with emphasis on the processes of migration, urbanization, and resource development. Examination of alternative theories of the development process.
Offered year.

**GEOG-G326 Geography of North America (3 cr)**
A look at the physical, cultural, economic, and political aspects of Canada, the United States, and Mexico from a geographical perspective. Attention will be given to spatial interactions among these three geographical regions, as well as some topical issues such as environmental concerns and demographic changes.
Offered year.

**HIST-A300 Issues in United States History (3 cr)**
Study and analysis of selected historical issues and problems of limited scope. Topics will vary, but usually cut across fields, regions, and periods. May be repeated with a different topic for a maximum of nine credit hours.
Offered periodically.

**HIST-A302 Revolutionary America (3 cr)**
Political, economic, religious, social and cultural history of the American Revolution and the birth of the nation. Special topics cover the nature of the revolution, the experience and effects of the crisis on different members of society, including women, native peoples, and African-Americans, and the meanings of the American Revolution for contemporaries and their descendants.
Offered every third year.

**HIST-A313 Origins of Modern America, 1865-1917 (3 cr)**
Social, economic, cultural and political ways in which Americans accommodated and resisted changes introduced by large-scale industrialization. Populism and progressivism receive special attention.
Offered every third year.

**HIST-A314 United States History, 1917-1945 (3 cr)**
Political, demographic, economic, and intellectual transformations of 1917-1945; World War I, the twenties, the Great Depression, New Deal, and World War II.
Offered every third year.

**HIST-A315 The United States, 1945 - Present (3 cr)**
Political, demographic, economic, and intellectual transformations from 1945 to the present; problems of postwar America, the Cold War, the Civil Rights movements, Vietnam, and problems of contemporary America.
Offered every third year.

**HIST-A363 Survey of Indiana History (3 cr)**
Survey the history of Indiana from beginning to the present with three-part coverage: the frontier-pioneer era to 1850; the era of transition, 1850-1920; and the modern era, 1920 - present. With focus on continuity and change, as Hoosiers move from a rural, agricultural, frontier society to a more urban, industrial, and “cosmopolitan” society.
Offered every other year.

**HIST-A380 The Vietnam War (3 cr)**
This is the story of America’s longest war - the battles, the protests, the movies, and the political controversies. The Vietnam War was an epic event, the climax of the cold war and the high water mark of American power. Students will learn about the experience of combatants on both sides, the reasoning behind American strategy, and the history of Vietnam’s struggle for independence. The course will also deal with the war’s legacies, its place in popular culture, the military’s search for technological alternatives for ground combat, and the war’s economic and political aftershocks.
Offered every third year.

**HIST-A390 Representative Americans (3 cr)**
Explorations of the lives and works of selected American men and women for the purpose of better understanding the ideological and social forces at work in American history. The course also will serve as an introduction to the biographical literature of American history.
Offered periodically.

**HIST-B306 Modern European Race, Gender, and Identity (3cr)**
This course looks at how race and gender have impacted the development of modern European identity. Through extensive readings, a critical understanding of race and gender will be attained. The analysis of historical processes will show how race and gender have evolved, shaping the shifting identities of Europeans.

HIST-B323 History of the Holocaust (3 cr)
Anti-Semitism in imperial and Weimar Germany; the Nazi rise to power; the destruction of European Jewry; Jewish behavior in crisis and extremity; the attitude of the Allied Nations; mass murder in comparative historical perspective; theological, moral, and political implications.
Offered periodically.

HIST-B362 Europe in the Twentieth Century II (3 cr)
Diplomatic, economic, intellectual, military, political, and social developments within Europe from World War I to present; changing relationships between Europe and other parts of the world.
Offered alternate spring semesters.

HIST-B393 German History: From Bismarck to Hitler (3 cr)
This course seeks to acquaint you with the social, political, and cultural developments in Germany from the middle nineteenth through the middle twentieth century. Its basic theme is the tragic efforts made by liberalism and democracy to assert themselves against the opposing forces of militarism and nationalism.
Offered periodically.

HIST-B408/508 European Nationalism and Identity (3 cr)
This course explores theoretical approaches to European nationalism and identity. In addition, it analyzes a number of case studies on European national identity, including myth, collective memory, class, race, and transnationalism.

HIST-B444/544 The Scandinavian Model (3 cr)
This course explores Scandinavia from the beginning of the Viking Age to the present through a transnational perspective. By examining the historical forces that have shaped this region, the course will address the question of whether there is a Scandinavian Sonderweg, or a unique Scandinavian model in world history.

HIST-D410 Russian Revolutions and the Soviet Regime (3 cr)
Russia on the eve of World War I; impact of World War I on Russian Society; the revolutions of 1917; civil war and allied intervention in Russia; New Economic Policy and Five-Year Plans; the Stalin and Post-Stalinist eras.
Offered periodically.

HIST-H105 American History I (3 cr)
Evolution of American society from English Colonization through Civil War: political, economic, social structure; racial and ethnic groups; sex roles; Native American, inter-American and world diplomacy of United States; evolution of ideology, war, territorial expansion, industrialization, urbanization, international events, and their impact on American history.
Offered every semester, including summers.

HIST-H106 American History II (3 cr)
Evolution of American society from 1865 - present: political, economic, social structure; racial and ethnic groups; sex roles; Native American, inter-American and world diplomacy of United States; evolution of ideology, war, territorial expansion, industrialization, urbanization, international events, and their impact on American history.
Offered every semester, including summers.

HIST-H108 Perspectives on the World to 1800 (3 cr)
Emergence of civilizations in the Near East, Sub-Saharan Africa, pre-Columbian America. Role of revolutions, i.e. geographic, scientific, industrial, social, and political (American and French) in establishment of European hegemony in Asia and the Western Hemisphere.
Offered every semester including summers.

HIST-H109 Perspectives on the World since 1800 (3 cr)
The rise and fall of European imperial rule in Asia, the Middle East, and Africa. Special focus on the impact of World War I. Chinese, Mexican, and Russian revolutions. Independence movement in India, World War II, cold war, new nations in Asia and Africa, struggle for solidarity in Latin America.
Offered every semester, including summers.

HIST-H205 Ancient Civilization (3 cr)
From birth of civilization in Mesopotamia and Egypt until Constantine’s conversion to Christianity (337 A.D.). The role of the city in the ancient world; nature of imperialism; and impact of Alexander the Great, Julius Caesar, and other charismatic leaders. Archaeology as a source for political and social history.
Offered periodically.

HIST-H217 The Nature of History (3 cr)
An introductory examination of (1) what history is (2) types of historical interpretation, (3) common problems of historians, and (4) the uses of history. Required for history majors and minors at IU East.
Offered every year.

HIST-H221 Studies in African, Asian, or Latin American History (3 cr)
Study and analysis of selected themes, topics, or problems in the history of Africa, Asia or Latin America. The course will emphasize general and/or broad themes or topics; the themes or topics will vary from one semester to another. May be repeated once for credit.
Offered periodically.

HIST-H225 Special Topics in History (3 cr)
Study and analysis of selected historical issues and problems of
general importance from the perspective of arts and humanities. Topics will vary from semester to semester but will usually be broad subjects which cut across fields, regions, and periods. May be repeated for credit.

Offered periodically.

**HIST-H232 The World in the Twentieth Century (3 cr)**

Shaping of the contemporary world, with emphasis on the interaction of the West, particularly Western imperialism and Western political and social ideas, with non-Western lands. Examination of revolutionary national, ideological, social and/or religious movements in Japan, India, Mexico, Russia, the Middle East, Southeast Asia, and Africa. Today’s political, social, and economic institutions.

Offered alternate spring semesters.

**HIST-H260 History of Women in the U.S. (3 cr)**

This course surveys U.S. women’s history from the pre-colonial era to the present. Themes include: changing ideals of womanhood; sexual divisions of labor, class, racial, ethnic, and regional diversity; women’s sexuality and family life and women’s participation in politics, social reform, and feminist movements.

Offered every other year.

**HIST-H495 Undergraduate Readings in History (3 cr)**

Offered as needed.

Prerequisite: Consent of the instructor.

**HIST-T325 Topics in History (3 cr)**

Study and analysis of selected historical issues and problems of limited scope from the perspective of arts and humanities. Topics will vary, but will ordinarily cut across fields, regions, and periods. May be repeated for credit.

Offered periodically.

**Journalism**

**JOUR-J110 Foundations of Journalism and Mass Communications (3 cr)**

Survey of the institutions of journalism and mass communication, their philosophical foundations, history, processes, economic realities, and effects. Offered fall semesters, even years.

**JOUR-J210 Visual Communication (3 cr.)**

Theories of visual communications including human perception, psychology of color, and principles of design. Application of those theories to photography, video, and
computer graphic design in news communication. Offered spring semester, even years.

**JOUR-J219 Introduction to Public Relations (3 cr)**

Provides an overview of public relations and introduces theory and practice of the field. Topics include the relationship between public relations and marketing, the history and development of public relations, measurement and assessment methods, ethics, and law. Offered fall semester, even years.

**JOUR-J290 Internship in Journalism (3 cr)**

You will produce campus student newspaper. May be repeated once for credit. Offered as needed.

## Music Theory and Musicianship

**MUS-T101 Introduction to Music (3 cr)**

An entry-level class for those interested in the basic workings of music. This class introduces the fundamentals of melody and harmony with basic concepts of music notation, ear training and keyboard skills. Open to all students. This course also serves as a prerequisite preparatory course for music majors and minors. Offered each semester.

**MUS-T113 Music Theory I (3 cr)**

An introduction to diatonic harmony, melody, and counterpoint. Includes detailed study of representative compositions. Intended for music students or highly motivated non-music majors. Offered fall semester.

**MUS-T114 Music Theory II (3 cr)**

A continuation of T113 with an introduction to chromatic harmony, melody, and counterpoint. Intended for music students or highly motivated non-music majors. Offered spring semester.

**MUS-T115 Sight-Singing & Aural Perception I (1 cr)**

Diatonic melody and harmony; aural skills, music sight-reading, keyboard skills. Music majors are advised to take this course concurrently with MUS-T113. Offered fall semester.

**MUS-T116 Sight-Singing & Aural Perception II (1cr)**

Aural skills, music sight-reading, and keyboard. Music majors are advised to take this course concurrently with MUS-T114. Offered spring semester.

**MUS-T213 Music Theory III (3 cr)**

A continuation of T114 with advanced chromatic harmony, melody and counterpoint. Intended for music students or highly motivated non-music majors. Offered fall semester.

**MUS-T214 Music Theory IV (3 cr)**

A continuation of T213 with extended tonal harmony and an introduction to post-tonal harmony, melody and counterpoint. Intended for music majors or highly motivated non-music majors. Offered spring semester.

**MUS T215 Sight-Singing And Aural Perception III (1cr.)**

Aural skills, music sight-reading, and keyboard. Music majors are advised to take this course concurrently with MUS-T213.

**MUS-K110 Composition, Elective Level (2 cr)**

Additional applied fee. Studio music composition lessons for non-music majors. Content dependent on student’s experience.

**MUS-K300 Applied Composition Conc. (2-4 cr)**

Additional applied fee. Private lessons in music composition for music majors.

**MUS-K361 Intro. to MIDI and Computer Music (3 cr)**

Open to all students. This is an introductory course that teaches the basics of using computers and electronic instruments to make music including the Musical Instrument Digital Interface (MIDI) system, music software, MIDI sequencing, and digital audio editing. The course will also explore acoustical principals in connection with the principles of digital audio synthesis. Offered each semester.

**MUS-K430 Electronic & Computer Music I (3 cr)**

An exploration and comprehensive study of analog and digital music synthesis using current hardware and computer software tools. Topics include digital audio recording and editing using Ableton Live, ProTools, and an introduction to Max/MSP. Includes a detailed survey of the styles and literature of electronic music from the early radio studios to the present day. Offered fall semester.

**MUS-K431 Electronic & Computer Music II (3 cr)**

An exploration and comprehensive study of analog and digital music synthesis using current hardware and computer software tools. Topics include digital audio recording and editing using Ableton Live, ProTools, and an introduction to Max/MSP. Includes a detailed survey of the styles and literature of electronic music from the early radio studios to the present day. Offered fall semester.
Music History, Musicology, and Music Literature

**MUS-M174 Music for the Listener I (3 cr)**
Open to all students. This course introduces ways of listening and understanding music of different styles and periods through a broad survey of representative music in history. The first semester explores Western music from its origins to the 19th Century.
Offered fall semester.

**MUS-M175 Music for the Listener II (2 cr)**
Open to all students. This course introduces ways of listening and understanding music of different styles and periods through a broad survey of representative music in history. The second semester explores Western music in the 19th and 20th Centuries.
Offered spring semester.
Prerequisite: None; however it is recommended for students who have completed MUS-M174.

**MUS-M250 Introduction to Music Research (3 cr)**
An introduction to critical listening, research tools, and analytical approaches for music. For music concentration students and minors. Non-majors may take the course with permission.
Prerequisites: MUS-T101 or consent of the program coordinator.

**MUS-M251 Introduction to Musicology (3 cr)**
An introduction to music history and musicology: the study of music from a social and historical perspective. For music concentration students and minors. Non-majors may take the course with permission.
Prerequisites: MUS-M250 or consent of the program coordinator.

**MUS-M430 Introduction to Contemporary Music (3 cr)**
A comprehensive study of the important music and musical trends of the 20th Century, with an emphasis on works since 1945. This course includes analysis of representative compositions and an examination of relationships to the sociocultural background of each period.
Offered fall semester.
Prerequisite: Music students must have completed MUS-M404 or receive the consent of the director of music studies; also offered concurrently for non-music students as a separate section with MUS-M174 as a prerequisite.

**MUS-Z103 Special Topics: Popular Music (3 cr)**
Usually offered online. Open to all students. A survey of popular music in the last-half of the 20th Century. Offered fall semester.

**MUS-Z103 Special Topics: History of Country Music (3 cr)**
Usually offered online. Open to all students. A survey of the origins, styles and trends in the American musical genre known as country.
Offered fall semester.

**MUS-Z201 History of Rock Music I (3 cr)**
Usually offered online. Open to all students. A survey of the origins, styles and trends in the American musical genre known as rock.
Offered spring semester.

**MUS-Z393 History of Jazz (3 cr)**
Usually offered online. Open to all students. A survey of the origins, styles and trends in the American musical genre known as jazz. Particular attention will be given to one of the most dynamic periods in jazz from 1950s-1970s including the influences of rock and popular music on the development of jazz.

Music Ensembles

**MUS-X040 Univ. Instrumental Ensembles (1-2 cr)**
Open to all students. Various mixed instrumental ensembles including bands and orchestra. Placement may be judged by audition. Combinations and offerings vary by semester and often include the following:
- Bands (1 cr.): Rock bands, jazz bands, guitar ensemble, improvisation ensembles, digital music ensemble, Athletic Pep-Band.
- Chamber Ensembles (2 cr.): Mixed chamber groups (string quartets, trios, wind quintets, etc.).
- Orchestra (2 cr.): Earlham College Orchestra, Richmond Symphony Orchestra.

**MUS-X070 University Choral Ensembles (1 cr)**
IUE Campus Chorus. Open to all students. Placement may be judged by audition.

Music Performance

Performance courses listed below are regularly offered.
Others may be available at student request.

**MUS-B120 Trumpet Elective (2 cr)**
Private Trumpet lessons for non-music majors. Additional applied fee. Time scheduled with instructor.
Prerequisite: Consent of instructor or director of music studies.

**MUS-B320 Trumpet Concentration (2-4 cr)**
Private Trumpet lessons for music majors. Additional applied fee. Time scheduled with instructor.
Prerequisite: Consent of instructor or director of music studies.

**MUS-L101 Beginning Guitar Class (2 cr)**
Group instruction in guitar fundamentals. For those with little or no previous formal instruction in classical guitar.

**MUS-L300 Guitar Concentration (2-4 cr)**
Private guitar lessons for music majors. Additional applied fee. Time scheduled with instructor.
Prerequisite: Consent of instructor or director of music studies.

**MUS-P100 Piano Elective (2 cr)**
Individual piano lessons at the elective level. Additional applied fee. Time scheduled with instructor.
Prerequisite: Consent of instructor or director of music studies.

**MUS-P110 Beginning Piano Class (2 cr)**
Group instruction in piano. For those with little or no previous formal instruction on the piano.

**MUS-P300 Piano Concentration (2-4 cr)**
Individual piano lessons for music majors. Additional applied fee. Time scheduled with instructor.
Prerequisite: Consent of instructor or director of music studies.

**MUS-S110 Violin Elective (2 cr)**
Private violin lessons for non-music majors. Additional applied fee. Time scheduled with instructor.
Prerequisite: Consent of instructor or director of music studies.

**MUS-S310 Violin Concentration (2-4 cr)**
Private violin lessons for music majors. Additional applied fee. Time scheduled with instructor.
Prerequisite: Consent of instructor or director of music studies.

**MUS-V100 Voice Elective (2 cr)**
Individual voice lessons for non-music majors. Additional applied fee. Time scheduled with instructor.
Prerequisite: Consent of instructor or director of music studies.

**MUS-V300 Voice Concentration (2-4 cr)**
Individual voice lessons at the concentration level. Additional applied fee. Time scheduled with instructor.
Prerequisite: Consent of instructor or director of music studies.

**MUS-W110 Flute/Piccolo Elective (2 cr)**
Individual Flute/Piccolo lessons for non-music majors. Additional applied fee. Time scheduled with instructor.
Prerequisite: Consent of instructor or director of music studies.

**MUS-W150 Saxophone Elective (2 cr)**
Individual saxophone lessons for non-music majors. Additional applied fee. Time scheduled with instructor.
Prerequisite: Consent of instructor or director of music studies.

**MUS-W310 Flute/Piccolo Concentration (2-4 cr)**
Private flute/piccolo lessons for music majors. Additional applied fee. Time scheduled with instructor.
Prerequisite: Consent of instructor or director of music studies.

**MUS-W350 Saxophone Concentration (2-4 cr)**
Private saxophone lessons for music majors. Additional applied fee. Time scheduled with instructor.
Prerequisite: Consent of instructor or director of music studies.

**Philosophy**

**PHIL-P100 Introduction to Philosophy (3 cr)**
Perennial problems of philosophy, including problems in ethics, epistemology, metaphysics, and philosophy of religion.
Offered every Fall.

**PHIL-P105 Thinking and Reasoning (3 cr)**
Basic rules of correct reasoning: roles of definitions and of language in thinking; roles of observation, hypothesis, and theory in knowledge; basic techniques for gathering information, testing beliefs for truth, and problem solving.
Offered every semester.

**PHIL-P120 Ethics (3 cr)**
A study of ethical values in relation to such problems as personal and societal decision making, selection and justification of life style, goal orientation, conflict resolution, freedom and creativity, commitment and responsibility.
Offered every semester.

**PHIL-P140 Introduction to Ethics (3 cr)**
Philosophers’ answers to ethical problems (e.g., nature of good and evil, relation of duty to self interest, objectivity of moral judgments). Offered every semester.

**PHIL-P200 Problems of Philosophy (3 cr)**
Selected writings of modern philosophers concerning some of the most important philosophical problems.
Offered occasionally.

**PHIL-P282 Women in Philosophical Thought (3 cr)**
An analysis of historical and contemporary philosophical writings that incorporate beliefs about the nature of women, their social roles, and status. The aim is for you to examine these beliefs systematically so as better to understand the implications of your own beliefs.
Offered occasionally.

**PHIL-P497 Internship in Philosophy (1-3 Cr)**
Designed to provide academic credit for paper or other project
done for supervisor of the intern in a given semester. You will also be assisting in some course(s) in this department. Does not count toward the major in philosophy. May not be repeated.

Offered occasionally.

Prerequisite: Approval of major department.

Political Science

POLS-Y103 Introduction to American Politics (3 cr)
Introduction to the nature of government and dynamics of American politics. Origin and nature of the American federal and state systems and their political party base. Offered fall, spring, and summer semesters.

POLS-Y105 Introduction to Political Theory (3 cr)
History of political philosophy, including relationships between rules and ruled, nature of authority, social conflict, character of political knowledge, and objectives of political action.

Offered fall semesters.

POLS-Y107 Intro. to Comparative Politics (3 cr)
Study of foreign political systems of countries. Similarities and differences among types of political systems; stability and change in politics.

Offered spring semesters.

POLS-Y200 Contemporary Political Topics (3 cr)
Extensive analysis of selected contemporary political problems. Topics vary from semester to semester and are listed in the Schedule of Classes. May be repeated once for credit.

Offered as needed.

POLS-Y212 Making Democracy Work (3 cr)
This course discusses analytical and theoretical aspects of “Democracy” in United States. Students will look at the Amendments to the United States Constitution.

Offered spring semesters.

POLS-Y304 American Constitutional Law I (3 cr)
Nature and function of law and judicial process; selected Supreme Court decisions interpreting American constitutional system. Y304 Offered fall semesters; Y305 Offered spring semesters.

POLS-Y305 American Constitutional Law II (3 cr)
Nature and function of law and judicial process; selected Supreme Court decisions interpreting American constitutional system. Y304 Offered fall semesters; Y305 Offered spring semesters.

Suggested requisite: Y304 before Y305

POLS-Y307 Ind. State Government & Politics (3 cr)
Constitutional foundations, political development, organizational and functional process and growth, and current problems of Indiana government as the focal point for understanding the role of states as instruments of social policy. Readings, case studies, and problems.

Offered spring semesters.

POLS-Y308 Urban Politics (3 cr)
Political behavior in modern American communities; emphasizing the impact of municipal organization, city officials and bureaucracies, social and economic notables, political parties, interest groups, the general public, and protest organizations on urban policy outcomes.

Offered fall semesters.

POLS-Y320 Judicial Politics (3 cr)
This course studies the American judicial system, and will study the foundations of law and the many assumptions behind conceptions of the judicial authority. It will delve into federal and state court organization, the selection of judges and the role of other players in the legal system. It will also cover civil and criminal trial procedure as well as the various factors that influence judges’ decision-making. Students should come away with a better understanding of how our court system operates and the philosophy underlying specific legal practices.

Offered fall semesters.

POLS-Y324 Women and Politics (3 cr)
Analysis of women in contemporary political systems, domestic or foreign, with emphasis on political roles, participation, and public policy. Normative or empirical examination of how political systems affect women and the impact women have on the system(s).

Offered alternate years.

POLS-Y325 Black Politics (3 cr)
Examines the black political condition, with special emphasis on political thought and behavior. The course analyzes not only how the political system affects blacks, but also the impact blacks have on it. Themes for this course may vary. Offered alternate years.

POLS-Y338 African Politics (3 cr)
Politics in contemporary Africa. Topics include processes of national building, dependency, and underdevelopment; role of political parties, leadership, ideology, and military rule; continuing relevance of colonial heritage and traditional culture; and network of international relations.

Offered as needed.

POLS-Y340 East European Politics (3 cr)
The study of the evolution of the governmental and political processes in the states of Eastern Europe. Traditional, ideological, and political aspects of the individual communist societies will be discussed, with special emphasis on ideological differentiation and nationalism.

Offered as needed.

POLS-Y345 Contemporary Revolutions (3 cr)
Analysis of major modern revolutions. Focus on the social, economic, gender and political causes of revolutions; the rise of revolutionary movements; and the strategies for gaining and consolidating power.

Offered alternate years.
POLS-Y346 Comparative Politics in Developing Countries (3 cr)
Analyses of political actors and political processes in developing countries. Ethnic, regional, religious, class conflict in the process of political change; the role of political parties, peasantry, organized labor, business elites, the military, coalitions, ideologies, and political leadership; socioeconomic issues and public policy formation.
Offered alternate years.

POLS-Y480 Undergraduate Readings in Political Science (1-6 cr)
Individual readings and research. No more than six credit hours total may be taken. May be taken only with consent of instructor and director of undergraduate studies.
Offered as needed.

Psychology

PSY-B309 Cooperative Work Experience in Psychology (1-3 cr)
Experience in psychology-oriented work settings. Grade is determined on the basis of a written report and a supervisor’s evaluation. May be repeated for a maximum of 6 credit hours.
Offered yearly.
Prerequisites: Consent of instructor and Junior or Senior standing

PSY-B354 Adult Development and Aging (3 cr)
The course content examines changes which occur with age in the following areas: intelligence, memory, personality, sexuality, health, living environments, economics, developmental disorders, and treatment for developmental disorders. Credit not given for both B354 and P363.
Offered as needed.
Prerequisites: P216 or equivalent or consent of instructor

PSY-B362 Practicum in Child Psychology (3 cr)
Experience in working with children in field settings. May be repeated once for credit. Offered as needed.
Prerequisites: P316 and consent of instructor

PSY-B374 Group Dynamics, Theory and Research (3 cr)
An intensive survey of research and theory on the behavior of small groups and the research methods by which groups are studied. Offered as needed.
Prerequisites: P103 or equivalent or consent of instructor

PSY-K300 Statistical Techniques (3 cr)
Introduction to statistics; the nature of statistical data; ordering and manipulation of data; measures of central tendency and dispersion; elementary probability. Concepts of statistical inference and decision; estimation and hypothesis testing. Special topics include regression and correlation, analysis of variance, non-parametric methods. Credit not given for both K300 and K310.
Offered Spring Semester.
Prerequisites: P211 and 100 level math course

PSY-P103 General Psychology (3 cr)
Introduction to psychology: its methods, data, and theoretical interpretations in areas of learning, sensory psychology, psychophysiology, individual differences, personality, development, abnormal and social psychology. May not be taken by students who have previously taken P101 or P102. Offered every semester.
Prerequisites: None

PSY-P211 Methods of Experimental Psychology (3 cr)
Design and execution of simple experiments, treatment of results, search of the literature, and preparation of experimental reports.
Offered Fall Semester.
Prerequisites: P103 or equivalent or consent of instructor

PSY-P216 Life Span Development (3 cr)
A survey course of human development from infancy through old age, emphasizing the life span perspective of development. Classical stage theorists, current popular conception, major research findings, and implications for all life stages from birth to death. Prerequisites: P103 or equivalent or consent of instructor

PSY-P233 Industrial Psychology (3 cr)
Application of psychological principles and research techniques to industrial and personnel problems, including selection, training efficiency, safety, and design of equipment. Offered as needed.
Prerequisites: P103 or equivalent or consent of instructor

PSY-P280 Psychology Applied to Teaching (1-6 cr)
The study and application of psychological concepts and principles are related to the teaching-learning process. Offered as needed.
Prerequisites: None

PSY-P316 Psychology of Childhood & Adolescence (3 cr)
Development of behavior in infancy, childhood, and youth; factors which influence behavior.
Offered as needed.
Prerequisites: P103 or equivalent

PSY-P319 Psychology of Personality (3 cr)
Methods and results of scientific study of personality. Basic concepts of personality traits and their measurements; developmental influences; problems of integration.
Offered every Fall.
Prerequisites: P103 or equivalent

PSY-P320 Social Psychology (3 cr)
Principles of scientific psychology applied to individual in social situation.
PSY-P322 Psychology in the Courtroom (3 cr.)
This course considers the psychological aspects of roles and interactions in the courtroom. Topics include: definitions of “sanity” and “competency”, eyewitness testimony, jury selection, instructions, and the role of psychologists as “expert witnesses” and jury selection consultants.
Offered as needed.
Prerequisites: P103
Suggested: P320

PSY-P324 Abnormal Psychology (3 cr)
Emphasis on forms of abnormal behavior, etiology, development, interpretation, and final manifestations. Offered every Spring.
Prerequisites: P103 or equivalent

PSY-P325 Psychology of Learning (3 cr)
Facts and principles of human and animal learning especially as treated in theories attempting to provide framework for understanding what learning is and how it takes place. Offered every other year.
Prerequisites: P103 and P211 or equivalent

PSY-P326 Behavioral Neuroscience (3 cr)
Central nervous system function in relation to sensory processes, motivation, and learning. Offered every other year.
Prerequisites: P103 or equivalent and an introductory biology course

PSY-P327 Psychology of Motivation (3 cr)
How needs, desires, and incentives influence behavior; research on motivational processes in human and animal behavior, including ways in which motives change and develop. Offered as needed.
Prerequisites: P103 or equivalent

PSY-P329 Sensation and Perception (3 cr)
Basic data, theories, psychophysics, illusions, and other topics fundamental to understanding sensory and perceptual processes.
Offered every other year.
Prerequisites: P103 and P211 or equivalent

PSY-P335 Cognitive Psychology (3 cr)
Introduction to human cognitive processes including attention and perception, memory, psycholinguistics, problem-solving, and thinking. Offered every other year.
Prerequisites: P103 and P211 or equivalent

PSY-P336 Psychological Tests and Individual Differences (3 cr)
Principles of psychological testing. Representative tests and their uses for evaluation and prediction. Emphasis on concepts of reliability, validity, standardization, norms, and item analysis.
Offered every other year.

PSY-P390 Special Topics in Psychology (1-3 cr)
Topics vary with instructor and semester. May be repeated once for credit.
Offered as needed.
Prerequisites: P103 or equivalent or consent of instructor

PSY-P425 Behavior Disorders of Childhood and Adolescence (3 cr)
A survey of major behavior disorders, with emphasis on empirical research and clinical description relative to etiology, assessment, prognosis and treatment.
Offered as needed.
Prerequisites: P103 or equivalent and P324, or consent of instructor

PSY-P450 Human Factors (3 cr)
Theories and data of experimental psychology applied to the problems of the interaction of people and technology in the workplace.
Offered as needed.
Prerequisites: P103 or equivalent or consent of instructor

PSY-P457 Topics in Psychology (1-3 cr)
Studies in special topics not ordinarily covered in other departmental courses. Topics vary with instructor and semester. May be repeated once for credit if topic differs. Offered as needed.
Prerequisites: P103 or equivalent and Junior or senior standing

PSY-P459 History and Systems of Psychology (3 cr)
Historical background and critical evaluation of major theoretical systems of modern psychology: Structuralism, functionalism, associationism, behaviorism, Gestalt psychology, and psychoanalysis. Methodological problems of theory construction and system making.
Offered as needed.
Prerequisites: P103 or equivalent and 6 hours of psychology courses or consent of instructor

PSY-P462 Field Experiences in Human Development (3 cr)
Supervised fieldwork experience with persons of all ages in community settings. Intended as a laboratory for students to integrate human development theory with practice.
Offered Spring Semester.
Prerequisites: P103 and P216 or equivalent and consent of instructor

PSY-P493 Supervised Research I (2-3 cr)
Active participation in research. An independent experiment of modest magnitude, participation in ongoing research in a single laboratory. Students who enroll in P493 will be expected to enroll in P494.
Offered as needed.
PSY-P494 Supervised Research II (2-3 cr)
A continuation of P493. Course will include a journal-type report of the two semesters of work. Offered as needed.
Prerequisites: P493

PSY-P495 Reading & Research in Psych. (1-3 cr)
Offered as needed.
Prerequisites: Consent of instructor and junior or senior standing

PSY-S330 Computerized Statistical Analysis
Taken concurrently with PSY K300. Use of the computer for statistical analyses, including how to enter data, perform analyses, and interpret the resulting computer output. Offered spring semesters.
Prerequisites: G100 or equivalent; or consent of instructor

Religious Studies

REL-R110 Biblical Narratives in Western Culture (3 cr)
A study of several major biblical stories, plus an examination of the ways in which these stories live on as they have triggered the modern imagination of artists, writers, and composers.
Offered occasionally.

REL-R152 Jews, Christians, Muslims (3 cr)
Patterns of religious life and thought in the West; continuities, changes, and contemporary issues.
Offered occasionally.

REL-R160 Introduction to Religion in Culture (3 cr)
Varieties of religious life and culture in America. May be repeated with a different topic for a maximum of 6 credit hours.
Offered occasionally.

REL-R170 Religion and Social Issues (3 cr)
Western religious convictions and their consequences for judgments about personal and social morality, including such issues as sexual morality, medical ethics, questions of socioeconomic organization, and moral judgments about warfare.
Offered occasionally.

REL-R210 Introduction to the Hebrew Bible (3 cr)
Development of its beliefs, practices, and institutions from the patriarchs to the Maccabean period. Introduction to the biblical literature and other ancient Near East documents.
Offered occasionally.

REL-R220 Introduction to the New Testament (3 cr)
Origins of the Christian movement and development of its beliefs, practices, and institutions in the first century. Primary source is the New Testament with due attention to non-Christian sources from the same environment.

REL-A250 Introduction to Christianity (3 cr)
Survey of beliefs, rituals, and practices of the Christian community with a focus on the varieties of scriptural interpretation, historical experience, doctrine, and behavior.
Offered occasionally.

Sociology

SOC-S100 Introduction to Sociology (3 cr)
Covers the perspective of sociology, its method of inquiry, concepts such as culture, socialization and interaction, “social structure”, groups, and selected sociological theories. Occasionally includes: Sources of Power and Authority (Social Class, Gender, Age, Race and Ethnicity), Institutions (Family, Education, Religion, Work & Economy, and Political), and Social Change (including Mass Movements).
Offered every semester.

SOC-S215 Social Change (3 cr)
Social change takes many forms, from gradual to accelerated change, from cultural change to structural change and demographic change. Sections of this course explore some of these and related topics, such as changes in race and ethnic relations, gender roles, the family and sexuality, reform and revolution, social movements, modernization of nations, and the changing role of government in society. Generally offered every other Fall semester.
Prerequisite: S100 or consent of instructor.

SOC-S217 Social Inequity (3 cr)
This course examines how various inequalities have evolved over time, and ask how these inequalities shape the life chances of individuals in different socioeconomic, racial/ethnic, and gender groups. Throughout the course we give particular attention to contemporary U.S.A. and to the challenges that recent developments pose for American society.
Generally offered Spring semester.
Prerequisite: S100 or consent of instructor.

SOC-S230 Society and the Individual (3 cr)
This course focuses specifically on the ways in which individuals develop within groups, shape and are shaped by group interaction. Topics include: how people interact with, think about, and feel about others, how children learn (“socialization”), cross-cultural differences in interactional styles, verbal interaction, friendship relations, negotiated order, pressures to conform to gender stereotypes, the processes of acquiring status in peer cultures, attitude change, interpersonal attraction, and prejudice and discrimination. Generally offered Spring semester.
Prerequisite: S100 or consent of instructor

SOC-S254 Qualitative Field Research (3 cr)
Covers the most salient aspects of field research, including taking field notes and coding, engaging in participant-observation, taking on a variety of research roles, creating topical guides and conducting in-depth interviews, and writing a
discrimination, and other structural arrangements. Offered every section.

**SOC-S313 Religion and Society (3 cr)**

The nature, consequences, and theoretical origins of religion, as evident in social construction and functional perspectives; the social origins and problems of religious organizations; and the relationships between religion and morality, science, magic, social class, minority status, economic development, and politics. Occasional offering.

Prerequisite: S100 or consent of instructor

**SOC-S315 Work and Occupations (3 cr)**

This course devotes some attention to “how we got here”. The issues that were resolved in ways that have led to down-sizing, massive technological changes, and the prospect of careers looking very different than our grandparent’s did are still with us—control of work and workers, the use of highly skilled vs. not so skilled workers, how new technology changes work (or not). Occasional offering.

Prerequisite: S100 or consent of instructor

**SOC-S316 The Family (3 cr)**

What defines a family and how the family has changed historically is often a starting point for this course, as are broader trends in family formation, divorce and remarriage. Most sections of this course explore topics like the division of labor within families, the opposing demands of work and family (e.g., dual careers), the experience of forming relationships and marriages, rearing children and sibling relationships. Occasional offering.

Prerequisite: S100 or consent of instructor

**SOC-S320 Deviant Behavior and Social Control (3 cr)**

This course includes how different societies, groups and periods of history come to define any particular behavior as “deviant.” Similarly, how do they grapple with the problem of controlling or punishing such behavior? Even to consider such a question requires thinking about the extent to which “deviance” is socially constructed. Alternative theoretical explanations of deviant behavior are addressed. Generally offered every other Fall semester.

Prerequisite: S100 or consent of instructor

**SOC-S325 Criminology (3 cr)**

Criminal behavior in its many forms—interpersonal violence, property crime, white collar crime, etc.—is the focus of this course. Most sections consider the arguments, strengths and weakness of a variety of theories of criminal behavior in some detail, ranging from social learning theory, sub-cultural differences, labeling theory, to differential association and others.

Occasional offering.

Prerequisite: S100 or consent of instructor

**SOC-S329 Women and Deviance (3 cr)**

Using theoretical models of women and deviance, this course examines gender norms and roles in crime, historical conceptions, justice system response, and current issues regarding women’s participation in criminal activity. Occasional offering.

Prerequisite: S100 or consent of instructor

**SOC-S335 Race and Ethnic Relations (3 cr.)**

Race and ethnicity are institutionalized features of our social world and therefore influence our very conception of who we are and social heritage. Sections differ in the degree to which each focuses on the experiences of particular ethnic groups or racial groups. U.S. society is the typical focus of this course. Some sections add a comparative look at relations in other societies. Generally offered every other Fall semester.

Prerequisite: S100 or consent of instructor

**SOC-S340 Social Theory (3 cr.)**

Theory courses focus on the thought and works of “great theorists”—Emile Durkheim, Max Weber and Karl Marx foremost among them, though some sections extend their focus to more contemporary theorists as well. Theory tries to make sense of problematic aspects of an ever changing social world. Works of theory have often grown out of massive political and institutional changes—such as the industrial revolution, the emergence of large bureaucracy. We need a theoretical understanding of the consequences of these developments. Generally offered every other Spring semester.

Prerequisite: S100 or consent of instructor

**SOC-S360 Topics in Social Policy (3 cr.)**

Specific topics announced each semester; examples include environmental affairs, urban problems, poverty, and population problems. May be repeated three times for credit with different topics. Occasional offering.

Prerequisite: S100 or consent of instructor

**SOC-S410 Topics in Social Organizations (3 cr.)**

Specific topics announced each semester, e.g., social stratification, formal organizations, urban social organization, education, religion, politics, demography, social power, social conflict, social change, comparative social systems. May be repeated three times for credit with a different topic. Occasional offering.

Prerequisite: S210 or S340 or consent of instructor

**SOC-S413 Gender and Society (3 cr.)**

Explores several theories of sex inequality in order to understand the bases of female-male inequality in American society; examines the extent of sex inequality in several institutional sectors; and considers personal and institutional barriers women face, including those resulting from socialization, discrimination, and other structural arrangements. Offered every other Fall semesters.

Prerequisite: S100 or consent of instructor
SOC-S427 Social Conflict (3 cr.)
Origin, development, and termination of social conflict; its organizing and disorganizing effects; its control. Occasional offering
Prerequisite: S100 or consent of instructor

SOC-S494 Field Experience in Sociology (1-6 cr.)
Faculty-directed study of aspects of sociology based on field experience, in conjunction with directed readings and writing. Limited to a total of nine credit hours of both S494 and S495.
Prerequisite: consent of instructor and prior arrangement.

SOC-S495 Individual Readings in Sociology (1-6 cr.)
Limited to a total of nine credit hours of both S494 and S495.
Prerequisite: Consent of instructor and prior arrangement, usually in conjunction with honors work.

Spanish Language & Culture

SPAN-S100 Elementary Spanish (4 cr)
A four-skills approach to Spanish with an emphasis on critical thinking skills. Enrollment in S100 is restricted to those with less than two years of high school Spanish or with consent of department.
Offered every fall and summer I semester.

SPAN-S150 Elementary Spanish II (4 cr)
This course continues the work of S100. Continued emphasis on all four skills and on critical thinking skills. Grading is based on exams and oral tests, written exercises, compositions, and a cumulative final exam. Students can expect to practice speaking in small groups in class, read about and discuss materials in Spanish.
Offered every spring and summer II semester.
Prerequisite: S100 or equivalent

SPAN-S200 Second Year Spanish I (3 cr)
This course reviews more of the basic structures studied in the first year and examines them in more detail. Emphasis remains on the four skills on critical thinking skills. Readings are both journalistic and literary. Grades are based on exams, oral tests, homework, compositions and a cumulative final exam.
Offered every fall semester.
Prerequisite: S150 or equivalent

SPAN-S250 Second Year Spanish II (3 cr.)
Continuation of S102, with increased emphasis on communication skills and selected readings on aspects of Hispanic culture. Credit may not be earned for both S216 or S200 or for both S266 and S250. Offered yearly.
Prerequisite: S102 or equivalent

SPAN-S229 Spanish Culture & Civilization (3 cr)
This course is a survey of the development of Spanish civilization and culture, viewed within a strict historical framework, showing trends in ideas, in art and literature. Taught in English.
Offered periodically.

SPAN-S230 Cervantes’ Don Quixote in Translation (3 cr)
Detailed textual analysis of Cervantes’ masterpiece, with readings and class discussion on its relationship to the Renaissance and the development of the world novel. Taught in English.
Offered alternate years.

SPAN-S235 20th Century Spanish Literature (3 cr)
Representative works by major twentieth century peninsular writers and philosophers. Informal lectures and class discussions. Reading of fiction, essays, poetry and drama in English translation. Emphasis on cultural values as expressed through literature. Taught in English.
Offered occasionally.

SPAN-S241 Golden Age Literature in Translation (3 cr)
Masterpieces of Spanish literature of the sixteenth and seventeenth centuries. Representative authors include: Lope de Vega, Cervantes, Garcilaso, Quevedo, Calderón, Fray Luis de León, San Juan de la Cruz, and Góngora.
Offered occasionally.

SPAN-S275 Introduction to Hispanic Culture (3 cr)
Practice of language skills through reading, writing and discussion of Hispanic culture. Treats facets of popular culture, diversity of the Spanish-speaking world and themes of social and political importance. Offered occasionally.
Prerequisite: S200

SPAN-S284 Women in Hispanic Culture (3 cr)
Images, roles, and themes involving women in Hispanic literature. Taught in English. Offered occasionally.

SPAN-S290 Topics in Hispanic Culture (3 cr)
Emphasis on one topic, author, or genre in Hispanic culture. May be repeated once for credit with different topic. Offered occasionally.

SPAN-S303 The Hispanic World (3 cr)
Introduction to Hispanic culture through literature. Emphasis is on the development of national values and cultural themes. The approach stresses the relationship of literacy to history and the arts. Credit given for only two of the following: S301, S302, or S303. Taught in English.
Offered alternate years.

Speech & Public Speaking

SPCH-S121 Public Speaking (3 cr)
Theory and practice of public speaking: training in thought processes necessary to organize speech content, analysis of components of effective delivery and language. Offered fall, spring and summer semesters.
SPCH-S323 Speech Composition (3 cr)

Advanced speech writing; theories of style in written and spoken language; logical proofs; and emotional and ethical appeals. Practice in composition and delivery. Offered periodically.

Prerequisites: S121 or C130;

Criminal Justice & Criminology

SPEA-J101 The American Crim. Justice System (3 cr)

This course offers students an introduction to elements of the criminal justice system: the police, courts, and corrections — as they function in contemporary American society. Students will be exposed to a basic understanding of the interrelationships between police, court, and correctional agencies and provides a basic understanding of the American criminal justice system, its history, nature, structure, and how it functions. The increasing role of private entities in the American criminal justice system is also examined.

SPEA-J201 Theoretical Foundations of Criminal Justice Policies (3 cr.)

Students will examine the impact of sociological, biological, and economic theories of crime and the practice of criminal justice through lecture, discussion, PowerPoint, and video presentations concerning modern and historical issues.

Focus is placed on discussion and analysis of the nature and importance of theory, context of theoretical developments, methods for critical analysis of theoretical developments, and policy implications of the various perspectives considered.

SPEA-J202 Criminal Justice Data, Methods and Resources (3 cr)

This course examines basic concepts of criminal justice. Students become familiar with research techniques necessary for systematic analysis of the criminal justice system, offender behavior, crime trends, and program effectiveness. Students learn to critically evaluate existing research and become familiar with existing sources of criminal justice data and learn to assess the quality of that data.

SPEA-J260 Topics in Criminal Justice (1-3 cr)

Study of selected issues in criminal justice. Topics vary from semester to semester. Topics may include: Terrorism, Women and Crime, Sex-Offenders, Criminal Justice and Racism, Sentencing policy, Rehabilitation, etc. May be repeated for credit.

SPEA-J301 Substantive Criminal Law (3 cr)

This course is designed to give students an overview of development, limitations, and application of substantive criminal law; that is, the definition of, and punishment for, various crimes, using the case-study method.

SPEA-J302 Procedural Criminal Law (3 cr)

Explores criminal law application and procedure from the initiation of police activity through trial, sentencing, and into the correctional process. The course puts great emphasis on the restraints placed on governmental conduct by the 4th, 5th, 6th, 8th, 9th, 10th, 11th, 12th, and 14th Amendments to the United States Constitution.

SPEA-J303 Evidence (3 cr)

This course examines the rules of law governing proof at trial of disputed issues of fact; burden of proof; presumptions, inferences, and judicial notice; admissibility; examination; impeachment, competency, and privileges of witnesses; hearsay rule and exceptions — all related as nearly as possible to criminal as opposed to civil, process.

SPEA-J305 Juvenile Justice (3 cr)

This course is designed to provide an overview of the justice system’s response to juvenile misconduct, delinquent behavior, and the problem of abused, neglected, and dependent children. Emphasis is placed on such major concepts as due process; criteria for commitment; institutional resources; and the ethics of the process. Participants are also exposed to a basic understanding of the interrelationships between private and public agencies.

SPEA-J306 The Criminal Courts (3 cr)

This course examines the development, role, and operation of United States trial and appellate courts, federal and state. Emphasis is placed on such major concepts as due process; criteria for commitment; institutional resources; and the ethics of the process. Participants are also exposed to a basic understanding of the interrelationships between private and public agencies.

SPEA-J320 Criminal Investigation (3 cr)

This course examines theories of investigation, crime scene procedures, interviews, interrogations, surveillances, and sources of information; collection and preservation of physical evidence; investigative techniques in specific crimes.

SPEA-J321 American Policing (3 cr)

This course introduces students to the history and evolution of policing in the United States; provides students with an understanding of the role of policing within the U.S. criminal justice system and examines how police organizations interact and influence court and correctional organizations; presents an overview of the function and roles of the police in a modern democratic society; provides an understanding of the legal and ethical issues facing police officers and their departments; discusses criteria used by police agencies for recruiting and selecting police officers; and investigates issues concerning the future of policing. Emphasis is placed on such major contemporary issues as police role, discretion, use of force, corruption, accountability, and community policing.

SPEA-J331 Corrections (3 cr)

This course examines the historical development of the U.S. correctional system and involves the study of administration of local state, and federal corrections programs, including jails, probation, community corrections, and prisons.

The course is designed to familiarize students with the history and organization of the American correctional system and to understand the social and political context that shapes correctional policy.

SPEA-J370 Seminar in Criminal Justice (3 cr)

of Prisons in the United States, Ethics in Criminal Justice, etc. May be repeated for credit.

**SPEA-J380 Internship in Criminal Justice (1-6 cr)**

Open to interested students who qualify on approval of faculty. Students are placed with a criminal justice agency and assigned defined tasks relevant to their educational interests. Tasks may involve staff work or research. May be repeated for credit.

**SPEA-J439 Crime and Public Policy (3 cr)**

This is a senior level course for the Bachelor of Science in Criminal Justice degree.

The course involves a detailed examination of the major efforts designed to control or reduce crime. A review of existing knowledge is followed by an investigation of current crime control theories, proposals, and programs.

As a senior, students are expected to demonstrate mastery of the course material, as well as, the essential ingredients of an undergraduate education, e.g., communication and quantitative skills, critical thinking, intellectual depth, breadth, and adaptiveness, an understanding of society and culture, and an ability to integrate and apply knowledge.

**SPEA-J480 Research in Criminal Justice (1-6 cr)**

Student must have Junior or Senior standing and consent of instructor. Individual research under the guidance of a faculty member.

**SPEA-V170 Introduction to Public Affairs (3 cr)**

Broad coverage of public affairs through critical and analytical inquiry into policy making at all levels of government. Particular emphasis is placed on intergovernmental relations as they affect policy in the federal system.

**SPEA-V263 Public Management (3 cr)**

This course offers an examination of the management process of public organizations in the United States. Special attention will be given to external influences on public managers, the effect of intergovernmental environment and, in particular, problems of management in a democratic, limited government system.

**SPEA-V366 Managing Behavior in Public Orgs. (3 cr)**

This course provides an introduction to the management of people in public organizations. Special emphasis is given to management issues involving criminal justice personnel, and the special constraints of administration in the public context.

**SPEA-V362 Government Finance and Budgets (3 cr)**

This course provides a study of fiscal management in public agencies, including revenue management, debt management, and public budgeting. Special attention is given to the process of creating and approving budgets locally at the state level. The various income sources and spending limitations in the public sector are discussed.

## Telecommunications

**TEL-T206 Intro. to Television and Culture (3 cr)**

Study the form, structure, and meaning of television programs. Historical development of genres and conventions examined in relation to issues of American culture.

**TEL-T283 Intro. to Production Techniques & Practices (3 cr)**

Introductory hands-on production course which concentrates on the planning and production of video and related media. Specific units include TV studio, field shooting/linear tape editing and digital video non-linear video editing. Content consists of applied activities within a conceptual framework. Class partnership with WCTV.

Prerequisite: T206

**TEL-T498 Projects in Telecommunications (3-6 cr)**

This course is an upper-division independent study. Students must receive approval from advisor and a project director.

Prerequisite: TEL-T283

# Theater & Drama

**THTR-T120 Acting I (3 cr.)**

Introduction to theories, methodology, and skills: body movement, voice and diction, observation, concentration, imagination. Emphasis on improvisational exercises. Lectures and laboratory. Offered fall, spring, and summer semesters.

**THTR-T210 Appreciation of Theater (3 cr)**

Introduction to the art and history of theatre through a study of major dramatic genres, theatrical elements and techniques, and current productions. Offered occasionally.

**THTR-T220 Acting II (3 cr)**

Textual analysis and techniques of communicating with body and voice. Study and performance of characters in scenes from modern realistic and nonrealistic dramas. Lecture and laboratory. Offered fall, spring, and summer semesters.

Prerequisite: T120 and consent of instructor

**THTR-T370 Hist. of Western Theatre & Drama I (3 cr)**

Development of theatre and drama in Western world from beginnings to present. Study of theatre arts and culture institutions; focus on historical context for plays and performances, emphasis on research methods in theatre history. I: beginnings to circa 1700; II: circa 1700 to present. Offered fall semesters.

**THTR-T371 Hist. of Western Theatre & Drama II (3 cr)**

Development of theatre and drama in Western world from beginnings to present. Study of theatre arts and culture institutions; focus on historical context for plays and performances, emphasis on research methods in theatre history. I: beginnings to circa 1700; II: circa 1700 to present. Offered spring semesters.

**THTR-T390 Creative Work in Summer Theatre (1-3 cr)**

Work in summer theatre productions. May be repeated for up to
Women’s & Gender Studies

WOST-W200 Women in Society: Intro. to Women’s Studies (3 cr)
Interdisciplinary exploration of women’s position in society from a predominantly social scientific perspective. Considers such topics as socialization and gender stereotypes, the impact of different political and economic systems on women, theories of human development, the effects of ethnicity, and class.
Offered fall semesters.

WOST-W201 Women in Culture: Intro. to Women’s Studies (3 cr)
Interdisciplinary explorations of women’s roles, images, history, and experiences, with emphasis on the perspective of the arts and humanities. Considers such topics as socialization and stereotypes, the roles of various institutions in shaping women’s lives, the effects of gender on creativity.
Offered periodically.

WOST-W480 Practicum in Women’s Studies (3 cr)
A learning/service course. Internships with a variety of social programs in the area are arranged.
Offered on an individual basis.

WOST-W495 Readings and Research in Women’s Studies (3 cr)
Individual readings and research in Women and Gender Studies.
Offered primarily in spring semesters.

WOST-W498 Crit. Issues in Women’s Studies (3 cr)
This course will highlight a particular problem, theme or controversy confronting the interdisciplinary field of women and gender studies. Offered periodically.

INFORMATICS

Informatics

INFO-I101 Introduction to Informatics (4 cr)
Emphasis on topics in human-computer interaction and human factors, collaborative technologies, group problem solving, ethics, privacy, and ownership of information and information sources, information representation and the information life cycle, the transformation of data to information, and futuristic thinking.
Prerequisite: Computer Literacy

INFO-I201 Mathematical Found. of Informatics (4 cr)
An introduction to the suite of mathematical and logical tools used in information sciences, including finite mathematics, automata and computability theory, elementary probability and statistics, and basics of classical information theory.
Prerequisite(s): I101, M118

INFO-I202 Social Informatics (3 cr)
Introduction to key social research perspectives and literatures on the use of information and communication technologies. Discusses current topics such as information ethics, relevant legal frameworks, popular and controversial uses of technology (e.g. peer-to-peer file sharing), digital divides, etc. Outlines research methodologies for social informatics.
Prerequisite: I101

INFO-I210 Information Infrastructure I (4 cr.)
The software architecture of information systems. Basic concepts of systems and applications programming. Credit given for only one of the following: INFO I210 or CSCI A201 (IUB) [or CSCI-C201 (IUE)]
Suggested pre- or co-requisite: INFO I101

INFO-I211 Information Infrastructure II (4 cr)
The software architecture of information systems. Basic concepts of systems and applications programming. Credit given for only one of the following: INFO I210 or CSCI A201 (IUB) [or CSCI-C201 (IUE)]
Prerequisite: INFO I210

INFO-I213 Website Design & Development (3 cr)
Introduction to web design and development covering high-level concepts in addition to hands-on activities. Topics include: Internet infrastructure, client-side technologies, embedded media, page design, site design, accessibility and others. Covers XHTML, JavaScript, and cascading style sheets (CSS).
Prerequisite: INFO-I 101, CSCI-A 110 or permission of instructor.

INFO-I300 Human Computer Interaction (3 cr)
The analysis of human factors and the design of computer application interfaces. A survey of current HCI designs with an eye toward what future technologies will allow. The course will emphasize learning HCI based on implementation and testing interfaces.

INFO-I303 Organizational Informatics (3 cr)
Examines the various needs, uses, and consequences of information in organizational contexts. Topics include: Organizational types and characteristics, functional areas and business processes, information-based products and services, the use of and redefining role of information technology, the changing character of work life and organizational practices, sociotechnical structures, and the rise and transformation of information-based industries.

INFO-I308 Information Representation (3 cr)
The basic structure of information representation in digital information systems. Begins with low-level computer representations such as common character and numeric encodings. Introduces formal design and query languages through entity relationship modeling, the relational model, XML, and
XHTML. Laboratory topics include SQL and XPath querying.
Prerequisites: I101, I201, I210

INFO-I310 Multimedia Arts: History, Criticism and Technology (3 cr)
This course studies how the paradigm shift to a digital world will affect humanity. The course will consider the evolution of media arts and its underlying principles of communications. Students will study application development paradigms in current practice. Readings, lectures, class discussions, and research papers.
Prerequisite: I101

INFO-I320 Distributed Computing (3 cr)
An introductory treatment of distributed systems and programming. Topics range from distributed and object models of computation to advanced concepts such as remote method invocation, object brokers, object services, open systems and future trends for distributed information systems.
Prerequisite: INFO-I211

INFO-I400 Topics in Informatics (3 cr)
Variable topic. Emphasis is on new developments and research in Informatics. Can be repeated twice for credit when topics vary; subject to approval of the Informatics director.
Prerequisite: Junior standing or permission of instructor.

INFO-I420 Internship in Informatics (3-6 cr)
Students put their informatics education in practice through the development of a substantial project while working in a professional information technology environment. May be taken for a maximum of 6 credit hours.
Prerequisite: Approval of Program Advisor and Program Director, and completion of all required core informatics courses.

INFO-I460 & 461 Thesis / Senior Project (3/3 cr)
The senior student prepares and presents a thesis: a substantial, typically multichapter paper based on a well-planned research or scholarly project, as determined by the student and a sponsoring faculty member.
Prerequisite: Senior standing & approval of program advisor.

INFO-I450 & 451 Design & Development of an Information System (3/3 cr)
Students work on capstone projects in supervised teams. They select an appropriate project (preferably based on cognate) and then learn to develop a plan that leads to success. Teamwork, communication, and organizational skills are emphasized in a real-world-style environment.
Prerequisite: Approval of the program advisor and program director and completion of required core informatics courses.

INFO-I499 Reading & Research in Informatics (3 cr)
Independent readings and research related to a topic of special interest to the student. Written report required.
Prerequisite: Consent of instructor and completion of 100 and 200 level requirements in Informatics.

NATURAL SCIENCE & MATHEMATICS

Anatomy

ANAT-A215 Basic Human Anatomy (5 cr)
Structure of cells, tissues, organs, and systems and their relationship to function. Designed for pre-professional students in dental hygiene, radiography, and other allied health sciences. Lab fee required. Cannot be used as electives for the biology major. Offered spring semesters.

Astronomy

AST-A100 The Solar System (3 cr)
Celestial sphere and constellations, measurement of time, astronomical instruments, earth as a planet, moon, eclipses, planets and their satellites, comets, meteors, theories of origin of solar system. Offered fall semesters, evening only.

AST-A105 Stellar Astronomy (3 cr)
The sun as a star, physical properties of stars, principles of spectroscopy as applied to astronomy, double stars, variable stars, star clusters, gaseous nebulae, stellar motions, and distribution. Milky Way system, external galaxies, expanding universe, cosmic time scale. Offered spring semesters, evening only.

Biology

BIOL-B301 Introduction to the Plant Kingdom (4 cr)
Emphasis will be on structure and function of vegetative and reproductive plant parts, classification, evolutionary, and genetic relationships, and economic importance of plants throughout the plant kingdom. Lab free required. Offered spring semesters.
Prerequisites: L107

BIOL-B351 Fungi (3 cr)
Morphology, life histories, classification, genetics, physiology, development, ecology, medical and economic importance of fungi. This course is designed for biology majors, to fulfill a science distribution, or for individuals interested in fungi. Offered periodically.
Prerequisite: L107

BIOL-B364 Summer Flowering Plants (3 cr)
A study of the classification and evolutionary relationships of plant families for those desiring a broad, practical knowledge of common wild and cultivated plants. Offered every third summer.
Prerequisite: L107 or Q201

BIOL-L100 Humans and the Biological World (3 cr)
Principles of biological organization, from molecules through cells and organisms to populations. Emphasis on processes common to all organisms, with special reference to humans. Lecture only. Credit given for only one of the following: L100,
L104, L107 or Q201. Offered periodically.

**BIOL-L104 Introductory Biology Lectures (3 cr)**

An introduction to living organisms. Designed for nonscientists with no background in biology. Not open to pre-professional students. Primary emphasis may vary with the instructor. Enrollment limited to freshmen and sophomores. Lecture only. Credit given for only one of the following: L100, L104, L107 or Q201. Offered periodically.

**BIOL-L107 Biological Concepts (5 cr)**

Introduction to critical thinking and basic concepts in biology. Topics include chemical basis for life, the study of cell structure and function, genetics, and ecology. This course is a prerequisite for upper-level biology courses. Lab fee required. Credit given for only one of the following: L100, L104, L107 or Q201. Offered fall, spring, and summer semesters.

Prerequisite: Proficiency in introductory algebra.

**BIOL-L108 Environment and Life (3 cr)**

Consideration of the interactions between humans and the other biological and physical components of the environment. Topics include ecological principles, biosphere, pollution, population, natural resources, conservation, toxicity, and disease. Lecture only. Offered fall, spring, and summer semesters. Cannot be used for the biology major.

**BIOL-L109 Environment and Life Laboratory (1 cr)**

A laboratory science course that introduces students to formulating and addressing questions about the natural world. Laboratory activities will develop problems-solving skills that can be applied to environmental issues. Exercises will involve formulating hypotheses, observation, data analysis, and discovering principles that govern natural phenomena. Cannot be used for the biology major. Lab fee required. Offered fall and spring semesters.

Pre- or Co-requisite: BIOL-L108 Environment and Life.

**BIOL-L150 Biology Freshman Seminar (1-3 cr)**

An exploration of a topic of current biological interest. Topics may vary with instructor. Open to non-science majors. Offered periodically.

**BIOL-L201 Ecological Principles (4 cr)**

A course in the basic principles of ecology and their applications. Students will study techniques used to evaluate habitat. Lab fee required.

Prerequisite: BIOL-L107 Biological Concepts

**BIOL-L205 Biological Field Techniques (3 cr)**

A course designed to acquaint you with various methods employed in field studies. Includes sampling, collection, and identification techniques for plants, animals, and microorganisms. Lab fee required. Not distribution satisfying. Offered periodically in summer.

Prerequisite: L107 (L325 suggested)

**BIOL-L211 Molecular Biology (3 cr)**

Structure and function of DNA and RNA. Topics include DNA replication, mutation, repair and gene expression, transcription, and translation. Introduces bacteriophages, plasmids, and the technology of recombinant DNA. Offered in Fall semesters of odd numbered years (2009, 2011, etc.)

Prerequisite: L107

**BIOL-L213 Molecular Biology Laboratory (1 cr)**

Accompanying laboratory for L211. Lab fee required. Offered Periodically. To be taken concurrently with L211 (lecture portion)

**BIOL-L303 Field Biology (3 cr)**

A course designed to acquaint you with the living organisms of an area and their interactions with the physical environment. The class will consist primarily of a period of intensive, extended field study in an area remote from the local campus. Orientation and evaluation sessions will be held prior to and following the field experience. Not distribution satisfying. May be repeated once for credit. Offered periodically in summer.

Prerequisite: L107 (L325 suggested)

**BIOL-L314 Genetics (4 cr)**

Basic principles of classical, population, and molecular genetics with emphasis on gene transmission and expression, linkage and crossing-over, the nature of the hereditary material, and gene action and regulation. Attention to human and applied genetics. Lab fee required. Credit not given for both L314 and L364. Offered fall semesters.

Prerequisite: L107, One year of college chemistry

**BIOL-L315 Cell Biology (4 cr)**

An introduction to the biology of the cell including the nature of the organization of the cell, enzyme function, cell...
BIOL-L318 Evolution (3 cr)
Provides a rigorous exploration of the theory of evolution – the conceptual core of biology. Topics include origins and history of life; the interplay of heredity and environment in shaping adaptation; molecular, behavioral, and social evolution; patterns of speciation, extinction, and their consequences; methods for inferring evolutionary relationships among organisms. Offered periodically. Prerequisite: L107

BIOL-L321 Principles of Immunology (3 cr)
An introductory survey of the basic principles of immunology and their practical applications. Offered periodically. Prerequisite: L107, One semester of college chemistry

BIOL-L325 Ecological Principles (4 cr)
A course in the basic principles of ecology and their application. Students will study techniques used to evaluate habitat. Lab fee required. Offered spring semesters. Prerequisite: L107

BIOL-L333 Intro. to Environmental Science (3 cr)
Study of the basic biological, chemical and geological principles that relate to current environmental issues with emphasis on mankind’s impact. Topics include ecological principles, population, resources, pollution and regulation. Required for a minor in Environmental Studies. Offered fall 2005 and periodically thereafter. Prerequisite: Junior standing; introductory biology and an introductory course in either chemistry or geology.

BIOL-L340 Biological Sex Roles (3 cr)
Biological mechanisms underlying sex differences in physiology, behavior, and evolution of sex roles. Emphasis is on the origin, implications, or general patterns of sex-related function across a variety of types of organisms, with special attention to the higher vertebrates. Offered periodically.

BIOL-L376 Biology of Birds (3 cr)
Avian systematics, distribution, evolution, ecology, and behavior. Emphasis on identification, communication, and reproductive behavior. Field trips will concentrate on interpretation of behavior and research methods. Lab fee required. Offered every third summer.

BIOL-L391 Special Topics in Biology (1-3 cr)
Study and analysis of selected biological issues and problems. Topics vary from semester to semester. May be repeated with change in topics. Offered periodically.

BIOL-L403 Biology Seminar (1-3 cr)
Individual presentations of topics of current importance. May be repeated with change in topics for a maximum of four semesters. Not distribution satisfying. Offered periodically.

BIOL-L452 Capstone in Biology (0-1 cr)
An integrative experience for biology majors. Most students will complete a department administered comprehensive exam, although other options are possible with permission of the department capstone committee. Offered every semester. Prerequisite: Junior or Senior standing with a minimum of 20 credit hours in science and math.

BIOL-L490 Individual Study (cr. arr.—12 cr. max)
Not distribution satisfying. Must have written permission of faculty member supervising research.

BIOL-L498 Internship in Prof. Practice (1 to 6 cr)
Designed to provide an opportunity for students to receive credit for selected career-related work. Evaluation by employer and faculty sponsor on a Satisfactory/Non-Satisfactory basis. Not distribution satisfying. Offered periodically. Prerequisite: Sophomore standing and L107 or equivalent; consent of instructor.

BIOL-M310 Microbiology (3 cr)
Application of fundamental biological principles to the study of microorganisms. Significance of microorganisms to humans and their environment. Offered in Fall semesters of even-numbered years (2010, 2012). Prerequisite: L107, One year of college chemistry. Corequisite: M315 (lab portion)

BIOL-M315 Microbiology Laboratory (2 cr)
Exercises and demonstrations to yield proficiency in principles and techniques of cultivation and utilization of microorganisms under aseptic conditions. Offered in Fall semesters with BIOL-M310. Corequisite: M310 (lecture portion)

BIOL-N212 Human Biology (3 cr)
Not open to Biology majors. Study of structure and function of the human body providing a solid foundation in anatomy and physiology. Offered periodically. Corequisite: N213 (lab portion)

BIOL-N213 Human Biology Laboratory (1 cr)
Accompanying laboratory for N212. Lab fee required. Offered periodically. Corequisite: N212 (lecture portion)

BIOL-Q201 Biological Science for Elem. Teachers (3 cr)
An introduction to the principles of biology designed especially for prospective elementary education teachers. All major areas of biology will be considered, with emphasis on relationship of organisms to their environment. Includes topics commonly taught in elementary schools. Lab fee required. Not distribution satisfying. Offered spring semesters. Prerequisite: Q200
BIOL-T101 Introduction to Biotechnology (2 cr)
This introductory course is designed specifically for the IU East B.S. degree in Biotechnology. Come explore your questions about biotechnology, including: what biotechnology is, how it relates to agriculture, industry health and the environment, and what impact it will have on the economic development of our region. Suggested prerequisites: 1 year of high-school biology, and 1 year of high school chemistry. Offered fall semesters.
Prerequisite: ENG-W 131 (may be taken concurrently)
Recommended Corequisite: T105

BIOL-T105 Basic Laboratory Techniques (2 cr)
This course introduces students to the fundamental knowledge and techniques associated with laboratories utilizing biotechnology. The course focuses on good laboratory practice, laboratory mathematics, laboratory safety, use of quantitative skills, and record keeping. Lab fee required. Offered fall semesters.
Prerequisites: Intermediate Algebra. One yr. of HS biology and chemistry.

BIOL-T201 Bioinformatics (3 cr)
Bioinformatics is the study of the use of computer systems to locate, analyze, manipulate, synthesize and present biological information. This course will consider the theoretical aspects of bioinformatics and use computers to provide first hand experience with various biological information systems. While focusing primarily on genomics and proteomics, the course considers as many of the diverse aspects of bioinformatics as possible. Offered spring semesters of even numbered years.
Prerequisites: T101

BIOL-T305 Advanced Biotechnology Lab (2 cr)
Introduction to the use of varied techniques and instrumentation in the biotechnology laboratory. Students will conduct laboratory experiments utilizing high performance liquid chromatography, gas chromatography-mass spectrometry, centrifugation, spectrophotometry, electrophoresis of proteins and nucleic acids, Western blotting, Southern blotting, and immunological techniques. Protein bioinformatics tools will also be introduced. Lab fee required. Offered spring semesters of odd numbered years.
Prerequisites: L107, T101, T105
Pre- or Co-requisite: C106

BIOL-Z301 Introduction to the Animal Kingdom (4 cr)
Emphasis on structure, physiology, classification, and evolutionary relationships of animals including the major phyla of the animal kingdom. Lab fee required. Offered fall semesters, in the evening.
Prerequisite: L107

BIOL-Z468 Limnology (4 cr)
A study of freshwater environments: their physical and chemical processes and the forms of life that inhabit them. Offered every third summer.
Suggested requisite: An introductory biology course and general chemistry.

Chemistry

CHEM-C100 The World of Chemistry (3 cr)
For non-science majors, the chemistry of everyday life—fuels, plastics, drugs, water, air, and living systems. Lectures illustrated by demonstrations, films, and molecular models. Readings including articles from current newspapers and magazines. Credit given for only one of the following: C100, C101, C105, or S105. Offered spring semesters.

CHEM-C101 Elementary Chemistry I (3 cr)
Introduction to chemistry, includes chemical and gas laws, atomic and molecular structure, energy, equilibrium, kinetics, states of matter, and applications in chemical processes. Usually taken concurrently with CHEM C121. Lectures and discussion.
Prerequisites: HS algebra
Suggested corequisite: C121 (lab portion)

CHEM-C102 Elementary Chemistry II (3 cr)
Continuation of CHEM C101. Usually taken concurrently with CHEM C122. The chemistry of organic compounds and their reactions, followed by an extensive introduction to biochemistry. Lectures and discussion.
Prerequisites: C101
Suggested corequisite: C122

CHEM-C105 Principles of Chemistry I (3 cr)
Basic principles including stoichiometry, thermochemistry, atomic and molecular structure, gases, solutions, and selected topics in descriptive chemistry. Credit given for only one of the following: C100, C101, C105, or S105. Offered every fall.
Prerequisites: Two years of high school algebra or M014, one year of high school chemistry
Corequisites: C125 (lab portion)

CHEM-C106 Principles of Chemistry II (3 cr)
Chemical equilibria, with emphasis on acids, bases, solubility, and electrochemistry, elementary thermodynamics, chemical kinetics, and selected topics in descriptive chemistry. Credit given for only one of the following: C106 or C102 or S106. Offered every spring.
Prerequisites: C105, C125
Corequisite: C126 (lab portion)

CHEM-C108 General Organic Biochemistry (5 cr)
Basic atomic and molecular structure, gases, liquids, solutions, reactions, stoichiometry, equilibria, acids-bases, nuclear chemistry, chemistry of major functional groups of organic compounds, carbohydrates, lipids, proteins and enzymes, hormones and neurotransmitters, replication, and expression of genes. Lab fee required. Offered periodically.
Prerequisites: High School algebra

CHEM-C121 Elementary Chemistry Laboratory I (2 cr)
An introduction to the techniques and reasoning of experimental chemistry.
Prerequisite: C100 or C101 (may be taken concurrently).
CHEM-C122 Elementary Chemistry Lab. II (2 cr)
Continuation of CHEM C121. Emphasis on organic and biochemical experimental techniques.
Prerequisite: C101, C121
Corequisite: C102 (may be taken concurrently)

CHEM-C125 Experimental Chemistry I (2 cr)
Introduction to laboratory experimentation with emphasis on the collection and use of experimental data, some properties of solutions, stoichiometry, thermochemistry, and synthesis. Lab fee required. Credit given for only one of the following: C121, C125, or S125. Offered fall semesters.
Corequisite: C105 (lecture portion)

CHEM-C126 Experimental Chemistry II (2 cr)
A continuation of C125 with emphasis on equilibria, qualitative analysis, acids and bases, oxidation-reduction including electrochemistry, chemical kinetics, and synthesis. Lab fee required. Credit given for only one of the following: C126, C122, or S126. Offered spring semesters.
Prerequisite: C125
Corequisite: C106 (lecture portion)

CHEM-C303 Environmental Chemistry (3 cr)
Investigation of the chemistry of water and air pollution, and analytical procedures and techniques as applied to pollution problems, effects, and controls. Offered periodically.
Prerequisites: C106, C126 or C108, (C341 suggested)

CHEM-C333 Experimental Environmental Chemistry (2 cr)
A laboratory course that will use techniques in analytical chemistry to isolate, detect, and estimate (qualitatively and quantitatively) a few priority environmental pollutants. Laboratory experience will include scientific observations, collection of samples, data analysis, and proposing scientific explanation of the results. Offered periodically.
Prerequisites: L107 or C108 or equivalent general / organic chemistry, or permission.

CHEM-C341 Organic Chemistry I Lecture (3 cr)
Chemistry of carbon compounds. Nomenclature, qualitative theory of valence; structure and reactions. Syntheses and reactions of major classes of monofunctional compounds. Offered fall semester, alternate years. (To be offered fall semester 2009.)
Prerequisite: C106
Corequisite: C343 (lab portion)

CHEM-C342 Organic Chemistry II Lecture (3 cr)
Syntheses and reactions of polyfunctional compounds, natural and industrial products; physical and chemical methods of identification. Offered spring semester, alternate years.
Prerequisite: C341
Corequisite: C344 (lab portion)

CHEM-C343 Organic Chemistry I Laboratory (2 cr)
Laboratory instruction in the fundamental techniques of organic chemistry and the use of general synthetic methods. Lab fee required. Offered fall semester, alternate years.
Corequisite: C341 (lecture portion)

CHEM-C344 Organic Chemistry II Laboratory (2 cr)
Preparation, isolation, and identification of organic compounds; emphasis on modern research methods. Lab fee required. Offered spring semester, alternate years.
Prerequisite: 341
Corequisite: 342 (lecture portion)

CHEM-C390 Topics in Chemistry (1-5 cr)
Course content varies. Offered periodically.

CHEM-C483 Biological Chemistry (3 cr)
Introduction to structure, chemical properties, and interrelationships of biological substances, including major metabolic pathways. Credit not given for both C483 and BIOL S305. Offered periodically.
Prerequisite: 18 credit hours of chemistry, including C341

CHEM-C490 Individual Study (1-3 cr.; 10 cr. max.)
Enrollment only after consultation with the course director and the undergraduate advisor. Cannot be substituted for any course required in a chemistry major. Not distribution satisfying. Offered periodically.
Prerequisite: Permission of instructor

CHEM-N100 Nutrition. (4 cr)
Basic principles of general and organic chemistry, digestion, absorption and storage of various nutrients, food facts, and fallacies. Food habits, heart disease, obesity, cancer, and other consumer-oriented information. Food addiction, sociocultural and economic factors. Lab fee required. Offered every fall semester.

Earth Sciences

GEOL-G109 Weather and Climate (3 cr)
Introduction to atmospheric processes responsible for weather. Elements of climatology and their variation in time and space. Weather forecasting, weather modification, and severe weather.

GEOL-G111 Physical Geology (3 cr)
Basic concepts of geology. Formation of rocks, erosion and landscape evolution, plate tectonics, and interpretation of earth processes from geological data. Lab fee required. Offered yearly.

GEOL-G112 Historical Geology (3 cr)
Continuation of G111. Principles of interpreting earth history from geological data. Geologic time, biological evolution, plate tectonics, and ancient environments. Lab fee required. Offered periodically.
Prerequisite: G111

GEOL-G113 Directed Study in Earth Science (1-3 cr)
Credit not given toward NSM distribution requirements. Intended primarily for elementary education students who have had some of the topics covered in Q203 Earth Science for
MATH-M110 Excursions into Mathematics (3 cr)
A course designed to convey the flavor and spirit of mathematics, stressing reasoning and comprehension rather than technique. Not preparatory to other courses; explores topics in the theory of games, probability, and statistics. This course does not count toward a major in mathematics. Offered every fall and spring semesters.
Prerequisite: Appropriate placement on skills review.

MATH-M118 Finite Mathematics (3 cr)
Set theory, linear systems, matrices and determinants, probability, and linear programming. Applications to problems from business and the social sciences. Offered every semester.
Prerequisite: Appropriate placement on skills review, MATH-M123.

MATH-M119 Brief Survey of Calculus I (3 cr)
An introduction to calculus primarily for students in business and the social sciences. Credit not given for both M119 and M215. Offered every semester.
Prerequisite: Appropriate placement on skills review or M125, Pre-calculus Mathematics.

MATH-M120 Brief Survey of Calculus II (3 cr)
A continuation of M119 covering topics in elementary differential equations, calculus of functions of several variables, and infinite series. Intended for non-physical science students. Credit not given for both M216 and M120. Offered periodically.
Prerequisite: M119.

MATH-M123 College Algebra (4 cr)
Designed to prepare you for M125. Algebraic operations; polynomial, exponential, and logarithmic functions and their graphs; conic sections; systems of equations; and inequalities. Not distribution satisfying. Offered every semester.
Prerequisite: Appropriate placement on skills exam.

MATH-L123 College Algebra Laboratory (2 cr.)
Designed to prepare you for M125. Laboratory component to be taken concurrently with M123. (See course description above.) Not distribution satisfying. Offered every semester.
Co-requisite: M123.

MATH-M125 Pre-Calculus Mathematics (3 cr)
Designed to prepare you for M215. Algebraic operations; polynomial, exponential, and logarithmic functions and their graphs; conic sections; systems of equations; and inequalities. Not distribution satisfying. Offered every semester.
Prerequisite: Appropriate placement on skills exam, or MATH-M123.

MATH-M126 Trigonometric Functions (2 cr)
Prerequisite: M125 or equivalent (may be taken concurrently).

MATH-M215 Analytic Geometry and Calculus I (5 cr)
Coordinates, functions, straight lines, limits, continuity, derivatives, definite integral, applications, circles, conics, techniques of integration, and infinite series. Credit not given for both M119 and M215, or M120 and M216. Offered yearly.
Prerequisite: Appropriate placement on skills review or both M125 and M216.

MATH-M216 Analytic Geometry & Calculus II (5 cr)
Coordinates, functions, straight lines, limits, continuity, derivatives, definite integral, applications, circles, conics, techniques of integration, and infinite series. Credit not given for both M119 and M215, or M120 and M216. Offered yearly.

MATH-M295 Readings and Research (1-3 cr)
Supervised problem solving. Offered periodically.
Prerequisite: Permission of a member of the mathematics faculty, who will act as supervisor.

MATH-M301 Applied Linear Algebra (3 cr)
Emphasis on applications: systems of linear equations, vector spaces, linear transformations, matrices, simplex method in linear
programming. Computer used for applications. Credit not given for both M301 and M303. Offered periodically.
Prerequisite: M216 or consent of instructor.

MATH-M303 Linear Algebra for Undergrads. (3 cr)
Introduction to theory of real and complex vector spaces. Coordinate systems, linear dependence, and bases. Linear transformations and matrix calculus. Determinants and rank. Credit not given for both M301 and M303. Offered periodically.
Prerequisite: M216 or consent of instructor.

MATH-M311 Calculus III (3 cr)
Elementary geometry of 2, 3, and n-space, functions of several variables, partial differentiation, minimum and maximum problems, and multiple integration. Offered periodically.
Prerequisite: M216 or consent of instructor.

MATH-M312 Calculus IV (3 cr.)
Prerequisite: M311

MATH-M313 Elementary Differential Equations with Applications (3 cr)
Ordinary differential equations of first order and linear equations of higher order with applications, series solutions, operational methods, Laplace transforms, and numerical techniques. Offered spring of odd years.
Prerequisite: M216 or consent of instructor.

MATH-M366 Elements of Statistical Inference (3 cr)
Prerequisite: M360 or consent of instructor.

MATH-M371 Elem. Computational Methods (3 cr.)
Interpolation and approximation of functions, solution of equations, numerical integration, and differentiation. Errors, convergence, and stability of the procedures. You will write and use programs applying numerical methods. Offered periodically.
Prerequisite: M216 and CSCI C301 or equivalent, or consent of instructor.

MATH-M380 History of Mathematics (3 cr)
Brief study of the development of algebra and trigonometry; practical, demonstrative, and analytic geometry; calculus, famous problems, calculating devices; famous mathematicians in these fields and chronological outlines in comparison with outlines in the sciences, history, philosophy, and astronomy. Not distribution satisfying. Offered periodically.
Prerequisite: M215 or consent of instructor.

MATH-M393 Bridge to Abstract Mathematics (3 cr)
Preparation for 400 level math courses. Teaches structures and strategies of proofs in a variety of mathematical settings: logic, sets, combinatorics, relations and functions and abstract algebra.
Prerequisite: Math M216 or consent of instructor.

MATH-M403 Introduction to Modern Algebra I (3 cr.)
Study of groups, rings, fields (usually including Galois theory), with applications to linear transformations. Offered periodically.
Prerequisite: M301 or M303, M391 or consent of instructor.

MATH-M404 Introduction to Modern Algebra II (3 cr.)
Study of groups, rings, fields (usually including Galois theory), with applications to linear transformations. Offered periodically.
Prerequisite: M301 or M303, M391 or consent of instructor.

MATH-M405 Number Theory (3 cr)
Numbers and their representation, divisibility and factorization, primes and their distribution, number theoretic functions, congruencies, primitive roots, diophantine equations, quadratic residues, and sums of squares.
Prerequisite: M216 or consent of instructor.

MATH-M406 Topics in Mathematics (3 cr)
Selected topics in various areas of mathematics which are not covered by the standard courses. May be repeated for credit. Offered periodically.

MATH-M413 Introduction to Analysis I (3 cr)
Modern theory of real number system, limits, functions, sequences and series, Riemann-Stieltjes integral, and special topics. Offered periodically.
Prerequisite: M301/M303, and M311, or consent of instructor.

MATH-M414 Introduction to Analysis II (3 cr)
Modern theory of real number system, limits, functions, sequences and series, Riemann-Stieltjes integral, and special topics. Offered periodically.
Prerequisite: M301/M303, and M311, or consent of instructor.

MATH-M421 Introduction to Topology I (3 cr)
Introduction to point set topology with emphasis on metric spaces. Continuity, Cartesian products, connectedness, compactness, completeness. Elements of homotopy theory, fundamental group and covering spaces, elementary homology theory, applications to simplicial complexes and manifolds. M421 offered spring 2006 and every forth spring thereafter.
Prerequisite: M303 and M311

MATH-M422 Introduction to Topology II (3 cr)
Introduction to point set topology with emphasis on metric spaces. Continuity, Cartesian products, connectedness, compactness, completeness. Elements of homotopy theory, fundamental group and covering spaces, elementary homology theory, applications to simplicial complexes and manifolds. M421 offered spring 2006 and every forth spring thereafter.
Prerequisite: M303 and M311
MATH-M447 Math Models & Applications I (3 cr)
Formation and study of mathematical models used in the biological, social, and management sciences. Mathematical topics include games, graphs, Markov and Poisson processes, mathematical programming, queues, and equations of growth. Offered periodically.
Prerequisites: M301 or M303, M311, M360 or M365, which may be taken concurrently or consent of instructor.

MATH-M448 Math Models & Applications II (3 cr)
Formation and study of mathematical models used in the biological, social, and management sciences. Mathematical topics include games, graphs, Markov and Poisson processes, mathematical programming, queues, and equations of growth. Offered periodically.
Prerequisites: M301 or M303, M311, M360 or M365, which may be taken concurrently or consent of instructor.

MATH-T101 Math for Elementary Teachers I (3 cr)
Elements of set theory. Operations on counting numbers, integers, rational numbers, and real numbers. Open only to elementary education majors. Not distribution satisfying. Offered fall and spring semesters.
Prerequisite: M123

MATH-T102 Math for Elementary Teachers II (3 cr)
Sets, operations, and functions. Prime numbers and elementary number theory. Elementary combinatorics, probability, and statistics. Only open to elementary education majors. Not distribution satisfying. Offered spring and summer semesters.
Prerequisite: T101

MATH-T103 Math for Elementary Teachers III (3 cr)
Prerequisite: T102

MATH-T321 Intuitive Topology (3 cr)
Intuitive description of topology, including networks and maps, topological equivalence, classification of surfaces, spheres with handles, Jordan curve theorem, transformations, and fixed-point theorems. Offered periodically.
Prerequisite: M216 or consent of instructor.

MATH-T336 Topics in Euclidean Geometry (3 cr)
Axiom systems for the plane; the parallel postulate and non-Euclidean geometry; classical theorem. Geometric transformation theory; vectors and analytic geometry; convexity; theory of area and volume. Offered periodically.
Prerequisite: M216 or consent of instructor.

Microbiology
MICR-J200 Microbiology & Immunology (3 cr)
Consideration of pathogenic bacteria, viruses, fungi, and parasites in human disease; immunology and host-defense mechanisms. Offered every semester.
Prerequisite: L107

MICR-J201 Microbiology & Immunology Lab. (1 cr)
Pre- or Co-requisite: MICR J200

Anatomy & Physiology
PHSL-P215 Basic Human Physiology (5 cr)
Functional aspects of cells, tissues, organs, and systems in humans. Designed for pre-professional students in dental hygiene, radiography, and other allied health sciences. Meets requirement for completing required course work in anatomy and physiology for pre-nursing students who transfer to IU East with at least 5 credit hours of human anatomy and physiology from an approved school. Lab fee required. Cannot be used as electives for the biology major. Offered fall semesters.
Prerequisite: L107

PHSL-P261 Human Anatomy and Physiology I (5 cr)
Introduction to basic structure and function of the human body including laboratory studies in gross anatomy, histology, and physiology. Topics include: cellular anatomy and physiology, integumentary, skeletal, muscular, and nervous systems. Lab fee required. Offered fall and spring semesters.
Prerequisite: P261

PHSL-P262 Human Anatomy and Physiology II (5 cr)
Continuation of P261. Topics include: endocrine, circulatory, respiratory, urinary, digestive, and reproductive systems; fluid and electrolyte balance and acid-base balance. Lab fee required. Offered fall and spring semesters.
Prerequisite: P261

PHSL-P547 Topical Seminar in Physiology (cr varies)
Discussion and review of current research and literature in physiology. Topic and instructor will change from semester to semester.
Prerequisite: Graduate standing and consent of instructor.

Physics
PHYS-P100 Physics in the Modern World (4 cr)
Designed to introduce students who have not previously taken a physics or chemistry course to the methods, principles, and language of physics. Includes classical physics and modern applications. Cannot be substituted for physics course explicitly designed in specified curricula. It includes both lecture and laboratory components. No credit will be given to students who have passed P201-P202. Lab fee required. (Replaced by Physics P104 below.).
PHYS-P104 Conceptual Physical Science (3 cr)

Introduces the fundamental concepts and principles of physical science (physics and chemistry), with limited use of algebra. Topics include motion, light, electricity, magnetism, states of matter, energy and chemical reactions. Intended for non-science majors and elementary education majors. Lab fee required. (Cross-lists with Physics Q202.) Offered fall and spring semesters. (This course replaces P100 above.) This course is equivalent to Q 202 but open to all non-science majors, as well as elementary education majors.

Prerequisite: High school Algebra

PHYS-P202 General Physics II (5 cr)

Electricity and magnetism, geometrical and physical optics, introduction to concepts of relativity, quantum theory, and atomic and nuclear physics. Application of physical principles to related scientific disciplines including life sciences. Lab fee required. Offered fall and spring semesters. (Honors option available)

Prerequisite: M125, M126, or equivalent

PHYS-P201 General Physics I (5 cr)

Newtonian mechanics, wave motion, heat, and thermodynamics. Application of physical principles to related scientific disciplines including life sciences. Lab fee required. Offered fall and spring semesters. (Honors option available)

PHYS-P309 Modern Physics Laboratory (2 cr)

Intended as the laboratory portion of Physics P300. Covers laboratory exercises in modern physics, which may include: Special Relativity (STR), Michelson Interferometry, Photoelectric Effect (E=hf), Thomson Experiment (e/m), Millikan Oil Drop Experiment (e), Electron Diffraction, Frank-Hertz Experiment, Atomic Absorption Spectroscopy (AA), Electron Spin Resonance (ESR), Nuclear Magnetic Resonance (NMR), Quantum Dots, and applications in biology. Lab fee required. Offered fall semesters.

Pre- or co-requisite: P300 (lecture portion)

NURSING

Nursing

NURS-B232 Intro to the Discipline of Nursing: Theory, Practice, Research (3 cr)

This course focuses on core theoretical concepts of nursing practice: health, wellness, illness, wholism, caring, environment, self-care, uniqueness of persons, interpersonal relationships and decision-making. This course helps you understand nursing’s unique contributions to meeting societal needs through integrating theory, research, and practice. Offered fall semesters.

NURS-B233 Health & Wellness (4 cr)

This course focuses on the use of concepts from nursing, nutrition, pharmacology, and biopsychosocial sciences to critically examine the determinates of health, wellness, and illness across the lifespan. Environmental, sociocultural, and economic factors that influence health care practices are emphasized. Theories of health, wellness, and illness are related to health-promotion, disease-prevention, and illness-prevention nursing interventions. Offered fall semesters.

NURS-B244 Comprehensive Health Assessment (2 cr)

This course focuses on helping students acquire skills to conduct a comprehensive health assessment, including the physical, psychological, social, functional, and environmental aspects of health. The process of data collection, interpretation, documentation, and dissemination of assessment data will be addressed. Offered fall and spring semesters.

Corequisite: B245

NURS-B245 Comprehensive Health Assessment: Practicum (2 cr)
Students will have the opportunity to use interview, observation, percussion, palpation, inspection, and auscultation in assessing clients across the life span in simulated and actual environments. Offered during the spring and summer.

Corequisite: B244

**NURS-B248 Science & Technology of Nursing (2cr)**

This course focuses on the fundamentals of nursing from a theoretical research base. It provides an opportunity for basic care nursing skills development. Students will be challenged to use critical thinking and problem-solving in developing the ability to apply an integrated nursing therapeutics approach for clients experiencing health alterations across the lifespan. Offered during the spring and summer.

Corequisite: B249.

**NURS-B249 Science & Technology of Nursing: Practicum (2 cr)**

Students will have the opportunity to demonstrate fundamental nursing skills in the application of nursing care for clients across the lifespan. Offered during the spring and summer.

Corequisite: B248.

**NURS-B251 Lifespan Practicum (1 cr)**

This course deals with perspectives of growth and development across the lifespan, family theories and family adaptation to common health problems, promoting health across the lifespan and usual patterns of aging. Students will make assessments and observations of individuals and families in various stages of growth and development.

**NURS-B304 Professional Nursing Seminar I (3 cr)**

This course focuses on core theoretical concepts of professional nursing practice, including health, wellness, illness, self-care, and caring, disease prevention, and health promotion. Students will be expected to explore theoretical premises and research related to the unique wellness perspectives and health beliefs of people across the lifespan in developing care outcomes consistent with maximizing individual potentials for wellness. Offered fall semesters.

**NURS-B305 Professional Nursing Seminar II (3 cr)**

This course focuses on the application of nursing theory and research findings in restoring and maintaining individual and family functioning for those dealing with multi-system alterations. Students will explore the ethical, legal, and moral implications of treatment options and identify tactics to maximize nursing’s effectiveness in facilitating individuals and families through the health care system. Students will complete a scholarly analysis as part of their practicum experience. Offered spring semesters.

**NURS-H351 Alterations in Neuro-Psychological Health (3 cr)**

This course focuses on individuals and small groups experiencing acute and chronic neuropsychological disorders. Content includes the effect of the brain-body disturbances on health functioning. Other content areas are growth and development, stress, mental status, nurse-client relationships, psychopharmacology, and nursing approaches for clients experiencing DSM-IV neuropsychological disorders. Offered fall and spring semesters.

Prerequisite: All sophomore-level courses;
Corequisite: H352

**NURS-H352 Alterations in Neuro-Psychological Health: Practicum (2 cr)**

Students will provide nursing care to individuals and small groups who are experiencing acute and chronic neuropsychological disturbances related to psychiatric disorders. Student experiences will be with individuals and small groups in supervised settings, such as acute care, community-based, transitional, and/or the home. Offered fall and spring semesters.

Prerequisite: All sophomore-level courses;
Corequisite: H351

**NURS-H353 Alterations in Health I (3 cr)**

This course focuses on the pathophysiology and holistic nursing care management of clients experiencing acute and chronic problems. Students will use critical thinking and problem-solving skills to plan interventions appropriate to health care needs. Offered fall semesters.

Prerequisite: All sophomore-level courses;
Corequisite: H354.

**NURS-H354 Alterations in Health I: Practicum (2cr)**

Students will apply the science and technology of nursing to perform all independent, dependent, and interdependent care functions. Students will engage clients in a variety of settings to address alterations in health functioning, identify health care needs and determine the effectiveness of interventions given expected outcomes. Offered fall semesters.

Prerequisite: All sophomore-level courses;
Corequisite: H353.

**NURS-H 355 Data Analysis in Clinical Practice and Health Care Research (3 cr)**

This course introduces nursing and other health sciences students to the basic concepts and techniques of data analysis needed in professional health care practice. Principles of measurement, data summarization, and univariate and bivariate statistics are examined. Difference in types of qualitative data and methods by which these types of data can be interpreted are also explored. Emphasis is placed on the application of fundamental concepts to real world situations in client care. Offered in the summer.

Prerequisite: All 200-level courses or permission of instructor.

**NURS-H361 Alterations in Health II (3 cr)**

This course builds on Alterations in Health I and continues to focus on pathophysiology and holistic nursing care management of clients experiencing acute and chronic health problems, and their associated needs. Offered spring semesters.

Prerequisite: All sophomore-level courses, H353, H354;
Corequisite: H362
NURS-H362 Alterations in Health II: The Practicum (2 cr)

Students will continue to apply the science and technology of nursing to perform all independent, dependent, and interdependent care functions. Students will engage clients in a variety of settings to address alterations in health functioning. Offered spring semesters.

Prerequisite: All sophomore-level courses, H353, H354; Corequisite: H361.

NURS-H363 The Developing Family & Child (4 cr)

This course focuses on the needs of individuals and their families who are facing the phenomena of growth and development during the childbearing and child-rearing phases of family development. Factors dealing with preserving, promoting, and restoring healthy status of family members will be emphasized. Offered fall and spring semesters.

Prerequisite: All sophomore-level courses
Corequisite: H364.

NURS-H364 The Developing Family & Child: The Practicum (3 cr)

Students will have the opportunity to work with childbearing and child-rearing families, including those experiencing alterations in health. Offered fall and spring semesters.

Prerequisite: All sophomore-level courses
Corequisite: H363.

NURS-H365 Nursing Research (3 cr)

This course focuses on development of students’ skills in using the research process to define clinical research problems and to determine the usefulness of research in clinical decisions related to practice. The critique of nursing and nursing-related research studies will be emphasized in identifying applicability to nursing practice. Offered spring semesters.

Prerequisite: All sophomore-level courses.

NURS-S470 Restorative Health Related to Multi-System Failures (3 cr)

This course focuses on the pathophysiology and nursing care management of clients experiencing multi-system alterations in health status. Correlations among complex system alterations and nursing interventions to maximize health potential are emphasized. Offered fall semesters.

Prerequisite: All junior-level courses;
Corequisite: S471.

NURS-S471 Restorative Health Related to Multi-System Failures: The Practicum (2 cr)

Students will apply the nursing process to the care of clients experiencing acute multi-system alterations in health. Offered fall semesters.

Prerequisite: All junior-level courses;
Corequisite: S470.

NURS-S473 A Multi-System Approach to the Health of the Community (3 cr)

This course focuses on the complexity and diversity of groups or aggregates within communities and their corresponding health care needs. Through a community assessment of health trends, demographics, epidemiological data, and social/political-economic issues in local and global communities, students will be able to determine effective interventions for community-centered care. Offered fall and summer semesters.

Prerequisite: All junior-level courses;
Corequisite: S473.

NURS-S472 A Multi-System Approach to the Health of the Community: The Practicum (2 cr)

Students will have the opportunity to apply the concepts of community assessment, program planning, prevention and epidemiology to implement and evaluate interventions for community-centered care to groups or aggregates. Professional nursing will be practiced in collaboration with diverse groups within a community. Offered fall and summer semesters.

Prerequisite: All junior-level courses;
**NURS-S481 Nursing Management (2 cr)**

This course focuses on the development management skills assumed by professional nurses, including delegation of responsibilities, networking, facilitation of groups, conflict resolution, leadership, case management, and collaboration. Concepts addressed include organizational structure, change, managing quality and performance, workplace diversity, budgeting and resource allocation, and delivery systems. Offered fall and spring semesters.

Prerequisite: All junior-level courses;
Corequisite: S472.

**NURS-S482 Nursing Mgmt.: The Practicum (3 cr)**

Students will have the opportunity to apply professional management skills in a variety of nursing leadership roles. Offered fall and spring semesters.

Prerequisite: All junior-level courses;
Corequisite: S481.

**NURS-S483 Clinical Nursing Practice Capstone (3 cr)**

Students will have the opportunity to demonstrate competencies consistent with program outcomes and to refine your nursing care practice skills. Students will collaborate with faculty and a preceptor in choosing a care setting, planning and organizing a learning experience, and practicing professional nursing in a safe and effective manner. Offered spring semesters.

Prerequisite: All junior-level courses;
Corequisite: S481.

**NURS-S484 Research Utilization Seminar (1 cr)**

This course focuses on students’ abilities to refine their critical/analytical skills in evaluating clinical research for applicability to nursing practice. Students will examine the role of evaluation, action research, and research findings in assuring quality of nursing care and in solving relevant problems arising from clinical practices. Offered spring semesters.

Prerequisite: All junior-level courses;
Corequisite: S483.

**NURS-S485 Professional Growth and Empowerment (3 cr)**

This course focuses on issues related to professional practice, career planning, personal goal setting, and empowerment of self and others. Students will discuss factors related to job performance, performance expectations and evaluation, reality orientation, and commitment to life-long learning. Offered fall and spring semesters.

Prerequisite: All junior-level courses;
Corequisite: S470, S471, S472, S473, S481, S482, S483, S484.

**NURS-Z480 BSN Portfolio Review for Course Substitution (0-6 cr)**

Non-credit course. The portfolio review process is available to all undergraduate students who believe that they can meet the learning objectives/competencies required of a specific nursing course within their program of study. The portfolio is a mechanism used to validate the acquisition of knowledge and skills congruent with course expectations and students learning outcomes. The portfolio provides objective evidence that students have acquired the content and skills through prior learning and/or practice experiences.

**NURS-Z490 Clinical Experience in Nursing (1-6 cr)**

Planned and supervised clinical experiences in the area of the student’s major interest. Offered fall, spring and summer semesters.

Prerequisite: Successful completion of junior level courses or permission of instructor.

**NURS-Z492 Individual Study in Nursing (1-6 cr)**

Opportunity for the nurse to pursue independent study of topics in nursing under the guidance of a selected faculty member. Offered fall, spring and summer semesters.

Prerequisite: Successful completion of junior level courses or permission of instructor.

---

**SOCIAL WORK**

**Human Services**

**HSRV-H202 Introduction to Alcohol & Drug Abuse (3 cr)**

Basic overview of the physiological, psychological, and sociological aspects of alcohol and drug abuse.

**HSRV-H203 Intro. to Alcohol & Drug Abuse II (3 cr)**

Examination of the effects of alcohol and drug abuse on the body. Will include acute and chronic effects of use and implications for treatment.

Prerequisite: H202.

**HSRV-H204 Introduction to Gerontology (3 cr)**

Basic introduction to the field of gerontology and the role of the human services professional.

**HSRV-H205 Treatment Issues in Alcohol and Drug Abuse (3 cr)**

Discussion of methods of treatment, continuum of care, selected approaches to counseling, and the treatment functions of screening, intake, orientation, and referral.

Prerequisite: H202.

**HSRV-H211 Dynamics of Group Behavior (3 cr)**

Focus on properties of groups, awareness of personal factors in group interaction, dimensions of leadership in achieving effectiveness, characteristics of larger social systems, and the dynamics of change. Lectures and experiential exercises.

Prerequisite: H202 or H204.

**HSRV-H301 Service Needs of Older Adults (3 cr)**

This course addresses the basic service needs of the older adult.
The topics to be addressed will include nutrition, health, and housing. A case management approach will be used.

**HSRV-H302 Psychological Aspects of Alcohol and Drug Abuse (3 cr)**

Discussion of psychological aspects of alcohol and other drug use, abuse, and addiction. Will include assessment, motivation, emotional aspects, personality characteristics, and individual treatment approaches.

Prerequisite: H202, P103.

**HSRV-H303 Counseling Needs of Older Adults (3 cr)**

This course addresses the emotional and psychological needs of the older adult. Topics to be covered will include retirement, loss, companionship, isolation, sexuality, autonomy and others. Focus will be on assessment, delivery of services, and referral.

**HSRV-H304 Basic Counseling Skills (3 cr.)**

Development of basic counseling skills including listening, focusing, reflecting, interpretation, confrontation and self-disclosure, and establishing effective counseling relationships.

Prerequisite: Six credits of alcohol/drug, gerontology, or psychology.

**HSRV-H323 Social Systems Aspects of Alcohol and Drug Abuse (3 cr)**

Discussion of social systems such as family, peer groups, and cultural systems as they interrelate with persons abusing alcohol and other drugs. Will include substance abuse in the workplace and in organizations.

Prerequisite: H202 and S100.

**HSRV-H360 Counseling Substance Abusers and Their Families (3 cr)**

Recognizing symptoms of dependency, the role of the family, emotional enmeshment, family patterns, and treatment approaches. The course includes lectures, role plays, discussion, and films.

Prerequisite: H304 or S231.

**HSRV-H401 Alcohol and Drug Abuse Treatment Seminar (3 cr)**

Study and analysis of diagnosis and treatment, including counseling styles and methods of facilitating change, self-help programs, treatment facilities models, and outcomes of effective treatment. Special attention will be given to poly-addicted clients, women, adolescents, and the family.

Prerequisite: Six credits of alcohol and drug abuse courses.

**HSRV-H402 Integrative Seminar in Gerontology (3 cr)**

Integration of gerontology knowledge and skills through completion of a special project in gerontology and participation in a seminar focused on the community and institutional care needs of older adults, along with the role of human services gerontology professionals.

Prerequisite: Fifteen hours in Gerontology.

**Social Work**

**SWK-S100 Understanding Diversity in a Pluralistic Society (3 cr)**

Theories and models to enhance understanding of our diverse society. Provides content about differences and similarities in experiences, needs, and beliefs of selected minority groups and their relation to majority groups.

Pre- or Co-requisite: ENG- W131

**SWK-S141 Introduction to Social Work (3 cr)**

Examination of characteristics, functions, and requirements of social work as a profession. Emphasis upon ideological perspectives of the profession and the nature of professional
function and interaction.

Pre- or Corequisite: ENG-W131

**SWK-S200 Special Topics in Human Services (3 cr)**

Study of selected topics in human services such as chronic mental illness, drug and alcohol abuse, gerontology, child welfare, case management.

**SWK-S221 Human Behavior & Social Environment I: Individual Development and Functioning (3 cr)**

Understanding of human behavior with the environment as a basis for social work practice. Focuses on understanding the interaction between person and environment. Coverage of major theories of individual functioning, life cycle development, and family context. Exploration of inequality, discrimination, and differential access to opportunities.

Prerequisite: P103, S141 or permission of instructor.

Pre- or Corequisite: SOC-S100

**SWK-S231 General Social Work Practice I: Theory / Skill (3 cr)**

Development of beginning understanding of generalist social work practice. Uses a range of perspectives including strengths, perspective, empowerment, and person-in-environment. Focuses on beginning phase of problem-solving process and related skills.

Prerequisite: Admission to B.S.W. program.

Pre- or Co-require: S221.

**SWK-S251 Emergence of Social Services (3 cr)**

Examination of the evolution of social services in response to human needs and social problems, as related to economic, political, and social conditions.

Prerequisite: S141 or permission of instructor.

Pre- or Co-require: HIST-H106.

**SWK-S280 Introduction to Field Experience (3 cr)**

Introductory field experience for testing interest in Social Work.

**SWK-S300 Selected Topics in Social Work (3 cr)**

Study of selected topics in Social Work.

Prerequisite: Junior standing.

**SWK-S322 Human Behavior & Social Environment II: Small Group Functioning (3 cr)**

Examination of the significance of small group as context and means for social development of individuals and as agent of change in the social environment. Discussion of individuals as members of group, including family and organizations.

Prerequisite: S221

**SWK-S323 Human Behavior & Social Environment III: Community and Organizational Functioning (3 cr)**

Theoretical and conceptual foundation of community and formal organizations, community research, institutional discrimination, distribution of community resources, and power and control as it relates to oppressed groups.

Pre- or Co-require: S322 and ANTH-A104

**SWK-S332 General Social Work Practice II: Theory / Skill (3 cr)**

Examination of middle and ending phases of the problem-solving process and related skills. Helping relationships with various client system sizes, impact of agency policies and procedures vis a vis clients’ problems, relationship between practice and research.

Prerequisite: S231, and admission to the B.S.W. program.

Corequisite: S381

**SWK-S352 Social Service Delivery Systems (3 cr)**

Policies, structures, and programs of service delivery systems at local, regional, and national levels. Emphasis on systems relationships and policy development process for beginning capacity in policy analysis and policy practice.

Prerequisite: S251, Y103.

**SWK-S371 Social Work Research (3 cr)**

Examination of basic research methods in social work, the relevance of research for social work practice, and selection of knowledge for use in social work.

**SWK-S381 Social Work Practicum I (3 cr)**

Guided field experience for application of generic practice concepts, principles, and development of basic practice skills.

Prerequisite: S231.

Corequisite: S332.

**SWK-S400 Practicum Seminar (1 cr)**

Discussion of practice issues as experienced in S482.

Prerequisite: All junior-level social work courses.

Corequisite: S433, S472, S482.

**SWK-S433 Generalist Social Work Practice III: Theory and Skills (3 cr)**

Development of the ability to work differentially with selected situations and varied system sizes. It identifies clients’ needs as the primary factor influencing the choice of intervention.

Prerequisite: All junior-level social work courses.

Corequisite: S472, S482.

**SWK-S442 Practice-Policy Seminar in Fields of Practice (3 cr)**

(2 courses required)

Addresses practice and policy issues in specific fields of practice, such as child and family, aging, addictions, and developmental disabilities.

Prerequisite: All junior year courses, S472, S482, S433.

**SWK-S472 Practice Evaluation (3 cr)**

Develop the knowledge and skills necessary to evaluate own practice with individuals, groups, communities, and organizations.

Prerequisite: S371 and all other junior-level social work courses.

Corequisite: S433, S482.
SWK-S482 Social Work Practicum II (5 cr)
Guided field experience for application of concepts and principles and development of skills for generalists practice with selected social systems.
Prerequisite All junior-level social work courses.
Corequisite: S433, S472.

SWK-S490 Independent Study (1-6 cr)
Prerequisite special permission. Individual study of an area of special interest. Course Index
